REVOLUTION PLOT LAID

Spanish Rebels Await Cue

Conspirators Flocking Into French Border Town to Confer

Financial Crisis Awaited as Spark to Touch Off Insurrection

PERPIGNAN (France) Oct. 16. (Exclusive)—As far as Catalonia is concerned the Spanish revolution is already on, but the rebels are saving their ammunition for the proper moment.

This information comes through underground channels from Barcelona, the traditional stronghold of the Catalan separatists and the chief center of the waves of unrest which are sweeping Spain today.

Perpignan itself is stirring nervously as sinister rumbles come from over the border. The town is full of Catalan sympathizers, Spanish antimonarchists and other revolutionaries who are awaiting impatiently for "the day."

PLOTTER TALKS

The Mayor of a certain large [illegible] town and a leading conspirator has arrived at Perpignan secretly to consult with allies here. The plotter, whose name cannot be revealed, gave the following statement tonight:

"An insurrectional thrust is being prepared under apparent calm and the revolt, which is scheduled to start in Barcelona, is really serious this time. We have realized something we were never able to before. The three main groups of agitators—the military, republican [illegible] and Catalan separatists—have reached an agreement to work together to overthrow the government although the ultimate objectives of these three groups are widely different.

READY TO JOIN

"The Socialists and Syndicalists are ready to join the movement, and we will be able to achieve the first concerted action since Primo De Rivera's coup d'etat. After a policy of conciliation which has only [illegible] discontented groups to perfect their organizations the government has reverted to Primo's [illegible] policies. This helps to bring the day near for which we are waiting, and which is not far off when we will resort to direct action."

All sorts of wild rumors are heard here. One report has it that Col. [illegible] Macia, one of King Alfonso's most stubborn foes, is rushing back to Spain to take an active part in the revolution. Others tell of large shipments of arms which have been smuggled across the border to the rebels.

Under the present state of excitement it is impossible to sift these rumors but inquiry among [illegible] antimonarchist circles here

Will Rogers Remarks:

BEVERLY HILLS, Oct. 16. [To the Editor of The Times:] So you think we are doing bad in the United States do you? Well, let's look around and see what our companions are doing. China is in a mess, not again, but yet. Russia is starving her own people in order to feed propaganda to the rest of the world. A guy named Hitler has Germany like Capone has Chicago; France has plenty of gold but short on friendship; England has her fine diplomats but no work markets. Spain is trying to get a republic. They think one is great. That shows their ignorance. Italy has black shirts, but no pants to go with 'em. Brazil has got coffee but no President. So before you think of giving up your citizenship here you better think it over.

Yours,
WILL ROGERS

Blast Witness' Lips Sealed

Berkeley Pioneer Who Told of Seeing Bomb Placed Taken by Death

Passing Occurs Day Before State Supreme Court Seeks His Story

BERKELEY, Oct. 16. (AP)—Death has sealed the lips of another "mystery witness" by a margin of twenty-four hours and prevented the State Supreme Court from hearing his story that he saw Thomas J. Mooney and Warren K. Billings place the bomb which killed ten persons and maimed forty others in the San Francisco Preparedness Day disaster of 1916.

The witness was Andrew C. Jacobson, pioneer Berkeley resident. Members of the Supreme Court learned of his existence and of his purported story as he lay, unknown to them, on his deathbed.

When Justice Curtis came here from San Francisco to arrange for an interview with Jacobson, he

U.S.S. Colorado Case Studied

Suspicious Circumstances Set Forth by Adams as Cause for Quiz

Needles Found in Wiring of Battleship Following $200,000 Fire

WASHINGTON, Oct. 16. (AP)—Suspicious circumstances surrounding a $200,000 fire on the battleship Colorado last June are being investigated by the Navy Department.

Secretary Adams said today "events surrounding the fire led us to believe that there might have been some tampering" and that "when any suspicion arises a thorough investigation is conducted."

The investigation was disclosed by the Navy Secretary today in commenting on published reports that the department believes the fire was started deliberately. Adams characterized the reports as "exaggerated."

Fire broke out on the Colorado on June 2, last, while the battleship was at Colon awaiting passage through the Panama Canal. It destroyed the plotting room of the vessel and necessitated expensive repairs.

The Colorado was taken to the Brooklyn navy yard for an overhaul, which disclosed needles stuck into the wiring system of the plotting room. It was believed they might have been placed there with malicious intent, and an investigation was ordered.

Secretary Adams denied knowledge of a report that a second fire broke out on the vessel while undergoing repairs at the Brooklyn navy yard.

The investigation into the first fire was ordered by Capt. William S. Miller, who had been in command of the Colorado since May 22.

THREE DIE IN CRASH OF TRAINS

Freight and Passenger in Head-on Collision on New York Central

CLEVELAND, Oct. 17. (Friday) (AP)—Three persons were reported killed and an engineer and fireman scalded in a head-on collision of a freight and a passenger train on the New York Central Railroad's right-of-way here early today.

The engineer of the freight train was so badly burned he is not expected to live. Another body was crowded between the edge of the cab and the forward wall of the tender, but escaping steam drove rescue workers back.

The trains met under the Fulton Road bridge in the city limits. The engines piled up and a number of coaches caught fire.

Undersea Blast Buries Wreck

NEW YORK, Oct. 16. (Exclusive) Two dull concussions, like earthquakes, shook the shores of Long Island along the Rockaways and also New Jersey near Ambrose Channel today as twenty-five tons of dynamite dug a hole more than fifty feet deep in the ocean bottom. Into the excavation slid the hulk of the Furness Bermuda liner Fort Victoria, which had been a menace to navigation.

Soundings revealed the ship, part of which had been sticking above the surface, was sunk to such a depth by the explosion that its highest point is forty-eight feet below the low tide level.

Death Claims Entire Family

EUGENE (Or.) Oct. 16. (AP)—In less than a year death wiped out an entire family here. Ralph Finn, 4 years of age, surviving member, was drowned in a mill pond today. His father was killed in a hunting accident last January and the mother died a natural death shortly afterward.

STATE'S WEALTH LEAPS UP

Taxable Property Has Grown Almost Twice as Fast as Population in Last Ten Years

SACRAMENTO, Oct. 16. (Exclusive)—California's assessed or taxable wealth has increased during the past ten years almost twice as fast as the State's population, according to a statement issued today by the State Board of Equalization. The assessed valuation of property is $10,143,131,534, as compared with $4,555,181,862 in 1920, whereas the population of California totals 5,672,009, as against 3,426,861 in 1920.

"Thus within ten years," said the board's statement, "the value of taxable property has increased 122.67 per cent, while the number of inhabitants increased 65.52 per cent.

"Taxes have not lagged behind, but have increased even more rapidly than either wealth or population. Conservative estimates indicate that property taxes levied this year by counties, cities and districts in California will approximate $320,000,000. This is a gain of 146.15 per cent over the corresponding figure for 1920.

"Meanwhile State taxes levied on public utilities, insurance companies, banks and corporations in substitution for the usual property taxes have grown to $49,836,961 from $22,337,503 ten years ago, marking an increase of 123.11 per cent.

"Although the ratio of gain in local taxes is greater than that appearing in State taxes, it must be borne in mind that the value of property subject to local taxation has grown faster than the value of property taxed for State purposes. The assessed, worth of all State-taxed or operative property was $1,346,006,804 this year, compared with $769,245,106 in 1920. The increase is only 74.98 per cent in contrast with 132.36 per cent shown for property taxed locally."

THREE SHIPS FIRED ON BY CHINA REDS

American, Japanese and English Under Attack of Communist Gunners

[Copyright, 1930, by Chicago Tribune.]

PEIPING, Oct. 16. (Exclusive)—An American merchant ship, Tatung, and a Japanese gunboat, Kataka, were attacked today by Communist bandits at Kienli in the upper Yangtze River. Both ships replied to the fire. Chinese troops have been ordered to the scene by the Hankow government. The Communists have a stronghold at Sangokow and are firing on all passing vessels. Two other American merchant men, Ichang and Ifeng, were also fired on above Hankow, but the attackers were silenced by armed guards.

Mortars were employed by the Communists in both the latter cases. Shells containing bolts landed on the decks of the American boats.

Red cannonaders yesterday fired on the Bee, flagship of the British Yangtze patrol fleet, carrying Admiral McLean, commander-in-chief. The Bee was not harmed.

When the Red battery opened up on the British gunboat Teal, the latter returned the fire, silencing the attack. The Teal then landed an armed party which captured an antiquated cannon.

Chicago Again Goes Payless

CHICAGO, Oct. 16. (Exclusive)—Payless pay days returned today for about 7210 city employees. Policemen and firemen were denied their semimonthly compensation, totalling about $985,000. Employees of the land and several other departments were unable to get their pay, aggregating approximately $415,000 more.

The reason is that the city hasn't enough cash to pay for the services rendered. The corporate fund is almost barren. Its cash consists of the $10,000 to $15,000 collected daily from license fees and other miscellaneous sources.

His opponent was taken into custody by Chief of Police Ira Johnson on a technical charge, to be held pending an inquest.

Foy and Pozega had slugged fiercely through seven rounds, both landing heavy blows to body and head.

SNOW AND COLD GRIP WIDE AREA

Winter's Tentacles Reach Into Mississippi Valley from Mountain States

KANSAS CITY, Oct. 16. (AP)—Snow in the Northwest and a cold wave driving down into the Mississippi Valley States gave a forewarning over a broad expanse today that winter soon will be here again.

Snow fell in the Dakotas and Minnesota and cloaked the northern Rocky Mountain region to a maximum depth of seven inches. A trace fell in Denver.

Temperatures in the section first hit by winter's advance foray ranged far below the freezing point. Through Montana and Wyoming the mercury hovered around 10 and 15 deg. above zero and skies were clearing after a storm last night.

The tentacles of the cold wave spread today down into Nebraska with a threat of extending as far as the Northern Oklahoma border. Farther south temperatures will be lower, too, but not severely cold.

The reading at Calgary, Alta., was 6 deg. this morning. Central Nebraska experienced 28 deg. on a descending thermometer. It was freezing in Goodland, Kan.

Heavy frost was an overnight prospect in Missouri if lowering skies are purged of clouds, and Kansas, Iowa and Northwest Missouri may be included in the regions listing their first freezing weather this autumn.

PACT FLYER LOSES LIFE IN BLIZZARD

Naval Treaty Escort Ship Hurled to Earth by Fury of Wyoming Storm

CHEYENNE (Wyo.) Oct. 16. (AP) Speeding across the continent on a mission of peace, Lieut. William W. Caldwell, army flyer, lost his life during a raging Wyoming blizzard in the crash of his fast pursuit ship seventy miles west of here yesterday.

Caldwell's flying companion, Lieut. Irving A. Woodring, whose plane bore the documents of Japanese ratification of the London naval treaty, made his way through the storm and continued to New York from Victoria, B. C.

Crushed and broken in the wreckage of his plane, Caldwell's body was found today on a hilltop near Lookout in the rugged country north of Laramie. It was apparent his plane had plunged to the ground at terrific speed during weather characterized by veteran mail flyers as "zero-zero"—no ceiling and no visibility.

Lieut. Woodring also was lost in the swirling snowstorm that cost his companion's life but was able, after two forced landings, to make his way here. Bearing the valuable document, Woodring took off for the East early today.

Daylight Saving Held Menace to Night Baseball

SAN FRANCISCO, Oct. 16. (AP)—Opponents of the proposed California daylight-saving law began broadcasting today the statement of Charles (Doc) Strub, president of the San Francisco baseball club, that night baseball will be abandoned if there is any change in clock schedules.

"We had made plans," Strub said, "to expend a neat sum on the finest lighting equipment in the country to be ready when our new ball park is completed for occupancy next spring.

"However, if California is to have daylight saving, we must reluctantly revert to the old policy of afternoon baseball, and if this happens I am afraid we will find baseball irreparably damaged."

KETTLEMAN PACT MADE

Companies Agree to Co-operate

Conservation of Oil and Gas Sought Through Unified Operation

Millions Now Lost Due to Waste, State Figures Disclose

SAN FRANCISCO, Oct. 16. (Exclusive)—Incorporation of an association of all oil companies operating in the North Dome section of the Kettleman Hills area to have full and exclusive charge of the development of the field in co-operation with the Standard Oil Company of California in the interest of conservation of oil and natural gas has been agreed upon by the chief executives of the companies.

Announcement of the plan was made late today by William Reinhardt, vice-president of the Shell Oil Company of California and chairman of a conference of the executives who tonight concluded a two-day meeting at the Standard Oil offices in this city.

The agreement reached is chiefly on the principles of a plan which is yet to be worked out by the engineers and officials of the various companies.

FEDERAL OFFICIAL AIDS

Acting with the executives in both an advisory and consulting capacity was Dr. George Otis Smith, director of the United States Geological Survey, sent here by Dr. Ray Lyman Wilbur, Secretary of the Interior. Dr. Smith in representing the Federal government, was also the representative of the landlord, as the majority of the oil companies hold their properties under leases from the government.

Reinhardt in reply to a direct question said that one of the principal purposes of the association will be to eliminate as far as possible the enormous wastage of natural gas and find additional means to utilize gas.

The waste of natural gas in the Kettleman Hills area has been of grave concern to the Federal government, as stated recently by Secretary Wilbur and Dr. Smith. Secretary Wilbur months ago urged the oil operators to find some means of saving the gas either by utilization or by co-operative agreement.

FIGURES ON WASTE

According to the latest reports of the State Gas and Oil Bureau, the waste of gas has been 450,000,000 cubic feet a day over recent months. This is about 75 per cent of the total gas produced. The oil companies utilize about 75,000,000 cubic feet and 75,000,000 feet goes into the mains for distribution to San Francisco Bay and San Joaquin Valley consumers.

The loss on the basis of gas prices at the wells is about $15,000,000 a year. This, however, according to oil engineers, is but a fraction of the loss, for the waste if continued will be felt in years to come when the pressure is gone and it becomes necessary to pump oil from the great depth of the Kettleman Hills well, most of them running 7500 to 9000 feet.

COMPANIES AFFECTED

The proposed association will have approximately 50 per cent of the area under its jurisdiction. The remainder of the field is under control of Standard, which has agreed to co-operate in every way to prevent waste and the excessive production of oil.

Attending the conference were executives and officials of Standard, General Petroleum, Continental, Milham, Pacific, Western, Getty, Shell, Associated, Beal, Petroleum Securities, Superior, Union-Amerada, Union, Amerada-Miley, Richfield, North American-Universal Consolidated, Iowa and Faust companies.

UNDERGROUND WASTE LAID TO PRORATION

OKLAHOMA CITY, Oct. 16. (AP)—Proration orders of the Oklahoma Corporation Commission are causing an underground waste of from 10 to 20 per cent in oil wells in the prolific Oklahoma City field, W. P.

REDS RUSH CITY HALL

New York Police Use Clubs

Ejected Communist Beaten After His Attempt to Address Meeting

Mayor Walker Participates in Sharp Argument With Petition Bearer

NEW YORK, Oct. 16. (AP)—A series of four Communist disturbances within a few hours today reached a climax in an outbreak in City Hall Park in which demonstrators were dispersed by charging mounted police. The Communist candidate for Lieutenant-Governor, two other men and three women were arrested.

Meanwhile Communist spokesmen entered City Hall to read a petition concerning unemployment and protest to Mayor Walker against what they called police brutality. In the disturbance which accompanied their ejection one man was beaten with blackjacks and kicked by detectives, bystanders said.

ORDERED OUT

Four men and a Negro woman were in the delegation that went to City Hall to read the petition before the Mayor and the Board of Estimate. They were ordered out after Sam Nesen protested against an increase in the budget for the police department, on the ground the police were brutal to the working class.

"You grafting Tammany politician!" Nesen shouted at the Mayor.

The latter, his face white with anger, rose from his chair, and said:

"That remark almost compels me to set down the gavel and come down there and personally take care of you, you little whelp."

RIOT BREAKS OUT

The riot then broke. As detectives reached toward Nesen the crowd that packed the hall for the budget hearing surged forward, yelled and struck the Communists. The delegation was pushed downstairs, and in the melee Nesen was badly beaten. The whole delegation was held for questioning.

The disorders in the park broke out when J. Louis Engdahl, secretary of the International Labor Defense and candidate for Lieutenant-Governor, who was head of the delegation to the Board of Estimate, was ejected from the building.

GIRL TRAMPLED

Engdahl's efforts to make a speech were stopped and, in the confusion a young woman jabbed a pin into the flanks of a mounted policeman's horse, it kicked, knocking out a plate glass window in a drug store.

A girl, about 16 years of age, was trampled and slightly hurt when she fell directly in front of another policeman's horse.

The demonstration was finally ended when police carried off Engdahl and those arrested with him.

MAYOR ARGUES

Placards bearing the slogans, "no work—no rent," and "down with the vagrancy laws," were waved wildly when Engdahl was put out of the City Hall. His ejection followed repartee between the Communist and Mayor Walker. Engdahl started to read a long petition on unemployment, ignoring the Mayor's request that he defer his statement. The Mayor explained he is in poor health and wished to leave as soon as possible.

"Then let some one else take your place," Engdahl suggested.

"Only the people can do that, and it won't be done by mob rule," Walker replied. "Don't think you can bully this meeting. You can't do it."

Later another Communist tried to read the petition. The Mayor explained the committee will be given an opportunity to present its case later and the Communist sat down.

HOOVER'S SON PICKS HOME

Herbert, Jr., Leases House Near Ashville, N. C., for Winter Treatment

WASHINGTON, Oct. 16. (AP)—Herbert Hoover, Jr., who is suffering from tuberculosis at the Hoover lodge in Virginia, is to be taken later in the fall to Asheville, N. C., for treatment.

Capt. Joel T. Boone, White House physician, announced today a home on Sunset Mountain overlooking Asheville has been leased by the President's son and he will be taken there early in November.

Dr. Boone's statement follows:

"It has been decided that Mr. Herbert Hoover, Jr., will go to Asheville, N. C., later in the fall. The President's camp is not constructed suitably for winter use.

"This fact necessitates the change of location for the treatment of Mr. Herbert Hoover, Jr. He has leased property on the outskirts of Asheville on Sunset Mountain.

"The United States abounds in many localities climatically favorable to the treatment of tuberculosis. This section has been selected as meeting the many requirements of this particular case. Its proximity to Washington will afford accessibility to the patient's family.

"Mr. Hoover has responded gratifyingly to treatment and has shown satisfactory progress."

The home to be occupied by the 27-year-old son of the President is known as the Berger home. It was obtained from Fred Loring Seely, former publisher of the Atlanta Georgian.

The Berger home has an altitude of 2500 feet, the same as the President's camp.

HOUSE OWNED BY ASHEVILLE MAN

ASHEVILLE (N. C.) Oct. 16. (AP) The home Herbert Hoover, Jr., plans to occupy here this winter is owned by Henri Berger of Asheville and Paris.

Fred L. Seely of Asheville, through whom arrangements for taking the house were made, described it as "a bungalow of six or seven rooms."

William Jennings Bryan eight years ago spent a summer in the house.

BRUENING ASKS UNITED SUPPORT

Says Germany Must Pull Together in Crisis

Communists Raise Furor as Chancellor Speaks

Fascists' Decorum Suggests Orders From Hitler

BERLIN, Oct. 16. (AP) — Amid a turmoil of Communist interruptions and occasional howls of derision from the Fascists, Chancellor Bruening appealed today to the German people, through the Reichstag, to buck up, swallow the bitter medicine of retrenchment, put their shoulders together and get on with the hard but necessary work of national reconstruction.

"The present crisis demands above all moral strength and courageous co-operation of all who love the Fatherland," he declared as he outlined the Cabinet's program of financial reform before the Reichstag and asked for clear and unequivocal support.

Discussing the Young plan the Chancellor said economic conditions in Germany and the world had become worse month by month. He continued:

REPARATIONS

"The authors of the Young plan clearly realize Germany's ability to pay reparations depends on extension of world trade and stability of international finance.

"The Bank for International Settlements is charged with the opening up of new fields for exports, thereby contributing to the solution of Germany's special problems. Unfortunately these ideas have found no echo in previous developments.

"Upon the setting of our own house in order depends, whether, as a result of the crisis, we can invoke those measures which, according to treaty, Germany has at her disposal for warding off danger to our national economy and exchange."

Although the Fascists several times voiced boisterous disagreement, their behavior on the whole was so quiet compared with yesterday's rowdyism as to suggest orders had come from somewhere, presumably Adolf Hitler, to give Chancellor Bruening a chance to talk.

COMMUNISTS NOISY

The Communists seemed determined to wreck the Chancellor's speech. President Loebe had to threaten several by name with suspension before a reasonable measure of order was obtained.

Emphasizing Germany's foreign policy would be pacific and not one of adventure, Chancellor Bruening nevertheless made it plain the Reich does not believe the former allied nations have done their part to rebuild a peaceful world.

"What has most deeply wounded our people and particularly our German youth," he said, "is the fact that after the first severe disillusionment over the nonfulfillment of the fourteen points of President Wilson, not even the Versailles Treaty is being fulfilled by the other side in those of its provisions favorable to us.

APPEALS FOR UNITY

"The word that was pledged us: 'That the compulsory disarmament of Germany would be followed by the voluntary disarmament of the others has so far not been brought near realization.'"

He charged that many of the nations are continuing to increase their armaments, calmly ignoring treaties and endangering the security and peace of the world.

"That is an unbearable situation," he said.

The Chancellor pledged Germany's defensive forces would be developed to the limit permitted by the Versailles Treaty, but served notice the Reichswehr could not be dragged into politics.

The Chancellor closed with an appeal for unity.

Before adjournment of the session, Reichstag President Loebe announced the farmers' federation had introduced a motion of nonconfidence against Foreign Minister Curtius.

BARBERS OFFER FARM RELIEF

Haircut for Bushel of Wheat Michigan Tonsorialists' Contribution

SPARTA (Mich.) Oct. 16. (AP)—The barbers of Sparta have agreed to cut hair for wheat. For one bushel of wheat any farmer living in these parts can obtain an artistic haircut and 27 cents cash farm relief.

The decision to accept wheat instead of money was reached at a meeting of all Sparta tonsorial artists, at which the present plight of the agricultural industry was discussed. Wheat is selling here for 67 cents a bushel and a trim is valued at 40 cents.

Chickens belonging to Sparta barbers will benefit by the offer.

BATTLE WAGED IN MUNICH CITY PARLIAMENT

MUNICH (Bavaria) Oct. 16. (AP) The Hitlerites and Bavarian People's party members engaged in a battle of inkstands and ash trays at today's session of Munich's City Parliament.

Crowded galleries and the Communist wing among the city fathers edged the combatants on with handclapping and shouting. The galleries were cleared of all occupants, those of national Socialist sympathies shouting "Hail Hitler!" as they were pushed into the street.

The row started during debate on a Fascist motion to lift the prohibition on the Hitler uniform, the brown shirt and black leather boots. The motion was voted down.

FASCISTS OBTAIN IMPORTANT COMMITTEE POST

BERLIN, Oct. 16. (AP)—The Fascists obtained further recognition in the Reichstag today by the election of Dr. Wilhelm Frick, Thuringian Minister of the Interior, to the chairmanship of the Foreign Relations Committee.

It was Minister Frick who gave the previous government some unhappy days last March by conducting his office on Fascist lines. The Reich government cut off financial assistance to Thuringia at that time.

THREE INJURED IN RED DEMONSTRATION

BERLIN, Oct. 16. (AP)—Three policemen were slightly injured tonight in breaking up a Communistic demonstration in the Wedding industrial district. Six men were arrested.

When demonstrators threw stones at police they were dispersed with blackjacks, whereupon others rained down flowerpots and crockery from the upper floors of adjacent tenement houses. The police eventually quieted the community.

COLOGNE, Oct. 16. (AP)—Five persons suffered injuries in a shooting affray between Communists and Fascists. Thirty arrests were made.

KETTLEMAN OIL UNITY REACHED

Companies Will Co-operate to End Gas Waste

Association to Be Formed by All Producers

Agreement Effected at Bay City Conference

(Continued from First Page)

Haseman, oil research and development engineer, testified before the Corporation Commission today.

The commission continued to hear evidence of the C. C. Julian Oil and Royalties Company and the Champlin Refining Company and others seeking to break proration in the State.

Haseman, formerly professor of physics in Indiana and Oklahoma universities, and later head of the research department of the Marland Oil Company, testified he had made a study of wells in various fields of the State and had found that under the intermittent flow a well lost a large percentage of the oil that could be recovered under open flow. Some back pressure, however, he testified, would increase the ultimate production.

E. W. Jones, Dallas and Oklahoma City oil operator, vigorously attacked the Oklahoma proration as "unfair" and designed as a price-fixing measure.

Jones said he had drilled wells in the Oklahoma City field which he would not have started had he known that the Corporation Commission had curtailed production.

MOONEY CASE WITNESS DIES

(Continued from First Page)

learned the man had died the day before.

Jacobson, fearing he would share the fate of the bomb victims if he talked, confided his story of having seen the bomb placed to only one man. The man is Will F. Morrish, Berkeley and San Francisco bank official and former chairman of the State prison board.

PLEDGED TO SECRECY

Morrish said Jacobson approached him fourteen years ago, pledged him to secrecy, and then told of seeing Mooney and Billings place the bomb at Steuart and Market streets. Jacobson said he was positive of his identification and the right men were convicted.

Jacobson's story, revealed today by Morrish and confirmed by Friend W. Richardson, former Governor, was that he ran after the two men who dropped the suit case at the corner, but lost them in the thick crowd.

A moment later the suit case exploded, raining death.

When Mooney and Billings were arrested, Jacobson told Morrish, he went to the trials as often as possible and made certain in his own mind they were guilty.

REASON FOR TALKING

Jacobson told the banker he saw no reason for coming forward with his story after the men were convicted. The intervention of President Wilson, however, caused Jacobson to give Morrish his information.

"If they ever come up for a pardon, you fight it," he urged Morrish, "don't ever let them get out. They did it, and they only got what they deserved."

As long as Mooney and Billings were in prison, and there seemed no likelihood of a pardon, Morrish let the matter rest, but about five years ago a situation arose which, he felt, justified him in breaking the confidence and he placed the information before Gov. Richardson, who made a memorandum of it.

A month ago Richardson mentioned the matter to Justice Curtis during the course of a conversation on other subjects. Curtis was about to make a business trip to Los Angeles and postponed action until his return.

Eloping School Couple in Jail

ROSWELL (N. M.) Oct. 16. (AP)—Evelyn De Moss and Marquis Cummins, 17-year-old Los Angeles High School students, who eloped several days ago, were in jail in Roswell tonight facing a possibility of Federal charge of stealing an automobile in Fort Thomas, Ariz.

After leaving Los Angeles everything went well with the couple until their car broke down at Fort Thomas. Cummins told officers he solved the transportation problem by stealing a car at Fort Thomas.

Miss Ingalls at St. Louis Airport

ST. LOUIS, Oct. 16. (AP)—Miss Laura Ingalls of St. Louis, attempting to set a new woman's eastward transcontinental flying record, arrived at Lambert Field at 3:04 p.m. today from Kansas City.

WICHITA, Oct. 16. (AP)—Reports of strong headwinds over his proposed route today caused Robert Buck, 16-year-old Elizabeth (N. J.) transcontinental flyer, to delay his take-off from Wichita another twenty-four hours.

Elks' Chanters Win Contest

DEL MONTE, Oct. 16. (Exclusive) The chanters of Elks Lodge No. 99 of Los Angeles won the State glee-club championship here tonight. The event was in connection with the State Elks convention, which opened today.

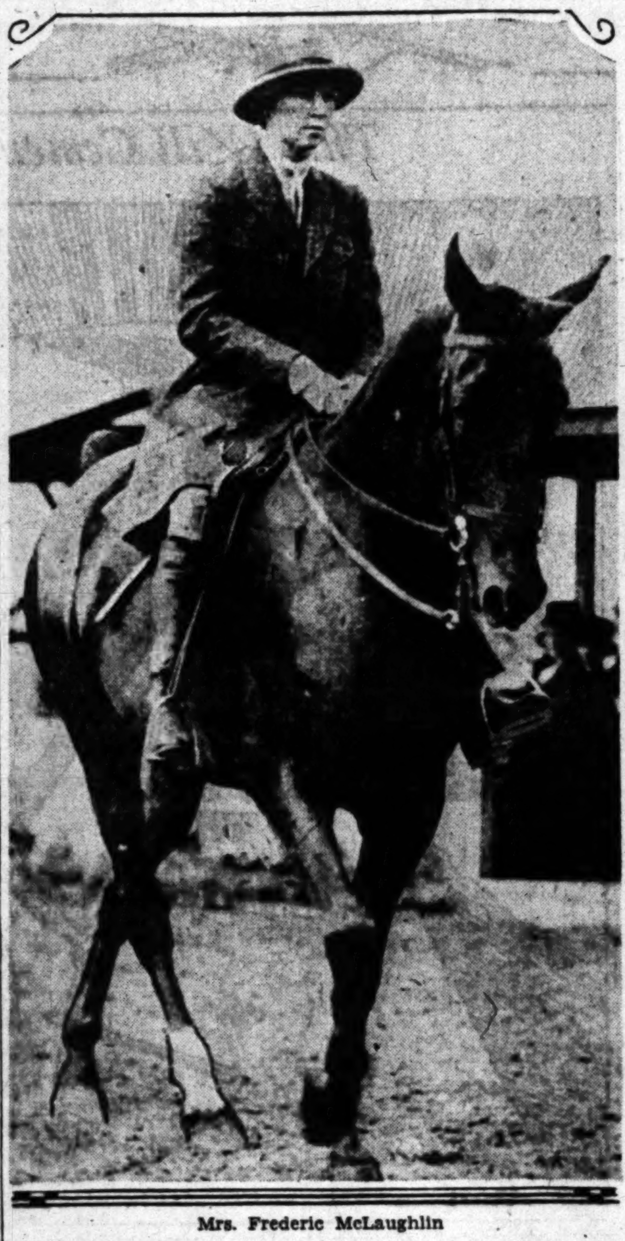
Memorial services were conducted for the late E. F. Davis of Long Beach, a past president.

DINER JUMPS TRACK

SAN FRANCISCO, Oct. 16. (AP)—Hundreds of commuters leaving San Francisco were delayed in reaching their homes tonight when a dining car on the Sacramento Northern train Meteor jumped the track near the Contra Costa Tunnel. No one was injured.

JINX RIDES WITH EX-DANCER

Former Irene Castle Seriously Hurt



Mrs. Frederic McLaughlin

CHICAGO, Oct. 16. (AP)—The fall hunting season of the exclusive North Shore area will be without one of its prominent figures—for some time at least.

Mrs. Frederic McLaughlin, the former Irene Castle, is at home today with a broken collar-bone. The once famous dancer, now widely known for her efforts for humane treatment of dogs and other animals, suffered the injury Tuesday. Her horse, Oakridge, a hunter, stepped into a hole approaching a jump, threw her, then rolled over three times.

Mrs. McLaughlin has been injured several times while riding her spirited hunters. About a year ago she suffered a broken rib during a fox hunt.

Her latest accident occurred west of Lake Forest, as she was riding with her husband, Maj. McLaughlin. She was taken first to a hospital and then to her home.

D.A.R. HEAD FEARS WAR OVER YOUTH

Fight Between Reds and Patriots for Control of Young People Pictured

ATLANTIC CITY (N. J.) Oct. 16. (AP)—Mrs. Lowell Fletcher Hobart, President-General of the Daughters of the American Revolution today pictured a conflict between "patriotic and Communist" elements for the control of the nation's youth.

In a speech before the eastern divisional meeting of the organization she heads, she said: "Opponents of civilization, enemies of constitutional government, are battling for the possession of our young people and for our country itself."

She proposed the D.A.R. carry out such an attractive program that "unorganized childhood will become acquainted with the finer principles of American life."

Divorce Suit Appealed After Husband Dies

PITTSBURGH, Oct. 16. (AP)—Mrs. Mary Louise Boyd, 20 years of age, has appealed the divorce granted to her husband, now dead.

The divorce was granted Dr. Isaac N. Boyd, 71, last week on a plea that his wife deserted him. Dr. Boyd died Tuesday. Attorneys said the appeal is to determine the property rights of the two.

Their marriage in 1926 resulted from a street-car flirtation when Mrs. Boyd was 16 and Dr. Boyd was 67. Mrs. Boyd countered her husband's charge of desertion with a cross-suit asserting cruelty.

Three Colorado Convicts Escape

CANON CITY (Colo.) Oct. 16. (AP) Threatening Andrew Hemmerle, a prison guard, and holding him at bay with a knife, three convicts in the State penitentiary today escaped with a coal truck in which they were riding near the prison.

The escaped men are Peter Shoecraft, Denver, serving a term for aggravated robbery; Raymond England, Huerfano county, serving a term for burglary, and John Klinger, Weld county, serving a term for aggravated robbery and previous escape.

None of the men had more than nineteen months to serve.

SPANISH REVOLT AWAITING SPARK

(Continued from First Page)

would seem to indicate that the situation in Catalonia, if not throughout Spain, is really critical.

Barcelona today passed the first calm day since the revolutionary scare last Saturday. The strike movement does not seem to be making much headway, but according to uncensored press reports the authorities fear that a revolt may break out at any moment.

The closing of Barcelona University yesterday, following student disorders, is considered a much more dangerous symptom than the desultory street fighting which broke out over the week-end.

WAITING POLICY

The real revolutionists—or at least those lurking on this side of the border—favor a waiting policy. They are convinced that the Berenguer government will be unable to stop the fall of the peseta and that a financial crisis will automatically bring a revolution.

Despite the enthusiasm of the revolutionists, which is greater than it has ever been, well-informed observers here are of the opinion that Gen. Berenguer has the situation well in hand and barring accident will succeed in clamping down the lid on what is probably the worst threat the Spanish monarchy has ever faced.

FALL OF PESETA ADDS TO WORRIES OF NATION

MADRID, Oct. 16. (AP)—Continued depreciation in the value of the peseta today placed Spain's business problems ahead of ever labor difficulties as a topic of public discussion.

Although the exchange improved slightly late in the day, closing at 50.40 to the pound sterling and 10.37 to the dollar, the government game almost its full attention to solution of its economic puzzle.

The King continued to receive national leaders of politics and finance in a series of conferences.

NATION-WIDE ELECTION DATE SET BY CABINET

MADRID, Oct. 16. (AP)—The date of Spain's Parliamentary elections was set tonight by the Cabinet for January 4.

It will be the first nation-wide election since Gen. Primo De Rivera suspended Parliamentary government when he became dictator in September, 1923.

SHIPPING BOARD REVISES POLICY

Lines With Mail Contracts to Be Protected

Vessels Will Not Be Sold to Their Competitors

Hoover Survey Group May Give Report Soon

WASHINGTON, Oct. 16. (AP)—The Shipping Board has adopted a new declaration of policy under which it will sell no ships to lines operating in competition with holders of mail contracts or with operators of government vessels.

This policy was announced following a meeting of the board yesterday, adding a new element to a situation which has been under investigation for some time by a Presidential committee.

From the latter group a report is expected before long. It was intrusted by President Hoover with the task of making a thorough study of Shipping Board policies and the sale of ships to private operators.

STRENGTHEN LINES

The new declaration, the board said, was adopted for the purpose of strengthening the lines already established, many of which are receiving compensation from the government for carrying mails, it said.

"The board will not favor the sale of ships to operate in competition with ship lines now operating under contracts with the United States Shipping Board or under mail contracts with the Postoffice Department."

The ocean mail contract situation during the past two years had developed some difference of opinion between the board and the Postmaster-General. The board held aid should go in each case to the purchaser of vessels from the government. The Postmaster-General wanted more consideration given to the size of bids turned in by the shipping lines for this service.

SALES HELD UP

Pending the report of the Presidential committee several sales of ships have been held up. Among these are two trans-Atlantic lines, the American Diamond and the America-France lines, both sought by the United States lines as well as by the concerns now operating them for the government. Whether the new policy will be interpreted to have any bearing on the sale of these lines is not indicated.

At yesterday's session the board also authorized a loan of $5,887,500 to the Oceanic Steamship Company of San Francisco for construction of twenty-knot ships for its California-Australia route. It will be built at the Fore River (Mass.) plant of the Bethlehem Shipbuilding Company.

BRAZIL REBELS REPORT COUPS

Federal Regiment's Capture Declared Official

Troop Concentration Around Sao Paulo Described

Government Says Position of Forces Unchanged

PORTO ALEGRE, Oct. 16. (AP)—The surrender of the entire regiment of Federal infantry in the State of Minas Geraes and defection of large Federal forces to the insurgents are reported in an official rebel communique today.

The communique states that a heavy concentration of troops is in progress along the Parana-Sao Paulo frontier, a region where the Federal and insurgent armies have been gathering for the last few days for what has loomed up as a major engagement.

TROOP CONCENTRATION

While not stating the number of soldiers involved, the insurgents make the claim that sixty companies of Federals at Catharina have gone over to the revolution. These men were said to be under the command of Capt. Mario Carvalho.

The Federal regiment reported to have surrendered is described as the Eleventh Infantry, stationed in the State of Minas Geraes. These troops had been surrounded by the insurgents and their surrender was said to be without condition.

BATTLE REPORTED

Reports received during the day told of scattered engagements along the Parana-Sao Paulo line.

(Newspaper dispatches received in Montevideo said that a battle is being fought along this frontier, but no confirmation of this was received. These reports said the Federal army had defeated the insurgents, inflicting 400 casualties.)

While the rebels today were claiming progress in their campaign against the government, the official government statement said the positions of the forces on the Parana-Sao Paulo line were unchanged. The government also asserted that loyal troops were advancing on their objectives in the southern part of Minas Geraes.

Federal reserves and volunteers have been steadily gathering at various training camps and men from half a dozen cities today reported for duty.

REBEL LEADER PROTESTS UNITED STATES ACTION

[BY THE ASSOCIATED PRESS]

BUENOS AIRES, Oct. 16. (AP)—Lindolfo Collor, representative here of the Brazilian revolutionaries, told the Associated Press in an interview tonight that the United States "has broken its neutrality in Brazilian affairs."

Senor Collor was discussing the statement made by Secretary Stimson in Washington yesterday to the effect the United States will permit the purchase of munitions in that country by the Brazilian Federal government—a statement interpreted as meaning the rebels cannot buy such supplies.

The rebel representative predicted the revolution will be successful within a month.

Senor Collor also promised if the movement succeeds, the revolutionaries will fulfill all international obligations contracted by the republic before the outbreak of the revolt, but not those arranged thereafter.

News that Capt. Juarez Tavora of the Brazilian rebel forces has invaded the State of Sergipe and now is marching on the State capital was reported here tonight by Brazilian revolutionary headquarters.

WORLD SERIES STAR MARRIES

Gelbert Takes Bride in Pennsylvania

[P. & A. photo]

Charley Gelbert and Bride

This photograph was taken at Shibe Park, Philadelphia, just before the final game of the world series.

PHILADELPHIA, Oct. 16. (Exclusive)—Charles Gelbert, famous St. Louis Cardinals shortstop and hero of the recent world series, married Miss Mabel Hafer of Chambersburg, Pa., today, in the Valley Forge Memorial Chapel at Valley Forge. Rev. Dr. W. Herbert Burk, rector of the chapel, officiated.

Gelbert, christened Magnus Otto, but who took the name of "Charley" after his father, all-American football player at the University of Pennsylvania years ago, when he embarked on an athletic career, met his bride when they were students at Lebanon Valley College, where the young Gelbert was a football star. They have been sweethearts ever since.

Theater Owner in Indiana Sues Cinema Group

INDIANAPOLIS, Oct. 16. (Exclusive)—Damages of $1,800,000 are asked of six motion-picture producers and distributors and a talking-picture equipment concern in a suit filed in Federal Court here today by Harry Muller, Anderson (Ind.) theater owner.

Defendants are the Fox Film Corporation, Universal Film Exchange, Inc., United Artists' Corporation, Pathe Exchange, Inc., R.-K.-O. Distributing Corporation, Tiffany Productions, Inc., and the Electrical Research Products, Inc.

The suit, a test litigation, asserts that a co-operative set-up of motion-picture distributors exists whereby Muller was "blacklisted" and that service by motion-picture distributors in the country, except "perhaps one," was refused to him, in a conspiracy to put him out of business.

DRUGGISTS MAP ETHICS AT SESSION

Sale of Articles Other Than Medicines Debated at Chicago Convention

CHICAGO, Oct. 6. (AP)—Whether bathing suits, miniature golf sets and coaster wagons should be sold by drug stores was the question debated today by the National Wholesale Druggists' Association in its convention.

Delegates agreed the propriety of adding side lines to drug store counters is debatable and that under present custom, the drug stores have incurred the displeasure of other retailers.

"In spite of the opposition, however, the modern drug store will never return to the type of apothecary shop which sold nothing but drugs and medicines," James W. Morrison of Chicago, a committee chairman, said. "Neither will the compounding of medical prescriptions ever be subordinated to the sale of cigarette lighters and coaster wagons."

James M. Penland of Dallas, Tex., was elected president of the association and Atlantic City was chosen for the 1931 convention.

Birthplace of Anthem Opposed as Site for Jail

BALTIMORE, Oct. 16. (AP)—A proposal to establish a Federal jail at Fort McHenry, the birthplace of "The Star Spangled Banner," and a national shrine, brought a number of protests today.

The fact the Department of Justice is considering such a proposal was made clear by Harry L. Robinson, assistant comptroller of customs and a member of the Federal Business Association, which met today.

Promises of action by the American Legion and the Baltimore Association of Commerce were made by officials of those organizations.

Cotton Credits Warning Given

ATLANTA, Oct. 16. (AP)—An ultimatum that farmers need not expect credits from banks co-operating with the Georgia Bankers' Association and the Georgia Chamber of Commerce unless they plant less cotton and adopt a diversification program was issued today by A. F. Lever, Federal Farm Board representative.

The statement of Mr. Lever, who was coauthor of the Smith-Lever bill, was issued after a conference of officers of the Georgia Bankers' Association and Atlanta bankers today in the office of Eugene Black, governor of the Sixth Federal Reserve District.

Darrow-Dimnet Debate Banned

NEW YORK, Oct. 16. (AP)—The Discussion Guild announced today that Abbe Ernest Dimnet, French cleric, author and lecturer, had been forbidden by the Catholic church in New York to participate in a debate here with Clarence Darrow, Chicago lawyer, on November 15.

Officers of the guild, which arranged the debate, said Mgr. Thomas Carroll of the chancery of the diocese of New York issued an edict to Abbe Dimnet. The ecclesiast is here on a lecture tour.

UNIONISTS HELD FOR BLAST QUIZ

Dynamite Plot in Theater War Being Sifted

Police Say Pair Caught While Planting Explosives

Sacramento Officers Free Special "Investigator"

SACRAMENTO, Oct. 16. (AP)—Six men are held in jail here tonight while Dist.-Atty. McAllister and police authorities investigated their possible connection with an asserted attempt to dynamite the Mission Theater here earlier in the day.

This was the latest development in the "war" between owners of several showhouses in the vicinity and the local motion-picture operators' union, following elemination of assistant projection operators.

UNIONISTS HELD

Joe Apathy and an unidentified private investigator, said to have been employed by the theaters to protect them, were arrested by police officers who said they were arranging a charge of dynamite in front of the Mission Theater's projection room. The pair gained admission to the theater through a trapdoor on the roof. After being questioned the "investigator" was released and his identity guarded.

Following the arrest of these men, the police took into custody W. R. Federolf, business agent of the operators' union; H. W. Reynolds, Leo Smith, Harold Freitas and George Dalton. Freitas, operator at the Mission, was the only nonunion man arrested. It is believed he had knowledge of the plot. No charges had been filed against the men tonight.

THREATS REPORTED

Authorities said they had information indicating other theaters involved in the controversy were marked for acts of violence.

John Connelly, attorney for the operators' union, declared tonight the union officials knew nothing about any attempted or planned dynamiting plot.

DAVIS POUNCES ON DEMOCRATS

Party Accused of Hindering Administration

Re-election of Republican Congress Urged

Hoover Praised in Talk Over Radio Network

WASHINGTON, Oct. 16. (AP)—Secretary Davis tonight accused the Democratic party of deliberately hindering the administration in its efforts to restore business stability and urged the re-election of a Republican Congress as a means of accelerating recovery from the present depression.

If the Democrats should gain control of Congress, he said in a radio address over the Columbia Broadcasting System, they would immediately attempt a downward revision of the tariff.

This would force the tariff issue into the Presidential election of 1932, he added, and result in tariff discussion and uncertainty for the next three years.

END OF SLUMP SEEN

The Cabinet member said the depression of 1921 was ended largely by the operation of the Fordney-McCumber tariff bill and he predicted the Smoot-Hawley Act will have the same effect upon the present slump.

He termed the present slump "nothing to the panic we would have had but for the President's action in calling conferences of industrial, financial and labor leaders for the purpose of maintaining confidence."

This is "the outstanding fact" of the Hoover administration, he said, adding that the President "has laid a foundation that will long serve to keep American industry stable in the future."

EMPLOYMENT AIDED

"He has initiated construction and other measures that have relieved immediate unemployment and will lead the way to the future abolition of unemployment," Davis asserted.

"In fact," he continued, "there is one other outstanding fact that will be noted for the Hoover administration. That fact is that the opposition party did everything in its power to hinder the President in his work of stabilizing industry and reducing unemployment."

FRAUD HINT REPORTED IN BOB INQUIRY

Company Headed by Man Now Missing Said to Have Had Fictitious Earnings

NEW YORK, Oct. 16. (AP)—Fictitious earnings, Asst. Atty.-Gen. Washburn said today, have been reported by the Metal and Mining Shares, Inc., the head of whose directorate, Charles V. Bob, is missing.

After this disclosure Washburn, who has charge of the State Bureau of Securities, conferred with Dist.-Atty. Crain with the result that Mr. Crain assigned an assistant to present the evidence obtained to the grand jury.

The assistant Attorney-General also said he expects to turn over to the Federal attorney's office data tending to show the mails were used fraudulently by Metal and Mining Shares, Inc., in Mr. Bob's numerous transactions, principally in disposing of stock outside the State.

The company operated as an investment trust company of the first class up until November, and thereafter it began to liquidate its holdings in good listed securities and to acquire shares of various companies Bob was promoting, Washburn said.

Recently the State official discovered that securities listed as worth $6,000,000 were missing from the safe of the concern.

A large portion of the securities now have been located.

VIGILANCE ON DRY ACT ADVOCATED

Disciples of Christ in Convention Warned by Educator Not to Nap

WASHINGTON, Oct. 16. (AP)—Urging the churches to "eternal vigilance" on the prohibition question, Dr. Alva W. Taylor of Vanderbilt University today told the international convention of Disciples of Christ that "if we nap at the gate, the enemy will take it."

Taylor, one of the two secretaries of the disciples' board of temperance and social welfare, also asserted that educated Negroes "will not tolerate our Uncle Tom attitude," and that unless the race question is dealt with "there is serious trouble ahead."

Discussing unemployment and world peace, he said, "if Christian conscience cannot operate on these questions, it must miss the crucial issues of this civilization."

Law-Enforcing Study Continues

WASHINGTON, Oct. 16. (AP)—President Hoover's law enforcement Commission spent another long session considering prohibition reports today but Chairman Wickersham announced later there is no prospect of any conclusions being reached before adjournment tomorrow.

After tomorrow's meeting the commission will not reassemble again until the date after election. Meanwhile, there is little indication of the views of the ten men and one woman who compose the body.

NIETZSCHE'S PICTURE TRIPS UP NEWSPAPER

WARSAW, Oct. 16. (Exclusive)—The walrus mustache of Friedrich Nietzsche, famous German philosopher, has evidently influenced town officials of Torun to confiscate the newspaper Slowo Pomorskie for publishing Nietzsche's picture and an accompanying article reminding readers he had died in an insane asylum. A local court today confirmed the confiscation because of the great similarity of Nietzsche's picture with that of Marshal Pilsudski.

TURK PRESS SUGGESTS KEMAL REPLACE ISMET

ISTANBUL, Oct. 16. (AP)—The newspaper Yarin today advanced the editorial suggestion that President Mustapha Kemal resign his office as head of the Turkish republic and himself replace Ismet Pasha, the Prime Minister. The newspaper is the official organ of Fethi Bey's opposition party. It added that yesterday's riots in Antalia and other manifestations of the people's "burning disgust" over Ismet's "bad administration" proved that only the Ghazi's active control can save Turkey.

HOOVER'S SECRETARY LOSES DAMAGE SUIT

MINNEAPOLIS, Oct. 16. (AP)—Walter H. Newton, secretary to President Hoover, lost the $60,000 damage suit today he brought against the Minneapolis Street Railway Company for injury to his son, John, who lost a leg when a street car knocked him from his bicycle here last year. The jury returned a verdict for the company. Counsel for Newton said he will seek a new trial.

BRITISH BEES GO ON SPREE

London Naturalist Finds Honey-Makers Drunk and Looking Silly

LONDON, Oct. 16. (AP)—A spree of bees is described by a naturalist in a letter to the London Morning Post. He discovered seventeen in his garden hopelessly drunk, clinging to the sticky faces of a bunch of sunflowers, looking sideways in a silly sort of way. He put them in a glass jar overnight and they sobered up.

ORATORY FINALS TIMERS NAMED

Generals Will Hold Watch on Constitutionalists

Rules for International Meet Reviewed

Representative of Chile at Washington

By a "Times" Staff Correspondent

WASHINGTON, Oct. 16. (Exclusive)—Maj.-Gen. Harry L. Gilchrist, chief of chemical warfare, and Maj.-Gen. Amos A. Fries, retired, were announced today as timekeepers in the Fifth International Oratorical Contest finals which are to be held in Constitution Hall here on the 25th inst.

At the same time Randolph Leigh, contest director-general, announced that the first of the foreign contenders to reach Washington, other than the Mexican spokesman who has been here several weeks, will land in New York tomorrow from Chile. He is Clemente Perez-Zanartu, champion of South America.

In naming Maj.-Gen. Gilchrist and Maj.-Gen. Fries as official timekeepers Mr. Leigh reviewed the system under which the young orators will speak. Each boy will be allowed six minutes in which to deliver his prepared oration. If he still is speaking at the expiration of that time one of the two officers will sound a whistle blast and the contestant must cease speaking at once or be dropped to last place. When a contestant concludes his prepared oration, he will be handed a slip of paper on which will be printed in his own language the subject of a second oration. The speaker then will be permitted to retire from the stage to assemble his ideas for his second oration. In that preparation, however, no reference books or personal contacts with other persons will be allowed.

After all eight boys have delivered their first speeches the first orator will return to the stage to deliver extemporaneously his second oration. Four minutes will be allowed him and the same rules which govern his first appearance on the stage will apply to his extempore performance. The other seven speakers will return to the stage in order. As in the prepared speech each boy will speak in his own language when he delivers his second oration. Both speeches will be considered by the judges in determining a winner.

The system was used for the first time last May in the national finals of the United States contest.

The European contestants will reach this country next Sunday.

OFFICIALS MUST EXPLAIN YONKERS BEER PIPE LINE

NEW YORK, Oct. 16. (AP)—A group of police and city officials of Yonkers, N. Y., were subpoenaed today to appear before a Federal grand jury investigating a "beer pipeline" under Yonkers streets Federal agents discovered Tuesday.

Subpoenas were served on the Commissioner and Deputy Commissioner of Public Works, the Chief of Police, the captain of the First Police Precinct, the fire chief and the deputy fire chief.

Assistant United States Attorney Watts said no accusation had been made against the officials and he did not know whether they had heard about the pipeline before Tuesday.

"However," he added, "we would like to know just how more than a mile of four-inch hose could be run under Columbus avenue, Elm street, Palisade avenue and John street, Yonkers, without knowledge on the part of city officials or employees."

Watts said more than 6000 feet of the hose, worth approximately $25,000, had been hauled from various manholes, one of them about 200 yards from the brewery of the State Cereal Company, which has a permit to manufacture near beer.

ALL NEW WORK HALTED ON R-100

Repairs Will Await Verdict on R-101 Crash

Dirigible Was to Have Been Made Longer

Helium May Be Employed on Airship Next

LONDON, Oct. 16. (Exclusive)—The policy of the British government toward airships possibly hangs on the decision just made to discontinue all repair work on the dirigible R-100 following the destruction of its sister ship, the R-101, with the loss of forty-eight lives at Beauvais, France, on the 5th inst.

All the designers of the ship which made a successful crossing to Canada and return have been summoned to the Cardington dirigible works for consultation. Meanwhile the R-100 will not be touched.

A new section was to have been added to the middle of the R-100, as was done on the R-101, increasing its length and gas capacity. Repairs to the envelope also were scheduled as well as a complete mechanical and structural overhauling.

It was revealed today that the reason for the proposed addition of a new section in the middle of the R-100 was to enable it to use helium gas. Hydrogen heretofore has been favored by the British and European airship experts because of its greater lifting power. The R-101 disaster has brought a reconsideration of this factor, and the intimation that the United States will permit the export of helium on which it holds a monopoly is greeted with great satisfaction here.

The repair work on the R-100 will be postponed at least until the inquiry into the R-101 disaster is completed.

Farm Leaders of World Pay Lubin Tribute

ROME, Oct. 16. (AP)—Agricultural leaders of many nations gathered before the tomb of the American, David Lubin, in Verano Cemetery today, to revere the memory of the man who was instrumental in founding the International Institute of Agriculture, now holding its twenty-fifth convention here.

Mr. Lubin's son Theodore, and his daughter Laura were present as was John W. Garrett, the American Ambassador. The heads of the delegations of the sixty nations represented attended. Mr. Lubin's home was in California.

HALF-MILLION-DOLLAR BREWERY BRINGS $700

ST. JOSEPH (Mo.) Oct. 16. (AP)—A brewery valued at $500,000 before prohibition was sold for $700 at a forced auction today to satify claims of bond-holders. E. A. Cramer, real estate dealer, who purchased the plant, said it will be used for storage.

CHICAGO 'PUBLIC ENEMY' JAILED

"Red" Barker to Round Out Term at Joliet

High Court Reduces Bail of "Fur" Sammons

War on Rackets Carried to Chauffeurs' Union

CHICAGO, Oct. 16. (AP)—A third member of the "Public Enemies Club" was removed from the streets of Chicago today, but a Supreme Court decision that fixing of a $50,000 bond was asking too much of an asserted vagrant made easier the lot of James (Fur) Sammons.

The high court at Springfield ruled that Judge Lyle of the Chicago Municipal Court disregarded and openly violated constitution and law in fixing prohibitive bond and reduced the figure to $5000. Sammons's attorney is expected to furnish the money and obtain his freedom shortly.

BARKER IN JOLIET

Less happy was the fate of George (Red) Barker, asserted labor-union racketeer and gunman. Chief Justice McGoorty of the Criminal Court found he was at large by virtue of a habeas corpus writ the Circuit Court of Peoria county had no right to issue. Barker was handed to the custody of parole officers and removed forthwith to the Pontiac Reformatory and thence the penitentiary at Joliet to round out four years of a term for robbery and parole violation.

Barker's withdrawal from the municipality signalized the erasure of a third name from the list of men not wanted here. Jack Zuta was written off the records by enemy gunmen. Willie Niemoth was returned to Baltimore, tried and sentenced to prison for a $47,000 payroll robbery.

Sammons, incidentally, is still under the shadow of extradition proceedings for the same crime that cost Niemoth his liberty.

UNION RECORDS SEIZED

The first of twenty-two secret warrants issued yesterday by Judge Lyle was served today on Marcus Looney, business agent for a local union. The war on asserted rackets was carried into the Chicago chauffeurs', teamsters' and helpers' union by State's Attorney raiders late today. The police seized records and took Samuel Alex, secretary, to the racket bureau to be questioned.

STIMSONS' PET TERRIER BALKS BURGLAR'S VISIT

WASHINGTON, Oct. 16. (AP)—"Cricket," pet Scotch terrier belonging to Mrs. Henry L. Stimson, was the hero today of the Secretary of State's household as a result of the dog's springing to action last night when a burglar attempted to enter the Stimson home, Woodley.

The Secretary said the intruder attempted to enter a second-story window while the Secretary and Mrs. Stimson were resting before dinner last night. Attracted by the noise, Cricket went to the window and barked, causing the Secretary to open the shutters and frighten away the prowler.

"Cricket has been a family institution, but he is our hero today," the Secretary said.

AMERICANS HONORED BY NICARAGUA

Medals of Merit Awarded to Thirty-seven Officers for Election Service

WASHINGTON, Oct. 16. (AP)—The Nicaraguan medal of merit and medal of honor have been awarded to thirty-seven American naval officers and men by President Moncada of the Central American republic for assisting that country in "re-establishing law and order" in its elections.

All those honored served in the special service squadron in Nicaraguan waters the last three years. Moncada also awarded posthumously this week the medal of merit to seven Marine Corps officers and thirty-two enlisted men who lost their lives in Nicaragua during bandit operations.

Rear-Admiral David F. Sellers, present Judge-Advocate-General, and Rear-Admiral Julian L. Latimer, retired, of Charleston, W. Va., were awarded Presidential medals of merit.

Among those awarded the bronze medal of honor are Rear-Admiral Edward H. Campbell, Oakland, Cal.; Lieutenant-Commander Thomas R. Cooley, Grass Valley, Cal., and Lieutenant-Commander Brython P. Davis, Mill Valley, Cal.

RECORD FOR APPLE PACKING SHATTERED

WENATCHEE (Wash.) Oct. 16. (AP)—Breaking the apple-packing record by sixty boxes, Tom Price, Wenatchee, packed 378 boxes of Rome Beauties here yesterday. The previous record of 318 boxes was set by Joe Connelly of San Diego on the 8th inst.

Mrs. Joe Sweet of Wenatchee broke the woman's record, turning out 314 boxes.

WOMAN DRY DENOUNCES MORROW

Wet Press and Canadian Liquor System Also Scored by W.C.T.U. President

GRAND RAPIDS (Mich.) Oct. 16. (AP)—The Senatorial candidacy of Dwight W. Morrow in New Jersey, the "wet press" and proposals that the United States adopt the Canadian plan of government control of liquor were criticised last night by Mrs. Ella A. Boole, national president of the W.C.T.U., in a speech before the annual State convention of the Michigan organization.

Mrs. Boole charged Mr. Morrow with "overriding the platform on which Herbert Hoover was elected and his policy of law enforcement."

Discussing the "wet press," the national president ridiculed "headline writers who for the sake of a headline misrepresent subject matter."

The Canadian liquor-control system," she said, actually is little more than government sale, and rather than controlling has all the evils manifested under the American prohibition law and very little of the good. She said government control does not do away with the bootlegging problem and it makes every hotel room a "potential saloon."

MEXICO'S CHIEF CITES HARMONY

Ortiz Rubio Tells of Accord Throughout Government

Railroaders and ex-Soldiers Informed Crisis at End

Late Political Situation Laid to "Personal Politics"

MEXICO CITY, Oct. 16. (AP)—The heads of all branches of the government are working in harmony, President Ortiz Rubio told 500 railroad workers and former soldiers today.

Reiterating that the Mexican political crisis is ended, the President assured the group, which called on him at Chapultepec Castle, that the seriousness of the situation had been greatly exaggerated by men who spread rumors in an effort to benefit through speculation during abnormal conditions.

He blamed "personal politics" for the crisis.

Prior to the naming of Gen. Lazaro Cardenas as head of the National Revolutionary party, members of the party executive committee and prominent figures in Congress visited the President yesterday to assure him that both the party and the Congress will give him unanimous support.

Ortiz Rubio thanked his visitors for their allegiance and, according to versions printed in today's press, said he would prefer to resign rather than try to govern if he did not have the support of Congress and the party.

55 years of Telephone Progress

And a cordial welcome to the "Telephone Pioneers of America"

1875
1895
1915
ATLANTIC OCEAN
SOUTH AMERICA
AFRICA
1930

SOUTHERN CALIFORNIA today extends cordial welcome to a unique and interesting institution: the *Telephone Pioneers of America*.

The purpose of this national association, whose seventeenth annual gathering will occur here today and tomorrow, is to recall and perpetuate the facts, traditions and memories attaching to the early history of the telephone; and to promote and renew the friendships and fellowships made during the progress of the telephone industry.

There are today about 438,000 people employed in the Bell System. In Southern California alone, 10,600 persons are in the telephone service. But the significant title, *Telephone Pioneer*, is for those men and women in the nation whose 21 years and more in telephone work, and whose achievements and contributions to the upbuilding of the Spirit of the Service, have given them a place apart.

It is but 55 years since man first talked through a telephone instrument. It is but 15 years since transcontinental service became a reality. Today the Bell System links 20 million telephones in America with each other and with those of foreign lands.

These visitors to Los Angeles are from the switchboards, laboratories, offices and workshops of the Bell System. They have played an important role in the development of this modern age. They are indeed the heart of the Telephone Service. It is a privilege to have them with us. To the delegates, families and friends of the Telephone Pioneers of America we most heartily extend welcome.

SMITH-RICE NUPTIAL TIE IN TANGLE

Daughter of Sports Writer and Prominent Socialite May Seek Divorce

NEW YORK, Oct. 16. (Exclusive) The duplex apartment on Park avenue where Sydney A. Smith, wealthy and socially prominent broker, and his bride, the former Florence Rice, announced they would reside on their return, September 1, from their European honeymoon, has never been occupied and never will be by the young couple because they have separated permanently, friends said today.

Sydney's friends are calling on him across the street where he kept bachelor quarters before his marriage last June to the only daughter of Grantland Rice, sports writer. Mrs. Smith can be found at her parents' home.

The bride's friends say she is planning to get one of those Mexican decrees of divorce as soon as possible. Their respective families will not discuss the situation.

The end of the brief romance between Smith, reckoned one of Manhattan's most illustrious bachelors, and his bride was not unexpected. While they were still honeymooning in England there were reports they had found themselves "temperamentally mismated." They separated on their return here, it is said, in the hope that a few weeks of reflection might be conducive to better understanding. This, it appears, is not to be.

PRIMARY FRAUD CHARGES HEARD

Senate Funds Committee Has Nashville Hearing

Man Beaten by Brock Avers Law Was Broken

Negroes Seen Voting Twice in Memphis, He Says

NASHVILLE (Tenn.) Oct. 16. (AP) Testimony citing purported irregularities in the conduct of the Democratic Senatorial primary in Shelby and Macon counties last August occupied the attention of the Senate Campaign Funds Investigating Committee today.

However, before leaving tonight for Memphis, Chairman Nye told newspaper men that on the strength of information received at the hearing here, "as an individual," he would not feel warranted in objecting to the credentials of any of the men nominated for the Senate in Tennessee's August primaries.

VIOLATIONS CHARGED

Dr. John R. Neal of Knoxville, defeated by Senator Brock of Chattanooga in the race for the Democratic nomination for the short Senate term from November to March, told the committee he spent primary day in Memphis. He testified that "I did not see a single provision of the law that was not violated there."

Charging that "from 5000 to 6000 Negroes" were voted in the Democratic primary in Shelby county (Memphis,) Dr. Neal testified he saw one group of Negroes voted in two voting precincts. He said; "Although something more than 28,000 votes were recorded," he does not believe the actual vote in Shelby county exceeds 12,000.

Dr. Neal testified Senator Brock received the benefit of $500,000 spent during the primary campaign. This statement was challenged a few minutes later by Senator Brock.

STABBING EXPLAINED

Mystery surrounding the stabbing last night of James N. Cox, a witness summoned before the committee, was cleared today with a formal explanation by the victim that the incident occurred while he was trying to quiet a man who was "intoxicated and inclined to be boisterous."

Reports that Cox had been wounded seriously also simmered down to the statement by his physician that the wound was "little more than a scratch."

Cox asserted the incident had nothing whatever to do with the Nye investigation.

Fair Crowd Sees Aviator Killed

DILLON (S. C.) Oct. 16. (AP)—Thousands of visitors at the Dillon County Fair today saw John B. Maxwell, flyer of Spartanburg, S. C., hurtled out of his plane and killed. A parachute jumper had leaped from Maxwell's plane and was floating earthward when the craft turned over and Maxwell fell out. His body was picked up half a mile from where the plane crashed.

LONG-LIPPED AFRICANS TOO WILD FOR CIRCUS

SARASOTA (Fla.) Oct. 16. (AP) Twelve long-lipped Urangis from Africa, brought to this country for exhibition by the late Eugene Bergonier, French explorer, are on their way home today from the Sarasota winter quarters of a circus because showmen don't understand the temperaments of jungle tribesmen.

Before the circus left the road for the season, Beronier and his charges disagreed over financial affairs. Bergonier left the show in fear of his life, circus men said, and came here with his wife.

He became ill with septic pneumonia soon after the circus returned here and died Monday.

The Urangis said their tribal spirits brought illness to the explorer, and held such a noisy demonstration when they learned he was dead the circus men were forced to confine them.

Finally it was decided to send them back to Africa. The group consists of eight men and four women, including the king and the queen of the tribe.

Dominion Has New Gold Rush

ELK LAKE (Ont.) Oct. 16. (AP)—The gold fever which sent men across a continent and over leagues of ocean to California and the Klondike has broken out among hundreds of prospectors massing upon Bannockburn township, fifty miles north of here, where discovery of gold in rich quantities has been reported.

The field has been almost solidly staked in the past two weeks and already prospectors are invading the adjoining townships of Baden, Hincks and Argyle.

Knoxville Has Brief Tremor

KNOXVILLE (Tenn.) Oct. 16. (AP) An earth shock of brief duration was felt through the business district of Knoxville and over the eastern and western residential areas just before 5 o'clock this afternoon.

In the business area it was reported that desks, chairs and tables moved appreciably.

MAN DRINKS POISON

SAN FRANCISCO, Oct. 16. (AP)—After lying down on a flowerbed in a cemetery at Lawndale, an unidentified man ended his life today by swallowing poison.

'LEGS' SHOOTING CLEW TRACED

Attack on Diamond Laid to $50,000 "Hold-out"

Hotel Man Sought as Result of Underworld Report

Doctors Say Racketeer Has Chance for Recovery

NEW YORK, Oct. 16. (AP)—An underworld story that the shooting of Jack (Legs) Diamond last Sunday was in reprisal for the gangster's asserted retention of $50,000 paid him last August to obtain protection for a Brooklyn brewery was under investigation today.

Dist.-Atty. Crain said he was informed "Waxie" Gordon, Broadway hotel owner and reputed beer racketeer, gave Diamond the $50,000. Detectives are looking for Gordon.

Diamond, the story goes, went to Europe on the money and the brewery was raided while he was gone. "Legs" was reported to have been ordered to pay up before noon last Sunday. Just about noon Diamond was shot.

Physicians said today for the first time Diamond has a chance to recover.

Angelenos Lose Liquor Appeal

SAN FRANCISCO, Oct. 16. (AP)—Fred Casalichio and Fernando Panetti of Los Angeles, who appealed a conviction for manufacture and possession of liquor and possession of a still, were denied their plea by the State Supreme Court here today.

The men, convicted in Los Angeles, contended manufacture of liquor covered all three charges, and that to add penalties for possession of liquor and the still constituted a violation of their constitutional rights.

Six-Cylinder Machine Uses Oil as Fuel

WASHINGTON, Oct. 16. (AP)—A fifty-horsepower Diesel oil-burning motor may displace all gasoline engines in small boats of the Navy on completion of service tests to be conducted soon.

Experiments with a fifty-horsepower Diesel at the Navy's experiment station in Annapolis are said to have demonstrated the value of the motor.

Battleships carry ten motor launches for use in transporting men and supplies between ship and shore. Cruisers carry seven such boats and there are two on each destroyer.

The motor is a six-cylinder, four-cycle engine, rated at fifty horsepower with 850 revolutions per minute.

ACCIDENT MARS HEARST PARADE

Thirteen Injured by Blast of Flashlight Gun

Pandemonium Reigns at Bay City Reception

Photographer May Lose Sight of One Eye

SAN FRANCISCO, Oct. 16. (Exclusive)—Thirteen persons were injured today when William Randolph Hearst's pat-me-on-the-back tour was thrown into a panic by the explosion of a bottle of photographer's flashlight powder. One of those hurt, George Sheldon, photographer for Hearst's morning newspaper, the Examiner, lost a thumb, his right hand was badly lacerated and it was reported he might lost the sight of one eye.

OTHERS INJURED

Others injured are:

John W. Preston, associate justice of the California Supreme Court, ear cut.

Timothy I. Fitzpatrick, Superior judge, face cut.

Matthew A. Brady, District Attorney, cuts.

William P. Stanton, Supervisor, chin cut.

Franck R. Havenner, Supervisor, struck on head by piece of falling cornice.

Joseph M. Golden, Municipal judge, hands and legs cut by flying glass.

Frank T. Deasy, Municipal judge, hands and legs cut.

Edward Rainey, secretary to the Mayor, hand cut.

D. Wooster Taylor, Examiner reporter, leg cut.

Jack Heywood, hand cut.

Mrs. Alice B. McDonald, widow of M. Jasper McDonald and family friend of Hearst's mother, temporarily deafened and burned on ankles.

Mrs. Page Russell, shock.

Several score others were frightened, but escaped physical injury.

HEARST UNHURT

Hearst himself, who was about fifteen feet from the photographer responsible, was unhurt, as were Mayor Rolph and Supervisor Gallagher, each of whom had delivered themselves of well-rounded phrases of encomium.

Hearst had just completed his own daily presentation of his well-known monologue, "Why I got kicked out of France," when the explosion occurred. Its force was so great a piece of the cornice high in the City Hall dome was loosened and fell and the tremendous echo which reverberated through the City Hall rotunda brought shouts of "bomb" and police came tumbling into the confusion with clubs or pistols drawn.

Sheldon, the injured photographer, had taken one flashlight picture and was just about to take another when there was a terrific crash. It is believed the overheated flash pan ignited the new charge of powder prematurely or a spark escaped from the igniting cap and touched off the stream of powder as it came cascading from the bottle Sheldon held tipped above the pan.

PRISON HELD "HELL HOLE"

Medieval Forms of Torture Declared Practiced on Inmates of Connecticut Penitentiary

HARTFORD (Ct.) Oct. 16. (Exclusive)—Charges that Connecticut State prison at Wethersfield is a "hell hole on earth," made so by medieval forms of torture inflicted on recalcitrant prisoners, will be presented here next Friday to the State Board of Welfare, following a secret investigation by State officials, it was learned today.

Prisoners who break the rules are put into solitary confinement, handcuffs are placed on their wrists and locked to a chain suspended from the ceiling, forcing them to stand on their toes with their arms stretched over their heads, the investigation revealed.

PASTOR STARTS QUIZ

The investigation followed the revelations of the torturing of prisoners made by the former Protestant chaplain of the prison, Rev. William H. Smith, who resigned September 30 to become pastor of the Christ Episcopal Church at Schenectady, N. Y.

"I couldn't stand it any longer there in that hell hole," said Smith, explaining his resignation. "The brutality is debasing both the convicts and prison employees."

STARVATION DIET

The prisoners sent to solitary confinement, he said, had to stand suspended on their toes eight hours a day, seven days a week. If they failed to stand on their toes, and sagged on the chain, the steel handcuffs would cut into their wrists.

His charges that the men also were put on bread and water with but one prison ration every three days are substantiated by former Deputy Warden George Patterson, who resigned several months ago.

HUNDREDS SENTENCED IN BOMBAY

Police Seize 250 All-India Congress Members and Put Them All in Prison

BOMBAY, Oct. 16. (AP)—The police today arrested and sentenced to prison terms 250 all-India Congress members, including Aziz Huseinshoy Lalji, secretary of the last war council of the Congress and son of the President of the Bombay municipality.

Bombay, in the midst of a three-day stoppage of work, saw terms of nine months of rigorous imprisonment imposed upn Lalji and several others and lesser terms given nearly all the rank and file of the Congress who had been taken in a raid under the newly acquired vice-regal powers making such organizations unlawful.

Usman Sobhani, the new Congress dictator, addressed a large group outside of Congress House and declared the building open. The police later raided Congress House and arrested two men.

Peruvian and German in Duel

LIMA (Peru) Oct. 16. (AP)—Gen. Wilhelm Faupel, the German who formerly was inspector-general of the Peruvian army, and Peruvian Lieutenant-Colonel Eduardo Lembecke fought a saber duel today as the result of a fistic encounter several days ago.

The duel is understood to have been a sanguinary affair, as the seconds were obliged to stop it, but the injuries to the participants have not been ascertained.

BOSTON, Oct. 16. (AP)—The Harvard Alumni Bulletin, weekly magazine, written and edited by Harvard graduates, tomorrow in an editorial will criticise the Harvard Crimson undergraduate daily for its recent attack on the American Legion convention in Boston.

After quoting several statements from the Crimson the editorial will say: "We are disposed to make allowances for the immaturity of Crimson writers, but the editorial from which we have quoted cannot be condoned even on that ground."

California Next to New York in Radio Set Total

WASHINGTON, Oct. 16. (AP)—Radio receiving sets in use in the United States July 1 were estimated by the Commerce Department today at 13,478,600.

New York, with 1,752,000, had the largest number, California was second with 1,470,000 sets, or more than several States which exceed her in population.

Other State totals were: Illinois, 1,060,000; Pennsylvania, 977,000; Ohio, 845,000.

Two Youths Die in Plane Crash

PORTERVILLE, Oct. 16. (Exclusive)—G. W. Jessup, 17-year-old son of Mr. and Mrs. Charles G. Jessup of Lindsay, was instantly killed about 7 o'clock this morning, and Leo Thomas Roberts, 26, son of Mrs. Wallace Slack of Lindsay, died a few moments later, when the Barling low-wing monoplane in which they were flying crashed on North Fourth street in this city. The plane fell in an open field between the Santa Fe Railroad tracks and the Pioneer ditch, one of the main irrigation canals.

Grand Officials Take Steps to Punish Frauds

Forged Charters Used to Mulct Victims

SAN FRANCISCO, Oct. 16. (AP)—Existence of racketeers who prey upon Filipino and Mexican workmen by "initiating" them into spurious Masonic lodges was revealed here today before the California Grand Lodge of Masons.

Hundreds of laborers are being victimized through such fraudulent memberships yearly, William A. Schreider of Los Angeles, chairman of a committee on clandestine Masonry, said in a report.

"The scheme is growing common in farming districts," said Grand Secretary Whicher. "And its growth is especially marked in the San Joaquin and Sacramento valleys.

"Bogus lodges are organized and its 'members' shown forged charters. Each gives up $5 or more as an initiation fee. Nobody suspects anything until the 'organizers' suddenly disappear with the money."

Three new bona fide lodges were granted charters today. They are Willow Glen Lodge, No. 676, of Willow Glen, Liberal Arts Lodge, No. 677, of Los Angeles, and Altadena Lodge, No. 678, of Altadena, Los Angeles county.

DOTS AND DASHES WED PAIR

Telegraph Used to Unite Girl in Minneapolis and Bridegroom at Anchorage, Alaska

MINNEAPOLIS, Oct. 16. (AP)—While the minister and bride stood beside a clicking telegraph instrument in Minneapolis and the bridegroom was in a cable office at Anchorage, Alaska, a Minneapolis couple were married by telegraph today.

They were William Kinsell, head of the motor equipment department of the government railroad in Alaska, and Miss Vivian Brown. Both have their homes in Minneapolis.

Press of business which took Mr. Kinsell to Alaska brought about the unique ceremony.

Rev. L. J. Beynon of Calvary Baptist Church here, officiated. Standing beside an operator in a telegraph office, he addressed questions to the bride and then sent them by telegraph to the bridegroom. The messages went by wire to Seattle and from there by cable to Anchorage. The replies came promptly.

It took about ten minutes to put the questions, and about the same length of time to receive the answers. The whole ceremony consumed little more than half an hour. Mrs. Kinsell planned to leave at once for Alaska to join her husband there.

Adventists in Preconvention Meet at Omaha

OMAHA, Oct. 16. (AP)—A suggestion that more business responsibility should be placed on laymen and that pastors be freed of tedious business problems was given full support by world leaders of the Seventh Day Adventist Church in an informal meeting preceding the world conference which opens here the 23rd inst.

C. K. Meyers, of Washington, secretary of the conference, tonight stated that while the informal council this week may recommend some changes in policy or procedure, none will be effective until the church council passes upon them at the conference.

Sessions at which the work of the church and its policies were reviewed held attention this afternoon and tonight.

Easy Jobs Lost by Leopold and Loeb in Prison

JOLIET (Ill.) Oct. 16. (AP)—Nathan Leopold and Richard Loeb, "thrill" slayers of Bobby Franks, were assigned to hard labor as they began serving the seventh year of their life imprisonment in the Joliet penitentiary today.

Until today Leopold had served as secretary to the prison chaplain and Loeb as a messenger at the new prison building in near-by Stateville. Leopold was transferred to shop work at the new prison and Loeb was ordered to report to the shops at Joliet.

Leopold's fall from grace was ascribed to the fact that he served a summons from the chaplain to a prisoner at mess in violation of a prison rule.

EXPEDITION GETS TONS OF RELICS

Fossil Material Found by Harvard Party Near Torrington, Wyo.

CAMBRIDGE (Mass.) Oct. 16. (AP) Extensive oligocene fossil deposits including the remains of animals and birds have been unearthed by a Harvard University expedition near Torrington, Wyo., the university announced here today.

The expedition, sponsored by the Museum of Comparative Zoology at Harvard, made its discoveries during the past summer and brought back more than 6000 pounds of fossil material. This comprised chiefly bones of the little known three-toed horse mesohippus and rhinoceros caenopus.

On one of several side trips the explorers found a dinosaur deposit hitherto unknown and another a complete skeleton of a promerycocoerus, an omnivorous animal about the size of a pig.

Woman Hater's Will Contested

LE MARS (Iowa) Oct. 16. (AP)—Mrs. Margaret Becker filed an objection today to the will of her father, T. M. Zink, who left his estate for a "womanless library." She claims that he was the victim of a monomania.

Her attorney submitted a petition in District Court asking that the will be refused probate on the ground that Zink was of unsound mind. His hatred for women, extending over many years, had grown into a partial insanity, they contended.

German Talks on Restoring of Crippled Limbs

Achievements in Same Line at Home Described

Specialists Heard at Meeting in Philadelphia

PHILADELPHIA, Oct. 16. (AP)—Operations by which he said cripples have regained power to walk and children enabled to straighten arms and legs, flexed tight for years, were described by Dr. Otfried Forester of Breslau, Germany, at a symposium of the clinical congress of the American College of Surgeons, in session here.

He told of curing patients whose legs could not be uncrossed, or whose fingers were gripped by cutting a tendon or muscle which could be "dispensed with without harm." He also told of lengthening the tendons in a child's legs so the child was able to extend his legs and walk for the first time.

METHODS SHOWN

The methods employed were illustrated with slides and motion pictures, all photographed in the Wentzel-Hancke Krankenhaus in Breslau, where Dr. Forester is chief physician of the neurological department.

Dr. Summer L. Koch of Chicago described operations on contractures of the hands. He pointed out that after hands have been burned or crushed, scar tissue sometimes causes fixation of the hand, with loss of power to move the fingers. Many hands, he said, have been made normal by transplanting thin grafts of skin or subcutaneous tissue.

TRIBUTE TO CHICAGOAN

Dr. Koch paid tribute to Dr. Allen B. Kanavel of Chicago, as deserving "a major share of the credit for developing these methods."

Dr. Frederick J. Cotton of Boston said some of the most difficult cases a surgeon has to deal with are fractures in which the tissues have been torn or have become infected. He said methods of cleaning and disinfecting such tissues, including the application of oxygen to the wound, have been developed.

In a symposium on electro-surgery, Dr. Kanavel said the radio knife can be used more effectively in some operations than the knife forged of steel. The radio knife, a needle emitting hot sparks generated by radio-frequency currents, he explained, can both cut and prevent bleeding.

CANCER HOSPITAL CHAIN ADVOCATED

PHILADELPHIA, Oct. 16. (AP)—The creation of five or six great institutions at strategic points throughout the country to be devoted to the fight against cancer was recommended today by Dr. James Ewing of the New York Skin and Cancer Hospital at a round-table conference at the clinical congress of the American College of Surgeons.

Dr. Ewing said the institutions would cost about $10,000,000 each and one or two should be government-owned and the others privately owned.

FRENCHMEN GET DALLAS HOP CHECK

Coste and Bellonte Also Receive $45,000 Left From Good-Will Fund

NEW YORK, Oct. 16. (AP)—Dieudonne Coste and Maurice Bellonte received the $25,000 Easterwood prize today for their one-stop Paris-New York-Dallas flight at a luncheon of the Advertising Club.

Col. William E. Easterwood, Jr., of Dallas, Tex., presented a check for $25,000 after a brief presentation speech.

Coste responded, telling of his pleasure in the recent good-will tour of the country.

The check was printed in four colors and showed a map of the Paris-New York-Dallas route. It cost $200.

It was learned the flyers were privately given a check for $45,000 yesterday, the unexpended remainder of a fund raised by the Good-Will Flight Committee.

Reds in Plea of Not Guilty in Hurley Case

OKLAHOMA CITY, Oct. 16. (AP)—J. I. Whidden and R. T. Pierce, professed Communists arrested yesterday after making an asserted vocal demonstration against Secretary of War Hurley, pleaded not guilty to a riot charge today before Justice of the Peace White. Their bonds were fixed at $500 each and, being unable to furnish them at once, they were returned to the Oklahoma County Jail.

The men spent last night in jail. Secretary Hurley departed shortly before noon by airplane for Enid, Okla., where he and Ira Hill, Republican nominee for Governor, were to speak.

Dope Smuggling in Philippines Termed Serious

WASHINGTON, Oct. 16. (AP)—Narcotic smuggling conditions in the Philippine Islands are described by the United States government as serious in a report to be transmitted to the League of nations narcotic committee.

It was learned today the Narcotic Bureau of the Treasury is preparing the report which will say that during the Calendar year 1929 the authorities seized 1023 kilogrammes, or more than one ton of prepared opium in the islands. The seizures, narcotic officials said, represented only a small portion of the quantity attempted to be smuggled.

THIEF REWARDS YOUNG VICTIM

Messenger Boy Sent Watch in Place of 28 Cents Stolen From Him

CHICAGO, Oct. 16. (AP)—For 28 cents Martin Naiman, a messenger boy, got a perfectly good watch, but he isn't sure that he knows just what to do with it.

He was held up and robbed of the 28 cents the other night by a robber who yesterday sent him a package containing the watch and a note which read:

"Thanks for the life your 28 cents gave me. It helped me to bigger things."

Russian Wheat Shipped to Swiss

GENOA (Italy) Oct. 16. (AP)—Two ships carrying Russian grain arrived here today and unloaded a total cargo of 12,500 tons of wheat, most of which was destined for Switzerland.

The ships were the English freighter Majestic and the soviet ship, Novorosisk.

MEXICAN GENERAL CLEARED IN REVOLT

MEXICO CITY, Oct. 16. (AP)—Gen. Claudio Fox, former military commander of the State of Oaxaca, has been cleared by the supreme military court of charges of participation in the Escobar revolution. The court ordered that Gen. Fox be reinstated to good standing in the Mexican army.

BRITISH DISCUSS RUSSIAN WHEAT

Imperial Conference Takes Up Trade Problem

Heavy Market Carry-overs Especially Reviewed

Quota System of Purchasing Comes in for Study

LONDON, Oct. 16. (AP)—Russia's dramatic re-entry into the world's wheat markets occupied the committee of the imperial conference under William Graham, president of the British Board of Trade, today.

The committee reviewed the whole wheat situation with what were termed its "abnormal carry-overs" and the growth of production of the great wheat-growing countries.

But the question of Russia's available surplus remained unsolved.

Pending the preparation of documents by experts, the committee further generally discussed the quota system of purchasing wheat and its application to grain buying by Great Britain. Under this plan Great Britain's wheat needs would be met by a fixed percentage of home-produced grain, plus fixed percentages from the dominions and from foreign countries.

PARALYSIS OUTBREAK ON DOWNWARD TREND

WASHINGTON, Oct. 16. (AP)—An outbreak of infantile paralysis was shown to be on a decided downward trend by reports compiled at the Public Health Service today. Cases number 553, compared with 647 last week. California cases dropped from sixty-eight to fifty-seven.

REVERSAL ASKED ON RAIL RULING

Brief Presented High Court on Commission Decision

Road Body Held Powerless to Fix Property Damage

Grade Crossing Elimination Declared Hampered

SAN FRANCISCO, Oct. 16. (AP) A brief asking the State Supreme Court to reconsider its decision holding the State Railroad Commission was powerless to fix damage to private property in condemnation proceedings was filed with the high court today. The brief was signed by attorneys for the State Division of Highways, the Automobile Club of Southern California, and the city attorneys of Los Angeles, San Francisco, Berkeley, Richmond, Stockton, Santa Barbara, Sacramento, Fresno and San Jose.

The case in question arose from the proposed relocation of the Southern Pacific tracks in San Jose. The Supreme Court held the Railroad Commission was without jurisdiction in attempting to fix damages in condemnation proceedings of private property. The commission's jurisdiction extends only to property owned by public utilities, the court held.

Supreme Court justices who dissented filed an opinion holding the commission did have such power and held that to curtail it would hamper the commission's program of eliminating grade crossings throughout California.

Farmer Gives Talk Before Foreign Trade Club

Eyes of All Nations Declared Turned Toward City

Stronger Commercial Ties Forecast by Speaker

That intense interest is being aroused throughout the world in Los Angeles as the scene of the Olympic Games in 1932 and that they will have a significant bearing on the future of Southern California was the information given by Zack J. Farmer, general secretary and manager of the Olympic Games organizing committee here, in an address before the Foreign Trade Club of Southern California at the City Club yesterday.

Twelve thousand publications in many different countries are being serviced with details of the forthcoming games, he said. Many publications devote large space to reproducing similar information gleaned from magazines and other issues put out by the Los Angeles committee. In nearly every nation of the globe thousands of readers not only are being given opportunity constantly to read of Los Angeles, but likewise to view pictures of scenes in and about the city.

SPECIAL RATES

The barrier of distance for athletes and spectators from all parts of the world has been successfully overcome by arrangements for moderate transportation rates and other expenses, said the speaker, thereby bringing the promise of larger teams than ever from the member nations and an enormous attendance of patrons.

Stressing that the games as purely amateur contests are devoid of any plan or intent of commercialism, Mr. Farmer directed attention to the fact that from the international accord they promote is likely to come a strengthening of international contacts of extensive trade value. The progress being made in preparation for the games here is so satisfactory to the head of the international organization, he asserted, that he did not think it necessary to come here to study it, though recently in this country. The friendship and admiration of this leader and his associates for Los Angeles and all Southern California have been enthusiastically expressed, Mr. Farmer declared.

WORK DESCRIBED

Following details of the instituting of modern Olympic Games as an important factor to promote international amity, the speaker presented a vivid word picture of the work essential in preparing for them and of the large part Los Angeles will take in furthering the Olympic Games as an institution.

William May Garland, president of the Olympic Games committee, who was to have been the speaker at the foreign traders' meeting, was unable to attend and Mr. Farmer appeared for him. The speakers' description of Mr. Garland's initiative in promoting Los Angeles for the games in 1932, his subsequent efforts and their gratifying results was a tribute to his ability and patriotism.

Bread Cast on Waters Brings to Giver Home

ROSCOE, Oct. 16.—Bread cast on the waters is sure to return some way or other. Mrs. Eva Frasl yesterday was given a deed to the home of the late Mrs. Theodore Hobgood, at 11107 Cantara street, Roscoe, by the heirs of the deceased. The gift was in appreciation of the friendship and care Mrs. Frasl had given in recent years to Mr. and Mrs. Hobgood. Mrs. Frasl will remodel the dwelling and make it her home.

Tale of Abuse Wins Decree

Her husband promised to be good—when the police were in their home—Mrs. Celeste Harper testified yesterday in asking a divorce from George Harper.

"My husband knocked me down," she asserted. "When I called in the police he promised to behave. But as soon as the officers were out of sight he struck me again and finally threw me out of the house and burned my clothes."

Superior Judge Bishop granted her a decree.

CAFE BURGLAR SEEN COOKING SELF MEAL

Hollywood detectives yesterday were endeavoring to pick up the trail of a hungry burglar who late Wednesday night invaded Jerry Hickey's cafe at 7223 Melrose avenue and escaped with several hundred dollars' worth of foodstuffs, but left the money safe untouched. Hickey reported the burglary when he opened for business yesterday morning. Several neighbors, he informed the officers, told him they had seen a man, presumably the burglar, preparing a meal alone in the cafe shortly after midnight.

INQUIRY INTO SUICIDE SCHEDULED FOR TODAY

Inquest into the death of Mrs. Elizabeth Consentino, 21 years of age, who fatally shot herself last Wednesday in her home at 133 South Johnson street, is scheduled for today at 1:30 p.m. at the Coroner's office. The young wife, mother of two small children, shot herself without warning while her husband, Robert Consentino, 24, a friend, Jack Larsen, 23, and the two children were in another room, according to police. The two men were held by police as material witnesses pending the inquest.

SAILOR'S WIFE FREED

Home meant nothing to her sailor husband, Mrs. Alice Cannon declared yesterday in obtaining a divorce from Ward B. Cannon of the crew of the U.S.S. Tennessee. Superior Judge Wilson granted her a decree.

ALBERS LEVY APPROVED

The assessment district map for the opening and widening of Albers street between Fulton avenue and Sunnyslope avenue was approved yesterday by the City Council.

WOMEN PLEDGE G.O.P. LOYALTY

Large State Vote Urged to Hearten Hoover

Confidence in President Strongly Voiced

Federation Re-elects All of 1930 Officers

The tocsin for Southern California Republicans to rally to the support of the Rolph-Merriam State ticket in the coming general election in such numbers as to constitute an overwhelming pledge of support to President Hoover and Republican principles was sounded in Glendale last night at the annual convention of the Southern California Federation of Republican Women.

Joseph Scott and Representative Evans were the G.O.P. leaders who made the chief appeals for a large Republican vote on November 4. Scott declared that a record-breaking majority for the Republican ticket would serve notice on the rest of the country that California Republicans are united behind the Hoover administration.

LOYALTY PLEDGED

The speeches were made at a dinner in the Glendale Masonic Temple which was the concluding event of the convention. Resolutions affirming loyalty to the State ticket headed by Mayor James Rolph, Jr., candidate for Governor, and President Hoover were adopted.

Approximately 200 persons were present last night when Frank F. Merriam, Republican candidate for the office of Lieutenant-Governor, was introduced and heard addresses by Representative Crail and Dist.-Atty. Fitts.

Telegrams expressing confidence in the work being done by Southern California's Republican women were received from President Hoover, Senator Shortridge and Rolph.

FAITH IN HOOVER

Other resolutions adopted by the women leaders called for abolition of so-called sectional differences within the State for the assurance of the complete Republican support of the Republican gubernatorial nominee in the coming election; pledged renewed confidence in President Hoover and favored adoption of Constitutional Amendment No. 9 that will make the Huntington Library in San Marino free from taxation, placing it on the same basis as a public museum.

The entire list of 1930 officers of the federation, headed by Mrs. Edith Van de Water of Long Beach, president, was re-elected to serve until 1931 when, under an amendment to the by-laws of the organization adopted at the morning session of the convention, officers will be chosen for two-year terms to obviate a change of administration in an election year.

OTHER OFFICERS

Other officers of the federation who will hold over until next year are:

Mrs. R. F. Garner, San Bernardino, vice-president; Mrs. James MacMullen, Coronado, vice-president; Mrs. George L. Wing, Banning, vice-president; Miss Nellie Kelley, Los Angeles, recording secretary; Mrs. Harry Chamberlain, Los Angeles, corresponding secretary; Mrs. Jean Strickler, Van Nuys, treasurer.

Mrs. Florence Collins Porter, South Pasadena, president emeritus of the Southern California Federation, and Mrs. O. P. Clark and Mrs. Ida Koverman, Los Angeles, president and secretary, respectively, of the State federation, were in attendance at the convention, along with large delegations from San Diego, Riverside, San Bernardino and other Southern California counties.

RADIO SINGER SUES FOR LARGE DAMAGES

NORTH HOLLYWOOD, Oct. 16. Miss June Parker, a radio singer, who was seriously injured in an automobile accident in San Fernando Valley, has filed suit for $50,000 damages against W. R. Price of 131½ North Adams street, Glendale. The collision is anserted in the petition to have taken place near here at Colfax avenue and Oxnard street. Miss Parker alleges skull injures which may result in permanent deafness to the sacrifice of her career as a singer. At the time of the impact she was a passenger in an automobile driven by William F. Bloecher of 1929 Whitley Drive, she alleges.

LITTLE INTERRUPTION TO TRAFFIC PROMISED

Just as little interruption as possible to traffic is the promise given by the contractor who now has Figueroa and Hoover streets and Vermont avenue torn up, the City Engineer reported yesterday to the City Council. The Community Development Association a few weeks ago complained to the City Council that now, with the football season opening, and huge crowds thronging to the Coliseum, the streets are being wrecked. The contractor having promised "little interruption," the Council yesterday pigeonholed the association's communication.

ABEL QUITS STATE POST

Walter D. Abel, chief engineer of the Division of Corporations and well known in mining and oil circles, has resigned, according to an announcement yesterday by Corporation Commissioner Garland. Abel will engage in private practice with headquarters in Los Angeles.

POISON DOSE TAKEN BY MISTAKE FATAL

Mistaking cyanide for bicarbonate of soda, which he customarily took for a stomach ailment, Archie Greene, 58 years of age, 609 Francisquito street, Baldwin Park, yesterday dropped dead in the rear yard of his home after swallowing a quantity of the poison, according to a Sheriff's report.

The stricken man was found by his married daughter, Mrs. Thelma Busek, who lived with him. He was pronounced dead by Dr. W. W. Reber of Baldwin Park and his body removed to the Baldwin Park funeral parlors, where an autopsy was performed by Assistant Autopsy Surgeon Webb of the Coroner's office.

Investigation by Deputy Sheriff Penprase disclosed that Greene's mistake resulted from the fact that the two substances were contained in boxes of identical size and shape, the officer reported.

as the Reds aided the Blues in the mimic fights and rejoined their friendly "enemies" yesterday at San Diego.

The few remaining tents at the airport will be removed today to Fort MacArthur, where a complete check on the data gathered during the maneuvers will be made by the directing officers and a report forwarded to Washington.

The problem ended last Wednesday night with a bombing "attack" and test of a Boeing pursuit plane, piloted by Lieut. L. D. Graves, to elude the beams of the 8,000,000-candlepower lights of the Coast Artillery.

Gin Bottles on Trails in Park Stir Inquiry

Full investigation as to the source of empty gin bottles scattered along the bridle trails in Griffith Park was ordered by the Park Board yesterday following a report by Supt. Shearer that the bottles are found after riders have used the trails at night without permission.

Shearer urged the employment of a night watchman. Commissioner Griffith suggested that two should be employed, so in case one of them got "shot" he could be brought in.

It was explained that the bridle trails close nightly at 8 p.m., except where the department grants permission for special parties of riders to use them after that hour. Shearer stated, however, that other groups of riders are using the trails after hours without permission and that the situation is getting out of control.

He was directed to obtain a complete report on all bridle trail activities for the commission.

Endurance Ship Forced to Land by Law Trouble

The law grounded the endurance monoplane Pride of Hollywood yesterday when aviation deputies of Sheriff Traeger seized the ship to which Elbrite Aero Corporation laid claim in a suit against Pilot Loren Mendell, head of the flight.

Roland (Pete) Reinhart, former co-pilot, and Monty G. Mason, described as a radio operator, also were named defendants for $3500, the asserted value of the plane, and $500 attorney fee.

Mendell said last night that part payment has been made in the suit and that he expects to get the legal barrier out of the way within three weeks and get in the air again.

If he goes up again it will mark the fifth time he and a crew of two men have attempted to set a record of 1000 hours in the ship.

Bail Forbidden in Arrests for Other Counties

Persons arrested in Los Angeles county in felony cases on warrants issued in other counties cannot legally be released on bail here. They must remain in the County Jail here until returned to the county where the warrant for their arrest was issued, according to an opinion handed down yesterday by County Counsel Mattoon at the request of Sheriff Traeger.

The opinion, which was drafted by Deputy County Counsel Cushman, holds that the State Penal Code and a decision of the Supreme Court makes it illegal for judges in one county to release prisoners on bail when the warrant for their arrest was sworn out in another.

ACTORS FORM LEAGUE FOR VOTING ACTIVITY

Articles of incorporation were filed yesterday in Sacramento by the Stage and Screen Voters' League with the purpose of supporting measures benefiting their profession. According to dispatches, the league will "advcoate, promulgate and sponsor the adoption of such measures as will benefit amusement on the stage and screen and promote their interests socially, politically and economically." Directors are Sam Hardy, Robert Emmet O'Connor, Charles Miller, Kenneth Thompson and Mitchell Lewis.

THEFT OF PENNIES AT NEWS STAND DENIED

Charged with stealing pennies from a newsboy's stand, Charles Harris, 66 years of age, of 1311 West Eleventh street, appeared before Municipal Judge Curtis yesterday. He pleaded not guilty and was released on $50 bail pending trial next Friday. According to Deputy City Prosecutor Johnstone, Harris was seen in the act of taking five pennies from a stack of papers at Sixth and Olive streets by Milton Newman, newsboy. When arrested he had thirteen 5-cent pieces in his pocket, Johnstone said.

ASSERTED BANDITS TO BE HELD FOR TRIAL

John H. Ingraham and Paul Veivin, asserted bandits, were ordered held for Superior Court trial on robbery charges yesterday by Municipal Judge Turney. Chris Matkovick, cook in a restaurant at 915 West Ninth street, identified the men as those who entered the restaurant and who obtained $75 from him after threatening him with a revolver. Ingraham and Velvin are also awaiting trial on additional robbery charges on which Judge Turney bound them over on the 8th inst.

Griffith Park Deer Shooting Quiz Ordered

Indications that hunters are shooting deer in Griffith Park which have been driven from the mountains by other hunters and have become tame after being fed at the park zoo, were reported to the Park Commission yesterday by Supt. Shearer, who was directed to make a complete investigation and report.

Shearer stated the horns and head of a buck, apparently shot, and with the carcass missing, had been found in the park by employees. He reported that fifteen deer had come down from the mountains and were being fed by park attendants.

POMONA MAN'S TRIAL IN AIR CASE DELAYED

Trial of John W. Thurman, Pomona business man, accused of violating the State Air Navigation Act, yesterday was continued until next Tuesday morning by Justice of the Peace White of Pomona.

Capt. Morgan of the Sheriff's aviation detail and Inspector Holubeck of the Department of Commerce testified for the prosecution yesterday.

Theft Clew in Letter Opened by Mistake

A letter opened inadvertently yesterday revealed with startling suddenness to Mrs. Amelia Magby of 1224 King's Road the whereabouts of a valuable beaded hang bag stolen from her under mysterious circumstances several months ago. It had been mailed in the Philippines and was addressed to a houseboy formerly employed by Mrs. Magby.

"And I thank you heartfully," it read in part, "for the extravagantly hand bag. The beaded work are a thing of artistic." It was signed with a woman's name.

Mrs. Magby gave the letter to Hollywood police, who are looking for the addressee.

Forest Arrests Deal With Fire

Arrests totaling fifty-eight were made in Angeles National Forest during September, it was reported yesterday by Forest Supervisor Mendenhall. It was stated that twenty-nine arrests were made for violations of the fire laws, twenty for the no smoking law and the others for building camp fires without a permit.

Supervisor Mendenhall reported the fire hazard now is very high and that great care should be exercised by autoists.

PRINCIPALS' AIDES LIST APPROVED BY BOARD

Appointment of substitute principals for all elementary schools for the ensuing school year was formally ratified by the Board of Education yesterday and the list of appointments made public. In most schools the substitute principals remain the same as last year.

DEATH CAR MOTORIST CONVICTED

Nicholson Found Guilty of Driving While Under Influence of Liquor

James T. Nicholson, Pico business man, yesterday was convicted of driving while intoxicated, in Superior Judge Fricke's court. The defendant originally was charged with murder, driving while intoxicated and failure to stop and render aid after an accident.

The complaint arose out of the death of J. F. McMahon, Belvedere barber, who was run down and killed on Whittier Boulevard bridge across the San Gabriel River on August 10, last. Nicholson later was arrested and accused of the crime. The charges of murder and failure to stop and give aid were dismissed by Judge Fricke when it was disclosed that deputy sheriffs had promised leniency to obtain a confession from the defendant.

After his conviction Nicholson was granted permission to file an application for probation. The probation matter will be heard by Judge Fricke on the 31st inst.

HUSBAND ACCUSED OF THROWING BOOK ENDS

New uses for book ends were asserted yesterday by Mrs. Lavenia E. Bronson in asking for a divorce from Fred L. Bronson, a chemist employed by a paper-box company. The wife told Superior Judge Burnell that her husband threw an iron book end at her. She also asserted that Bronson slapped her and that he told her a sheriff would serve papers on her. Judge Burnell granted Mrs. Bronson a divorce, with custody of her children, Mary, 8 years of age, and Joyce, 4. The judge also approved an agreement whereby Bronson will pay $300 a month for the support of Mrs. Bronson and the children.

Frank Merriam Backed for Lieutenant-Governor

By-laws Amendment Results in Deferring Election

GLENDALE, Oct. 16.—Women of the southern district, California Federation of Republican Women's Clubs, meeting here today in annual convention, adopted resolutions indorsing the candidacy of Mayor James Rolph, Jr., for the Governorship, and of Frank E. Merriam as candidate for the office of Lieutenant-Governor. Mrs. Sarah E. Kellogg, candidate from the Fifty-first District for the State Assembly, was also indorsed by the convention that met in the Masonic Temple.

An amendment to the by-laws was adopted providing that officers be chosen for a two-year period, with election scheduled for the year prior to each national Presidential election. The object of the amendment, it is explained, is to permit the organization to lend stronger support to the Republican Presidential candidate. Adoption of the change eliminated the election that had originally been scheduled for today and left Mrs. Charles F. Van De Water, district president, and the members of the executive board who have completed a two-year term, still in office until next year. County presidents, who rank as vice-presidents in the major organization, are not included in the provisions of the amendment. Those who hold over until next year are Miss Nellie Kelley, Los Angeles, recording secretary; Mrs. Harry A. Chamberlain, Los Angeles, corresponding secretary, and Mrs. Jean Kelly Strickler, Van Nuys, treasurer.

Mrs. Samuel G. McClure, president of the Glendale Republican Women's Study Club, the host organization, and her committees aided in the reception of the delegates and in the preliminary plans for their welcome.

Congressman and Mrs. W. E. Evans were guests of honor at a banquet held tonight at which Joseph Scott, Los Angeles attorney, was the principal speaker.

Condemnation Suits Begun on State Park Site

SANTA ANA, Oct. 16.—Showing that the State Park Commission has definitely decided upon the Huntington Beach site in Orange county as a location for the proposed State park, condemnation proceedings were instituted today in Superior Court here by the State, naming owners of the various parcels of property involved as defendants.

Inability of the property owners and representatives of the State and county to agree upon an appraisal of the 324 acres comprising the site led to the filing of the condemnation suit, which was brought by Atty.-Gen. U. S. Webb and his assistant, Neil Cunningham, against a group of twenty-five defendants, headed by A. C. Thorpe.

That the property owners will contest the action and endeavor to obtain damage judgments equal to the price of approximately $1,482,000 that they had fixed upon the property was indicated by T. B. Talbert of Huntington Beach, who has been instrumental in bringing the Huntington Beach site to attention. The State and county appraisers fixed a valuation of $618,000 upon the property.

Henry W. O'Melveny, Los Angeles attorney, who heads the State Park Commission, has been endeavoring, Talbert said, to simplify the litigation by arranging an agreement with the property owners by which each side would produce as witnesses at the court hearing a limited number of valuation experts, from whose testimony the court could make its decision without drawn-out hearings.

Whether this agreement will be reached is a question so far in doubt, Talbert said. In official circles generally it is believed that the condemnation suit will be bitterly fought.

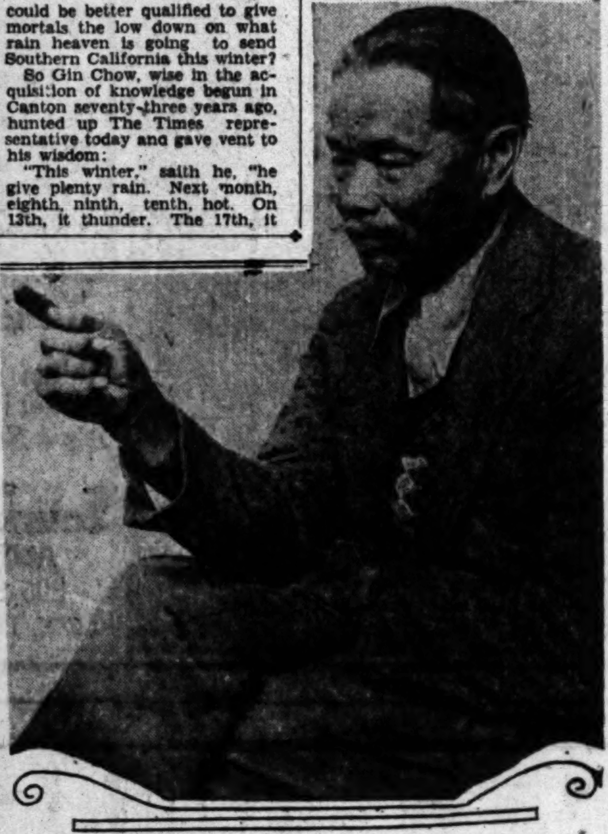
CELESTIAL CONSULTS HEAVENS

Lompoc Chinese by Name of Gin Makes Wet Prediction for This Winter; "He Give Plenty Rain," Augurs Son and Grandson of Weather Prophets

LOMPOC, Oct. 16. (Exclusive) Who more than a Celestial could be better qualified to give mortals the low down on what rain heaven is going to send Southern California this winter?

So Gin Chow, wise in the acquisition of knowledge begun in Canton seventy-three years ago, hunted up The Times representative today and gave vent to his wisdom:

"This winter," saith he, "he give plenty rain. Next month, eighth, ninth, tenth, hot. On 13th, it thunder. The 17th, it cloudy and 18th long clouds, maybe fifty miles high, streaked like five fingers across sky. They bring rain. November plenty rain. This winter plenty rain."



Gin Chow, Chinese Weather Prophet

"How do you know, Gin Chow?"

"My grandfather, Gin Hong Yen, he best prophet in China. My father, he prophet, too. I figure it out. It is in the sun and moon."

"What do you prophesy for your country, Gin Chow?"

"China in lots trouble now. He wait for a man. Man no come yet. Maybe wait long time before peace. Must wait for The Man to come. Someday he come. Nearly sixty years I been in California now but I know The Man he come to China when time right."

"What will you phophesy for me this year, Gin Chow?"

Gin Chow mused a long time. Then he said:

"I go home and figure it out. Take long time."

LEGION IN HOT CONTEST

Lively Election of San Bernardino County Interpost Council Names Frank Mogle Commander

UPLAND, Oct. 16.—Two hundred delegates and members at the annual election of officers for San Bernardino County American Legion Interpost Council, held at Hotel Sycamores, participated in the hottest election since the interpost council was organized ten years ago. From three candidates, Frank Mogle, Past Commander of Chino post, emerged victorious as commander for the ensuing year, succeeding Floyd Atwood, Past Commander of Upland post.

Early in the evening three known candidates were in the field, Mogle, J. A. Bailie of Fontana, and K. S. Smith, also of Fontana, each supported by separate groups. Four ballots were necessary to elect Mogle.

Howard W. Scott of San Bernardino was unanimously elected Vice-Commander. L. A. Dixon of Twin Peaks, T. A. Lee of Adelanto, and Bob Frady of Chino, were elected to the county executive committee.

In appreciation of the efforts Smith Garner of Los Angeles, contact man for the United States Veterans' Bureau, is putting forth on behalf of disabled veterans in San Bernardino county, the interpost council presented him with a beautiful American Legion ring. The veterans went on record as heartily favoring proposition No. 1 on the November 4 ballot, pertaining to the veterans' home-loan bond issue.

Eleven of the twelve posts in the county were represented at the election meeting. Needles, desert outpost of the Legion, did not have delegates present.

VENTURA LEGION POST ELECTS ITS OFFICIALS

VENTURA, Oct. 16.—Casper (Scotty) Scott was elected Commander of Poinsettia City Post, No. 339, of the American Legion, at the post's meeting held here last night. Arthur Cox was chosen first Vice-Commander and J. R. Lovejoy is the new Second Vice-Commander. Anthony Natale was re-elected Adjutant and Treasurer, while Rev. William Cheverton was named Chaplin; Howart Mays, Historian, and Harry Eggert Sergeant-at-arms.

The advisory committee elected is composed of R. O. Weigle, retiring Post Commander; David A. Darling and J. Burch Mead.

The new officials will be installed at joint services with the county Legion post, to be held next Thursday in the Athene clubhouse here.

State Commander Bud Gearhart of Fresno will be the installing officer.

SAN MARINO LEGION MEN ORGANIZE POST THERE

SAN MARINO, Oct. 16.—With a charter membership of sixty-five World War veterans, this city's first American Legion post held its organization meeting last night in the auditorium of the Southwestern Military Academy.

Col. Charles C. Stanley was appointed to serve as temporary chairman and W. S. Larsen was selected temporary secretary. Col. Stanley is attorney for the Texaco Company, and Larsen, an ex-marine and real estate broker.

Nominating and constitutional committees were appointed and ordered to make reports at the next meeting on the 29th inst., at the Southwestern Military Academy.

CHURCH HONORS HARWOOD

Upland Congregation Plans Special Services for "Grand Old Man's" Hundredth Birthday

ONTARIO, Oct. 16.—Hundreds of friends of the Charles E. Harwood family from many parts of Southern California, and others from out of the State, will gather at Bethel Congregational Church Sunday morning at 10:50 o'clock, for the special services to be held in honor of Mr. Harwood on his 100th birthday anniversary.

Mr. Harwood is known as "the grand old man of Upland," and the father of the lemon industry in the district. He has been a member of the Congregational Church for forty years, and has given large sums of money to the church. Earlier in the week he was given an honorary degree of doctor of laws by Pomona College, of which he is one of the founders.

Mrs. Paul Harwood and her daughter, Miss Catherine, have arrived here from New York City, to be with Mr. Harwood on his birthday, and Dr. Mary Aurelia Reinhardt, president of Mills College, a niece of Mr. Harwood's, has been here several days.

Mr. Harwood has requested several of his favorite hymns be sung by the congregation, and has indicated the Psalm he wishes read, and the anthems he would have the choir sing.

Rev. Charles L. Knight, pastor of the church, today announced the numbers to be presented in compliance with Mr. Harwood's wishes.

Three hymns will be sung. They are "How Firm a Foundation," "Rock of Ages," and "Blest Be the Tie That Binds." His favorite Psalm, No. 91, will be read by Rev. Knight.

The anthem with violin obbligato by Hobart Alter, will be "My Faith Looks Up to Thee," by Schnecker.

Mrs. Luella Seapy Hamilton is to sing "I Shall Not Pass This Way Again," by Effinger, and C. J. Frank and Mrs. Charles Mayo will sing as a duet, "The Lord Is My Light," by Dudley Buck.

Last Easter the Harwood memorial organ was dedicated to the church and community by Mr. Harwood. As a tribute to Mr. Harwood Sunday morning, Raymond Hill, organist, will play the "Unfinished Symphony," Schubert, for the prelude, and the March from "Faust," (Gounod-Roberts) for the postlude.

Rev. Knight will speak from Mr. Harwood's favorite text, the latter part of Joshua 24:15, "but as for me and my house, we will serve Jehovah."

Family Whose Home Burns at Arcadia Aided

ARCADIA, Oct. 16.—Coming to the rescue of Mrs. Hallie Spencer and her five children, whose home was burned to the ground early Tuesday morning, City Mother Pickard has collected furnishings enough for a new home and apparel sufficient to clothe the entire family.

The mother with her five children, the youngest of which is only 18 months of age, barely escaped with their lives when their home on Naomi street burned to the ground at 4 a.m. Tuesday morning.

The mother, awakened by the roar of the flames, managed to escape with her children in their night clothes to a neighbor's home. None of the family was injured.

ARMISTICE DAY PLANNED

MANHATTAN BEACH, Oct. 16.—Plans for the annual Armistice Day celebration of the Redondo Post, American Legion, which will be held here, have been announced. The Legion draws its membership from the south bay district and all public services are alternated between the cities within its jurisdiction. A patriotic program and parade form a part of this year's Armistice Day arrangements.

GRAND JURY CLEARS GOOD

Report Exonerates Fourth District Supervisor

Charges Made by Burton and Miller Unsubstantiated

Accusations First Placed Before County Board

SAN DIEGO, Oct. 16.—In a public statement by the county grand jury today, Dr. Charles L. Good, Supervisor of the Fourth District and chairman of the County Board of Supervisors, was cleared of criminal charges filed two weeks ago by Robert Burton of Imperial county, and John A. Miller of Encanto.

The statement, filed in Superior Court before Judge C. N. Andrews shortly before noon, marked the end of an investigation which opened the day after the charges were filed. Burton and Miller had made their joint accusations to the Board of Supervisors, and asked the board to conduct a public hearing, but the board passed the matter on to the grand jury "for full investigation." The grand jury's report follows:

"After having heard and considered the testimony and evidence as presented by the District Attorney in reference to certain charges preferred against Dr. Charles L. Good, Supervisor in San Diego county, which charges were also filed with the Board of Supervisors of San Diego county and are a matter of public record, the grand jury reports that such testimony and evidence do not support said charges and, therefore, do not warrant an indictment."

Everett Curtis, foreman pro tem, and Frank Von Tesmar, secretary, signed the statement.

SAN DIEGO PUBLISHER ACQUITTED

A. R. Sauer Cleared in Federal Court of Sending Improper Matter in Mails

SAN DIEGO, Oct. 16.—A. R. Sauer, San Diego publisher, today was found not guilty of sending improper matter through the mails, according to a verdict returned by a Federal court jury. Sauer was found not guilty on all four counts charging the mailing and causing to be mailed of an assertedly scurrilous paper, following his trial yesterday before Federal Judge F. C. Jacobs.

A verdict in the case was reached at 5:30 p.m. yesterday by the jury after an hour's deliberation, but, following Judge Jacobs's instructions, the verdict was sealed and remained in possession of the foreman, Roscoe S. Porter, until court opened at 10:10 a.m. today.

The charges against Sauer were made shortly after the mailing of copies of the San Diego Herald, dated July 29, 1926, in which appeared an article about the evangelist, Aimee Semple McPherson.

Hands Mangled When Bottle Bursts in Class

ONTARIO, Oct. 17.—His hands mangled and torn when a bottle he was holding during a physics experiment exploded, W. W. Cushing will not be able to resume his duties as instructor at Chaffey Union High School for a long time, it was intimated today.

Cushing is head of the physics department at Chaffey Union High School and Junior College. While performing an experiment before a class, he held a large bottle filled with acids, in both hands. Through an unexplained action the contents exploded, and drove glass fragments deeply into both hands.

An effort was made to remove the glass from the hands, in the office of Dr. G. J. Fleming, but this failed, and Cushing was taken to San Antonio Community Hospital and placed under an anaesthetic.

Full extent of his injuries will not be known for a few days, it is reported.

DOG HEROES RECOGNIZED

Convention of State Humane Association at Santa Monica Gives Three Awards for Service

LONG BEACH, Oct. 16.—Recognition of the service given mankind by three dog heroes marked the convention of the State Humane Association at the Breakers Hotel here tonight. Kentucky Boy, III, of Los Angeles; Taki, World War messenger, and Lady, guide for a blind student, were honored with a special award which is planned by association officers as the forerunner of a regular appreciation of the efforts of heroic dogs.

Kentucky Boy, an airedale owned by Robert M. Byrne of 3814 Sunset Boulevard, was acclaimed for his service in sounding an alarm of fire at a Hollywood studio which threatened a near-by theater a year ago.

Taki, German police dog, now the mascot for Battery F, National Guard, won recognition for his war record. He was one of the first twenty-five dogs used to carry messages in the trenches.

Lady, a German shepherd who takes her master, Charles Brown, Long Beach Junior College student, to and from his classes, through traffic and crowds, was given the other award.

Plans to award medals to the outstanding dog heroes of California each year, and to honor the canines at the State convention were launched with the ceremonies.

The convention held its first business session today. Reports of officers and association branches were read at the morning and afternoon sessions.

Licenses and tags for cats in all cities of the State was urged by Mrs. James H. Burgess, president of the Long Beach chapter, in her report.

Progress of humane work in schools was described in two talks tonight, one by W. L. Stephens, superintendent of Long Beach schools, and the other by Vierling Kersey, California Superintendent of Public Instruction.

Fred H. Bixby, member of the State Fair board and president of the American Live Stock Association, will address the convention tomorrow.

STRANDED STUDENTS RETURN

Southland Youths Make Good Use of Lodge Signs and Grips to Force Skipper of Sea Tramp to Give Them Steamer Passage from South Africa

GLENDALE, Oct. 16.—Stranded in Capetown, South Africa, when the captain of a tank steamer on which they were making a cruise to the Orient failed to make connections that would permit them to return to their homes in California in time to enter their classes at the opening of school, Foster Evans and John Needles, local youths, and Robert Splane of Hollywood, have made the final leg of their trip by the hitch-hiking route and are back home again after their Odyssey.

The boys had been assured by the captain of the steamer, they assert, that they would be back in San Pedro by September 1, but one series of orders after another sent the steamer cruising around the seven seas, touching at Shanghai, Hongkong, Borneo and finally Capetown, where the skipper laughed one of those deep-sea snickers and told them they would be lucky to get back home in a year, the boys aver.

Evans, who belongs to a junior order of one of the leading fraternal organizations, rehearsed the grips and passwords before starting to hunt a lawyer in Capetown, finding a member of the senior branch of the order. The lawyer introduced Evans and his companions to the chief justice in Capetown, who happened by some strange chance to sport the same emblem as the lawyer, and the judge bent a legal hawser on to the tanker and told the skipper that he would have to furnish the boys with transportation back to the United States.

The lads landed in New York flat broke, but by flirting their thumbs they managed to make their way across the continent, and now they are preparing to resume their studies, where they dropped them when the itch to see beyond the far horizons became too acute.

KIDDIES IN ANNUAL PARADE

Five Hundred Youngsters to Take Part in Spectacle at Redondo Saturday Morning

REDONDO BEACH, Oct. 16.—Five hundred children will compete for valuable prizes in the annual kiddies' parade which will be held next Saturday morning, under the auspices of the Chamber of Commerce and civic and fraternal organizations.

The parade, which follows the lines of that of last year but on a much more elaborate scale, has drawn entries from every section of this South Bay district. It is to be arranged in divisions, with each division sponsored by an organization which is in charge of arrangements and the awarding of prizes.

Leading the parade will be an aggregation of twelve bands, all of which are scheduled to take part in a competition during the afternoon.

Prizes will be awarded from the municipal band stand. Frank Merriam of Long Beach, State Senator J. W. McKinley and Congressman Joe Crail will act as judges. Thomas Quinn is general chairman of the event.

Chief Coberly Dismissed by Arcadia Board

ARCADIA, Oct. 16.—For reasons they refused to divulge, members of the Fire and Police Commission last night dismissed Fire Chief and Chief of Police Arthur N. Coberly, at an open session of the City Council.

The commission had anticipated acting upon Coberly's resignation, which was requested yesterday morning, but Coberly refused to submit his resignation, disclaiming knowledge on why it had been requested.

Chief Coberly has acted as Fire Chief and head of the police department for the last four years, and gained prominence throughout the Southland two years ago when he founded and organized the San Gabriel Valley Firemen's Association, and served as its first president.

Members of the commission include Mayor J. M. Walshe, and Councilmen Emil Bolz and Henry Seaman. The commission constituted the entire vote of the City Council against Coberly, as Councilmen Harry A. Link and John J. Bottema, voted in favor of retaining him.

SONS OF VETERANS RE-ELECT O'BRIEN

ONTARIO, Oct. 17.—Members of A. Podrasnik Camp, No. 15, Sons of Union Veterans of the Civil War, expressed their appreciation of their commander, F. E. O'Brien, by re-electing him to the highest office of the organization for another year, at the annual election held in Woodman Hall. Those who will serve with O'Brien are Charles O. Rankin, senior vice-commander; James Miller, junior vice-commander; W. A. Getty, (re-elected,) Charles O. Riggs, and Peter Bernard, camp councillors. Those appointed to office are W. A. Getty, patriotic instructor; W. E. Dean, reappointed treasurer; Frank Woods, reappointed chaplain; H. J. Clewett, guide; James Gault, outside guard; E. P. Dean, color bearer.

HOTEL MAN DROPS DEAD IN OFFICE

Harry Boadway, Manager of Barbara Worth at El Centro, Succumbs

EL CENTRO, Oct. 16.—Harry E. Boadway, 52 years of age, manager and part owner of the Barbara Worth Hotel here, dropped dead in his office at 8:30 a.m. today. Death is believed to have been due to heart failure.

According to associates, Boadway complained of being in pain after eating his breakfast and went to his office, where he took some medicine for indigestion. A few minutes later he called for a physician and fell over in his chair. He was dead before a doctor reached him. An inquiry is to be held tomorrow morning, it was stated.

His brother, L. A. Boadway of Pasadena, was notified and is expected to arrive here this evening to take charge of the body. The two brothers and other associates purchased the Barbara Worth Hotel from Will R. Conway last April.

Mrs. Boadway was prostrated today by her husband's sudden death and is in the care of physicians.

Fred McClung Heads Chest in Huntington Park

HUNTINGTON PARK, Oct. 16.—The campaign for raising funds for the Los Angeles Community Chest in the Huntington Park district is to be in charge of Fred A. McClung of this city, he having been selected as general chairman of the district. He announces that he has selected as captains Harry L. Ferguson, Florine Ray, Rev. Leo Murphy, G. Guillinger, Charles Casady, Albert Brownstein, Al Bourke, Harry T. Paulson, O. J. Hagen, Mr. Gilroy, Frank Mathews, Wilbur Tate, Rowe S. Holman, William Bryce, R. M. Westover, George Laws, Dr. Harold Raff, J. A. Baucher, Edwin Dalmeir, Douglass Palmer, John Scanlon, Pearl L. Pearce, Charles H. Heckinger, L. W. Goodman, F. L. Weeks and Leo Granley.

When the drive starts here there will be more than 100 workers in the territory, as each captain will have from two to five persons in his or her team.

McClung is president of the Huntington Park city school district, and is greatly interested in both the Boy Scout and the Camp Fire Girl movement, being one of the officials in the San Antonio Council of the Boy Scouts of America.

Trouble Ahead for Movers of Red Lanterns

BURBANK, Oct. 16.—Here is a new prank which if persisted in may get somebody in court on a manslaughter charge. Complaint has been filed with the police here by J. L. McLain, contractor on the long Olive-avenue paving job, that various persons are stealing and misplacing his danger lanterns along the dug-up right-of-way. In some cases the pranksters have taken the lanterns and hung them on boulevard-stop and other sign posts, leaving dangerous places unguarded by the red signals at night.

Local police say that if a traffic accident or fatality should occur because of the removal of these lanterns the persons moving them, if caught, will be liable to large damage suits or charges of manslaughter if a motorist should be killed.

WOMAN MADE DELEGATE

REDONDO BEACH, Oct. 16.—Mrs. E. E. Williams, president of the local branch, W.C.T.U., has been chosen delegate to the national convention of the union, to be held in Houston in November. She will attend as a State representative, having been elected at the recent State convention in Santa Ana.

DEAD MAN'S ROCK MAY BE BLASTED

Request Made That Fatal Point That Has Claimed Five Lives Be Blown Up

VENTURA, Oct. 16.—Request that the ill-famed "Dead Man's Rock" at Point Mugu, which has claimed five lives during the past two years, be blown up, has been made by Inspector Kenneth C. Murphy of the California highway patrol, in a letter mailed today to F. B. Cortelyou, chief engineer with the State Highway Commission, it was learned.

Inspector Murphy suggested that Cortelyou's highway superintendent in this district be instructed to blast the rock.

The body of Julia Bestman, 24 years of age, Los Angeles, last seen Sunday noon on the rock, was found floating Tuesday off Point Mugu. Her companion, Walter M. Vashon, also of Los Angeles, who disappeared at the same time, is believed by authorities to have drowned in an attempt to rescue Miss Bestman.

MISS BESTMAN'S FUNERAL TO BE CONDUCTED TODAY

INGLEWOOD, Oct. 16.—Funeral services for Miss Julia Bestman, 24 years of age, whose body was found Tuesday in the surf near Dead Man's Rock off Point Mugu, ten miles southeast of Oxnard, will be conducted tomorrow at 2:30 p.m. at Reed Brothers' chapel, 721 West Washington street. Burial will be made in Inglewood Park Cemetery.

Miss Bestman's tragic death occurred Sunday, when she and her escort, Walter Vashon, 30, were both drowned. Vashon's body has as yet not been recovered. The waves at the point are particularly treacherous, and every seventh wave sweeps Dead Man's Rock. It is thought that Miss Bestman was washed from the rock, and that Vashon, long a close friend, died in a futile attempt to rescue her.

Miss Bestman was an employee of the Baker Linen Company in the Grayco Building. Vashon was a building contractor. Besides her parents, she leaves her sister, Pearl Bestmann.

Survey Planned of Water Needs for Glendale

GLENDALE, Oct. 16.—Plans for a survey of the city's water needs with special reference to the selection of reservoir sites to meet the present and future needs of Glendale have been launched by the Chamber of Commerce, which has requested the City Council to obtain the services of consulting engineers and geologists for the proposed survey.

In a resolution presented to the Council the chamber stresses the importance of obtaining adequate storage facilities to serve the growing population, and also points out that the opinions of laymen on such matters cannot be accepted as conclusive.

When the survey is completed the chamber plans to study the engineers' report with a view to determining the effect on the economic situation, especially with reference to the possibility of depreciation of real estate values in the vicinity of such reservoirs that might be constructed.

Marysville War Veteran Dies of Heart Failure

SANTA ANA, Oct. 16.—A few minutes after he had visited his sick wife in Santa Ana Valley Hospital, Clarence Earl Stith, 38-year-old World War veteran from Marysville, collapsed in an automobile traveling west on Fifth street and died of heart failure before a physician could reach him.

Stith, accompanied by his brother, F. T. Stith of Los Angeles, came to visit Mrs. Stith yesterday. They had started home when the fatal attack came. Coroner C. D. Brown said an inquest was not necessary. The body was taken to Los Angeles for burial.

CHAMBER OPPOSES WATER DISTRICT PLAN

RIVERSIDE, Oct. 16.—Directors of the Riverside Chamber of Commerce last night unanimously adopted a resolution opposing entrance of the city of Riverside into the Metropolitan Water District at the present time. Action of the directors was in accordance with a recommendation of the Chamber of Commerce's legislative committee headed by Attorney Joseph Seymour.

ler for the city and a message of good will from
civic organization.

In a simple ceremony following a dinner at the Mission Inn for directors and chairmen of committees, President A. A. Piddington read the inscription and presented the scroll in its handsomely carved frame to Miller.

Urging the chamber to continue the task of creating for Riverside an atmosphere unique and different from other cities, Miller made brief response, thanking the directors for honoring him. "Riverside must continue to do things first if it is to create an individual atmosphere," he said.

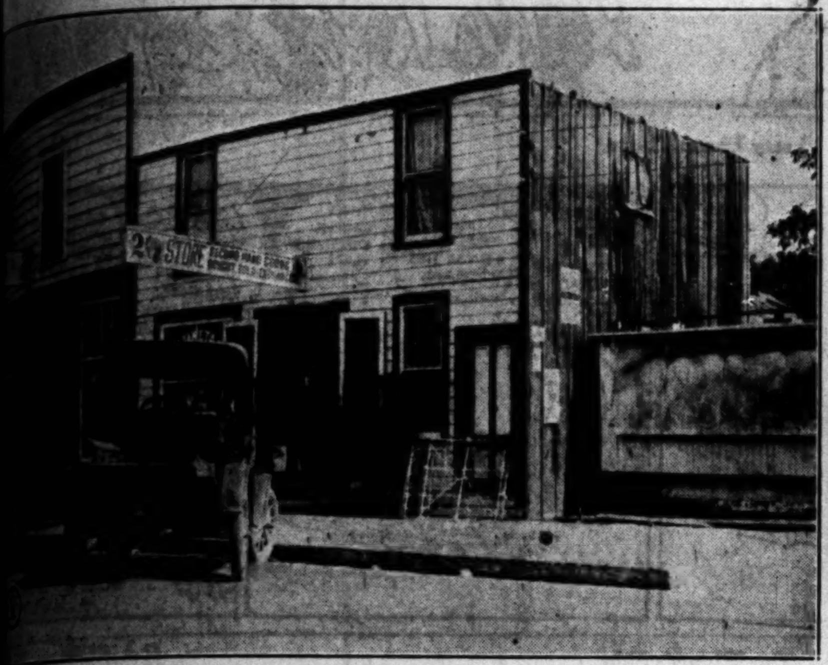
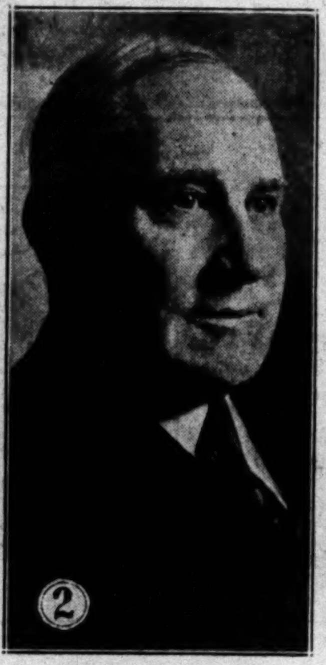
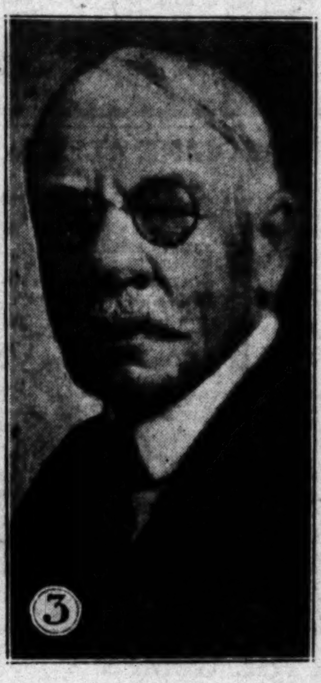
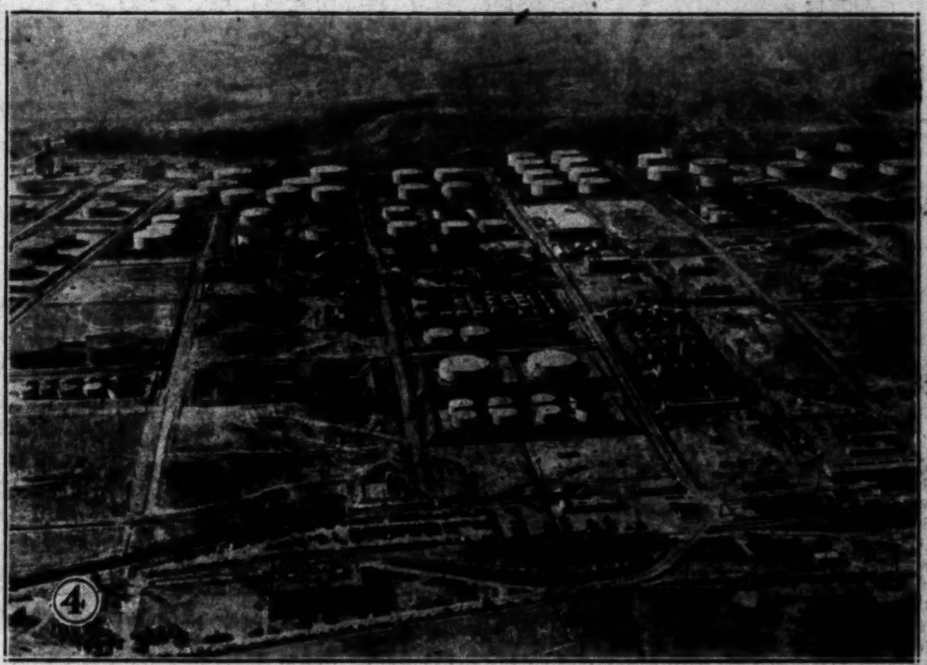
Union Oil Company of California Celebrates Its Fortieth Anniversary









Fortieth Anniversary of the Incorporation of the Union Oil Company of California is Being Observed Today by Employees of the Company All Over the State as the old-timers among them recall when the main offices of the in- concern that was destined to become a mammoth corporation with assets of approximately $400,000,000 were located on the second floor of a two-story wooden building in Santa Paula (1.) The daily production at the time of the incorporation was less than 250 barrels and the holdings were a few shallow wells scattered over the district. Some idea of the growth of the concern is gained from the bird's-eye view of the refinery at Wilmington (4,) one of its many plants. L. P. St. Clair, president of the company, and E. W. Clark, chairman of the board of directors, are Nos. (2) and (3,) respectively, in the above group of photos.

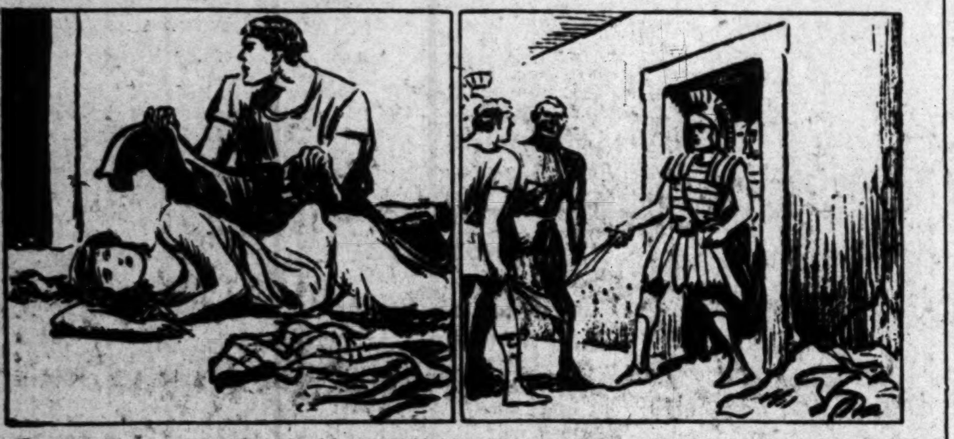
A CHUCKLE FOR EVERYBODY

TARZAN AND THE LOST EMPIRE

By Edgar Rice Burroughs



Instantly Lepus and Gabula jumped to von Harben's rescue. A flash of a sword in the moonlight and the criminal was dead. Von Harben cut Favonia's bonds and she was in his arms when Gabula reported that Caesar's soldiers were approaching. To hide Favonia, von Harben covered her with rags that had been a beggar's bed.

Caesar's soldiers completely surrounded the building, but they were slow in entering and Favonia was entirely hidden when the legionaries entered from the garden, the avenue and the roof, torchbearers lighting their way. "Where is the girl?" the officer demanded. "Caesar has ordered us to bring Favonia to the palace and kill her abductors."

REX MAXON

"Here is our answer to Caesar!" cried von Harben, and with his sword he fell upon the officer in the doorway, while Gabula and Mallius Lepus, spurred by a similar determination to sell their lives dearly, rushed those who were descending the ladder and entering by the kitchen door. Taken by surprise, the soldiers fell back.

The officer, who managed to elude von Harben's thrust, escaped from the building and summoned a number of legionaries who were armed with pikes. "There are three men in that room," he said, "and a woman. Kill the men, but be sure the woman is not harmed." In the avenue he saw people running and shouting. He heard the thud of marching feet.

DETAILS OF RAZOR DEAL REPORTED

Auto Strop Company to Receive 310,000 Shares of Gillette Preferred

BOSTON, Oct. 16.—Gillette Safety Razor Company will acquire the assets of Auto Strop Safety Razor Company, Inc., by giving the Auto Strop Company a new issue of 310,000 shares of $5 preferred stock, equivalent to a share-per-share basis on both the A and B stock of Auto Strop stock outstanding.

The preferred stock is created by converting a block of the outstanding shares of the Gillette Company purchased for this purpose with the result that the outstanding common shares of Gillette will be reduced from 2,205,000 to 2,018,769. The funds borrowed for this purpose will be paid from the proceeds of $20,000,000 of ten-year 5 per cent notes convertible into the common stock on the basis of ten shares of Gillette for each $1000 note.

The notes are to be underwritten and a public offering will be made presently by a syndicate headed by Lee, Higginson & Co.

As part of the merger plan, the directors of Gillette stated it is their intention to change the dividend date on the common to quarterly periods beginning January 1 instead of periods beginning March 1 as heretofore and to pay on January 2, next, a dividend of $1 to holders of record December 3. The company has been paying quarterly dividends of $1.25 and the regular date for payment would have been December 2. In the past two previous years an annual 5 per cent stock dividend has been paid.

Chewing Gum Profits Gain

CHICAGO, Oct. 16. (AP)—The chewing-gum industry has shown no ill effects in the current economic depression.

The third quarterly statement for the William Wrigley, Jr., Company of Chicago showed a net profit for the three months ended September 30 of $3,396,164, as compared with $3,332,923 for the same period of 1929. Net income for nine months ended September 30 was $9,053,046, and it was $8,534,943 for that part of 1929. Gross income for the last three months was $5,882,222 and the last nine months, $16,236,022.

LONG PURSES NOT INACTIVE

Stocks Sold by Discouraged Public Passing Into Stronger Hands; Speculation Defined

BY EARLE E. CROWE

Most people interested in the security markets readily acknowledge an inability to appraise the trend of business and stock prices at this time. Confidence has been badly shaken by a long series of unexpected events, and the tendency is to forecast no longer than a few days in advance.

Unwillingness to look into the future and an inclination to place too much emphasis on the events and the gossip of the day recall the pithy remarks of Thomas Gibson, an economist well known to the older stock market traders. Discussing the influence of false appearences in speculation, he asserted in his book, "The Cycles of Speculation:"

PRINCIPLES STATED

The primary cause is the curtailed perspective and imperfect logic of the public investor or speculator.

The most difficult thing to drill into the mind of the unsophisticated is the fact that speculation cannot possibly be successfully based on appearances which are open and obvious. Such a process is a flat contradiction of the word itself.

It is unseen future developments or, in some cases, hidden and submerged present truths which must be consulted.

Yet we find a great majority of the public element who seek riches in the speculative arena, constantly harping on the large business of certain corporations, and the excellent state of general trade as a reason for purchasing shares.

These factors have, in all probability been discounted in current prices.

Generally speaking, the present is of no more use than the past in forming opinions of future price changes.

APPLICABLE TO PRESENT

Packed in the foregoing paragraphs is a full charge of common sense that might well be aimed at present-day thinking. Speculators and investors are loath to act because of the testimony on all sides of poor earnings, of dividend omissions, and of business failures. Business men, who are as much speculators as traders in securities, are disinclined to make forward commitments or to undertake sales promotion until their own eyes testify that business is good.

At the bottom of every business depression in history has been a state of mind that attaches undue importance to the unfavorable. As Gibson said: "Speculation cannot possibly be successfully based on appearances which are open and obvious." This definition of speculation seems to have been forgotten by the speculators, investors and business men who are marking time today.

Somebody, nevertheless, is buying the stocks sold daily on the stock exchanges and somebody is buying the commodities quoted at record low prices. As in the past, it will be found that the "long purses" have been freely opened and the "long heads" have not been troubled with astigmatism.

Cities Service Net Holds Up

NEW YORK, Oct. 16. (AP)—Net income of Cities Service Company for the year ended September 30 showed an increase for the twenty-ninth consecutive twelve-month period, the company reported.

Net amounted to $50,118,102, equal after preferred dividends to $1.46 a share earned on the average number of common shares outstanding, compared with $32,991,727 before reserves in the preceding twelve months, equal after preferred dividends to $1.13 a common share. For September, net income before reserves totaled $3,661,772, against $3,046,135 for September last year, and the balance to common stock and reserves was $3,048,309, compared with $2,478,167.

FEDERAL BANK CREDITS OFF

Decrease During Week of $15,000,000 Brings Total for System to $1,026,000,000

WASHINGTON, Oct. 16. (AP)—The daily average volume of Federal Reserve Bank credits outstanding during the week ending the 15th inst. as reported by the Federal Reserve Banks was $1,026,000,000, a decrease of $15,000,000 compared with the preceding week and of $415,000,000 compared with the corresponding week in 1929.

The Federal Reserve Board reported today that on the 15th inst. total reserve bank credits amounted to $1,044,000,000, an increase of $32,000,000 for the week. This corresponded with increases of $32,000,000 in member bank reserve balances, $10,000,000 in money in circulation, and $3,000,000 in unexpended capital funds, offset in part by an increase of $12,000,000 in Treasury currency.

Holdings of discounted bills increased $37,000,000 during the week, the principal changes being increases of $2,000,000 at the Federal Reserve Bank of New York, $3,000,000 at Cleveland and $2,000,000 at Philadelphia. The system's holdings of bills bought in open market declined $26,000,000, while holdings of the Treasury certificates and bills increased $1,000,000 and those of the United States bonds and Treasury notes were practically unchanged.

WORTHINGTON PUMP AND MACHINERY

One of the largest producers of heavy machinery in the country, Worthington Pump is greatly benefiting by the widespread development of natural gas resources which has been going on for the past year. Important among the types of machinery manufactured are oil and gas engines, centrifugal pumps, steam and hydraulic turbines, air compressors and condensers. Following the war radical changes took place in power machinery engineering, necessitating the expenditure of considerable sums in improving old products and developing new ones for profitable production. This condition, combined with a slack demand in the shipping, railroad and power industries, important customers of the company, resulted in operations being carried on at a loss from 1925 through 1928.

Partly as a reflection of the high general level of manufacturing activity in 1929, and partly as a result of a five years' program of plant improvement and concentration, profits were highly satisfactory last year, amounting to $11.96 per common share, as against a deficit in 1928 of 29 cents per share.

Casualty Loans Hit High Total

Of a total of $124,795,679 mortgage loans made by the Prudential Insurance Company of America during the first nine months of the current year, $3,324,900 was placed in Los Angeles and the immediate vicinity, Archibald M. Woodruff, vice-president, announced yesterday.

The loans made on individual dwellings and apartment-houses during this period made possible the providing of housing accommodations for 19,075 families. Of these, 13,675 occupied dwellings. Both mercantile and farm loans showed an increase over the volume for the same period last year.

SURVEY ISSUED

Plans for the electrification of railroads are rapidly assuming more definite form and are being given an increasing amount of study by rail executives, according to a survey of the field issued yesterday by C. M. Cryan, head of C. M. Cryan & Co., national distributors for Public Service Trust Shares.

BUSINESS OF PACIFIC MUTUAL UP

New Insurance Written Shows Increase for First Nine Months

Showing a gain of $13,320,052, or more than 17 per cent, new life insurance written by the Pacific Mutual Life Insurance Company in the first nine months of this year totaled $88,603,993, as against $75,283,941 for the corresponding period of last year, according to a report issued yesterday by Arthur C. Parsons, superintendent of agencies.

New business in September amounted to $8,389,845, a gain of $252,355 over the $8,137,490 reported for the same month last year.

Paid-for business for the nine months' period totaled $68,699,725, as against $60,472,254 in the 1929 period, a gain of $8,227,471, or more than 13 per cent.

Sixty-three of the eighty-five offices of the company, located in forty-three States, showed increases over their 1929 business. In every month this year the company has shown a gain in new business over the 1929 month, and it expects to reach its goal of $100,000,000 paid-for business in the current year, as compared with $89,600,000 last year, Mr. Parsons said.

As part of the company's expansion program in the East, Mr. Parsons will leave Saturday to open six new offices, one in Texas, three in Tennessee, one in Indiana, two in Pennsylvania and one in Illinois.

Delaware Aero Unit Plans New Capital Set-up

NEW YORK, Oct. 16. (Exclusive) Directors of Aviation Corporation of Delaware on the 22nd inst. will be asked to approve and recommend to stockholders the retirement of 400,000 shares of capital stock and the reduction of all issued and outstanding stock to $5 a share from $10.

Of the total 400,000 shares, 332,510 shares have been purchased by the company at a cost of $2,675,461, or slightly in excess of $8 a share. The directors will be asked to approve and recommend to the stockholders that the remaining 67,490 shares be purchased at not exceeding $6.50 a share.

Officials of the company feel it has ample cash reserves for present and prospective requirements. As of September 15, last, it had call loans, time deposits, Liberty bonds and general market securities not including investments in aeronautical companies aggregating $19,000,000, or in excess of $6 a share.

Crude Oil Cut in Panhandle

NEW YORK, Oct. 16.—Humble Oil and Refining Company today posted a reduction in the price of crude oil of from 7 to 38 cents a barrel, according to gravity in North Texas and the Panhandle district. The action was taken to meet local price cutting in those areas, no reductions being made elsewhere.

CASPER (Wyo.) Oct. 16.—Midwest Refining Company today reduced prices for Osage (Wyo.) crude oil 38 cents a barrel to a $1.25 basis.

COTTON MARKET

NEW YORK, Oct. 16. (AP)—After holding fairly steady during today's early trading, cotton eased under southern and local selling which seemed to be combined with some liquidation or reselling by recent buyers. New December contracts after selling at 10.53, or 5 points net higher, declined to 10.37 with the mid-afternoon market showing net losses of about 9 to 12 points.

COTTONSEED OIL

NEW YORK, Oct. 16. (Exclusive)—The cottonseed oil market was fairly steady today, with an early decline followed by partial rallies. The latter were due mainly to firmer advices from southern crude markets which served to partly offset the easiness in hogs, lard and grains. Old contracts closed 5 to 15 points lower and net 4 to 8 points lower. Sales 4000 barrels old and 3600 new. Stocks of cottonseed oil in New York dock stores on October 15 were 175 barrels, against 400 on October 1. BANK STOCKS' DROP SHOWN

Comparison of Present Prices With Year Ago Held Reflection of Trade Slump

BY JOHN F. SINCLAIR

[Copyright, 1930, by the North American Newspaper Alliance]

NEW YORK, Oct. 16.—"Buy good bank stocks!" said a substantial bank stock investor to me this week. This man thinks that form of investment is better than even the blue chip stocks on the exchange.

But are they? Take the leading bank stocks of the United States and one finds that the drop in prices has been as impressive as that which has taken place in blue-chip industrials.

The following table indicates the trend of bank stock prices:

	—1929—		—1930—	
	Oct. 14	Nov. 13	Apr. 5	Oct. 11
Chase National ...	270	147	186¾	119
National City	575	200	242½	124
Guaranty Trust ..	1155	560	800	551
Bankers' Trust ...	244	120	176	130
Bank of America, N. A.	235	135	140	83
Continental-Illinois, Chicago	980	680	723	514
First National, Chicago	940	730	800	526
Philadelphia Nat..	176	135	140½	123
First Nat. of Boston	206	123	131	90
National Shawmut, Boston	112	71	81	60
Cleveland Trust...	630	435	487	385

Bank stocks are directly affected by business conditions. They appear to be no worse, and no better, on the average, than any other class of high-grade securities.

Is a new oil-price war in the making? The Champlin Refining Company of Enid, Okla., in announcing reductions in high-gravity oils, averaging all the way from 25 to 31 cents a barrel, may have precipitated another war among the oil giants.

As this Enid company buys more than 60,000 barrels of oil in the Garber, Tonkawa, Marshall Lowell level, Seminole and Oklahoma City fields, oil men look upon this latest cut with deep concern.

The larger companies so far have not met the price fixed by the Champlin company, but they are expecting to take some action one way or the other this week.

Meanwhile, Wirt Franklin, president of the Independent Petroleum Association of America, is leading a movement for a tariff on crude oil from Venezuela, Mexico and other oil-producing centers outside of the United States. It is contended that the differences in the costs of drilling wells and operations in those countries justifies the imposition of a tariff on this product. At present, agents of the United States Tariff Commission are conducting an investigation regarding production costs in Oklahoma and Texas.

It doesn't take much study to see that the price of corn today is too low.

The official estimate of the corn crop, as of the 1st inst., is 2,047,000,000 bushels, compared with 2,614,000,000 bushels in 1929, and a five-year average of 2,700,000,000 bushels.

The drought throughout the Middle West last summer cut down this crop. Little corn is exported, but much of it is used to feed cattle and other live stock. In case of a shortage, what can be used as a substitute? Several grains. Sorghum grain, barley and oats, for instance. Now the United States this year produced a total of 3,865,000,000 bushels of corn and these three other grains compared with 4,252,000,000 a year ago, and a five-year average of 4,443,000,000 bushels.

Check it over. It shows that under the five-year average in these four crops there is a shortage of 578,000,000 bushels! Tie this up to a short hay crop, and corn prices appear to be surprisingly low. So do the prices for all live stock—cattle, sheep and hogs.

Now let 150,000,000 bushels of surplus wheat be fed to hogs and live stock, and wheat will improve in price, too!

The farm situation is looking up.

Security Loan Total in Sharp Drop for Week

WASHINGTON, Oct. 16. (AP)—Loans to brokers and dealers held by New York Federal Reserve member banks for the week ending the 15th inst. were announced by the Federal Reserve Board today as $2,752,000,000, representing a decrease of $153,000,000 as compared with the preceding week. The loans for the week ending October 16, 1929, were $6,801,000,000.

The detailed distribution of the loans over the three weeks dealt with in the board's report was:

Atlantic Oil Income Drops

PHILADELPHIA, Oct. 16.—Atlantic Refining Company and subsidiaries reported today net profits for nine months ended September 30 of approximately $4,844,000 after all charges including intangible drilling costs, equal to $1.80 an average common share outstanding against $13,687,000 or $5.48 an average share in the same period last year.

September quarter net profits approximated $2,025,000, or 75 cents a share on 2,696,642 capital shares against $1,694,523 or 63 cents a share on 2,696,581 shares in the preceding quarter and $4,824,591 or $1.81 a share on 2,670,551 shares in the third quarter of 1929.

Gillette Razor Sharply Up on News of Merger

NEW YORK, Oct. 16. (AP)—This was a day of reactions in the stock market. Share prices sagged almost steadily in the dullest trading since September 18, closing 1 to 4 points lower in a 1,854,710-share turnover.

The lethargic decline caused favorable comment in quarters which are hoping the market will get plenty of time for stabilization. The shorts have lost some of their boldness in the face of the tightest loaning rates in years, regardless of whether those rates are the result of an organized effort to prevent indiscriminate short sales that might tend toward demoralization. On the other hand, support from covering was not so noticeable and it was apparent the larger bear operators were willing to wait for definite signs of strength.

STEEL REACTS

United States Steel rallied promptly on its frequent excursions below 150 and closed a fraction above that quotation, off 2 points net. General Electric met large offerings and lost 3 points, while Westinghouse, whose earnings statement is expected soon, dropped more than 4 before firming slightly. The net loss was 3 3-4.

Call money officially held at 2 per cent, but was available at 1 3-4.

The $27,000,000 increase in outstanding bankers' acceptances last month in comparison with August was encouraging at first glance since it was in line with seasonal trends, but it developed the gain was due chiefly to credits of the Grain Stabilization Corporation on wheat held in warehouses. Export and import credits declined.

FEW ISSUES UP

The $153,000,000 decline in Federal Reserve brokers' loans brought the decrease for the past three weeks to $470,000,000 and carried the total down to $2,752,000,000, the lowest since early 1927.

A few stocks, mostly those affected by special situations, showed independent strength, especially Gillette, which rallied more than 7 points on announcement of the outostrop merger plans. The closing price was 5 net higher. Consolidated Film ran up a couple of points, stimulated by news an important contract had been closed. Warner Brothers Pictures gained more than 3.

Paramount and Loew's held firm. Fox Film sagged.

There were losses of between 2 and 3 in American Telephone, American Can, Sears-Roebuck New York Central and Consolidated Gas.

Foreign exchanges were firm to strong.

Will 6% Bonds Sell on a 5% Basis?

Note how much more in terms of coffee, cotton, rubber, sugar, etc., you can buy with the interest you receive from your bonds this year over last year. Past experience shows that bond prices tend to equalize such changes in the purchasing power of the dollar—as commodity prices go down, bond prices go up. That is why the Dow Jones averages of 40 issues now stand at 96.57 as against 91.76 on October 4, 1929. If this continues, 6% bonds will soon sell on a 5% basis.

Security Prices Fluctuate Uneasily as Traders Withhold Operations on Local Board

Failure of the market to sustain a firm upward trend caused a withdrawal of active support on yesterday's session of the Los Angeles Stock Exchange. On a trading volume that sank to a negligible level stocks were allowed to drift fractionally irregular with no attempts to swing prices in either direction being indicated.

Union Oil issues, Southern California Edison and Richfield were the only stocks traded in excess of 1000 shares. The entire board held within narrow limits with Standard Oil of California the only issue to show more than a fractional fluctuation when it sold off 1 1-8 points to 53 1-4.

Union Oil attracted greatest attention with a relatively active turnover, and on final sales reached 33 for a net gain of ½. Union Associates moved in sympathy, closing high for the day at 32 1-4, up 1-4. Richfield opened at 7 3-4 and gradually firmed up to 8 1-8 for a net gain of 1-8 on the day, while Rio Grande softened 1-4 to 8 7-8. Only 200 shares of Bolsa Chica and Pacific Western crossed the board, both issues slipping 1-8 to 13 1-8 and 11 3-4, respectively. Macmillan held to 7 1-4.

Southern California Edison continued to play a prominent part in the activity, but weakened from an opening at 51 1-4 to a close at 50 7-8 to record a net loss of 7-8 for the session. With the exception of the preferred issues of the same company, which held generally steady, no other utilities were traded.

Trading in Transamerica, which always constitutes a large part of the market activity, slackened to a total of 800 shares. On this volume the stock held within a range of 3-8 for the full session and closed off 3-8 net to 18½. Pacific Mutual, yielding 1-4, touched another new bottom of 67 3-4.

Sales totaled 15,236 shares, valued at $415,354; previous day, 19,841 shares, valued at $650,696.

LOS ANGELES CURB

Trading continued in light volume on the Los Angeles Curb yesterday with price fluctuations holding to a narrow range. General Motors on sales of 1600 shares between 34 3-4 and 35 1-4 closed off 1 1-4 to 34 3-4, being the only dollar issue to show a net change greater than a fraction.

Aviation of Delaware, Claude Neon Lights and Samson Tire made fractional gains, while Cities Service common, Mexican Seaboard and Southern California Gas 6½ per cent preferred were fractionally lower. General Aviation was unchanged at 10 1-4.

In the cent list Lincoln Drilling closed up 10 cents at $1.70. Aviation of Delaware gained ½ point to 4½ and Barnhart-Morrow advanced 1 cent to 19 cents. Occidental Petroleum dropped 3 cents to 50 cents and United States Oil and Royalties was down ½ cent to 3½ cents.

Sales totaled 12,820 shares, valued at $92,116; previous day, 41,522 shares, valued at $108,344.

NEW YORK BOND PRICES

NEW YORK, Oct. 16. (AP)—Foreign bonds advanced on a broad front today as bargain hunters attracted by the greatly reduced prices established in the recent selling wave bid briskly for a wide list of South American and other foreign obligations. There were many gains ranging from 2 to 5 points.

In addition to the rally in the foreign section, prices in the domestic group moved a shade higher, and a better inquiry for some high-grade railroad and utility liens developed. United States governments also were firmer, featured by the rise of Liberty 3½s to a new year's high at 101.8. The record high for this tax exempt issue is 103.1, established on October 19, 1922.

The advance in foreign bonds centered in the Latin-American group. A favorable factor was the announcement by the State Department the government would not interfere with purchase of supplies in this country by Brazil to quell the revolt.

Turnover was very moderate, but some of the gains were as spectacular as the recent drops. Antioquia 7s B climbed 12 points and the 7s A 10, and Brazilian Central Railway 7s regained 10⅛ points.

Other prominent gains included Argentine 5½s, up 2½; Argentine 6s of September, 1960, 2⅜; Brazil 8s, 2; Brazil 6½s, 1½; Bolivia 7s, 3½; Colombia Mortgage Bank 7s of 1946, 4⅝; Cundinamarca 6½s, 5; Chile Mortgage Bank 6s, 6⅛; Minas Geraes 6½s, 3; Peru first and second 6s, 2; Rio de Janeiro 6½s, 3⅜; Rio Grande do Sul 6s, 5⅜; Sao Paulo 7s of 1956, 6, and Uruguay 8s, 3.

The European list was much improved. British 5s, which are thinly traded, rose 2¼, and good gains were made by Berlin City and Electric Company issues. Denmark 5½s, Hungarian Municipal 7s, Karlstadt 6s, Rhine-Westphalian 6s, and Servian 8s and 7s. German 7s gained ½, but the International 5½s, which have moved uncertainly, sagged ¾.

The upward trend evidenced in recent sessions was maintained by rails on narrow advances. Price improvement was more marked in the utility group.

An 8-point advance by Warner Brothers convertible 6s was the feature of stock privilege issues. The bond closed at 82, compared with the year's low recently established of 68. American International 5½s were up more than a point.

Goodyear 5s slumped to a new year's low at 88 on a 2-point loss. Manati Sugar 7½s rose 7 points to 35 coincident with the better tone of the commodity market.

If last price omitted, low and last are same. If low and last are omitted, high, low and last are same.

Heavy Exports of Soviet Hit Wheat Market

CHICAGO, Oct. 16. (AP)—Big shipments of wheat from Russia, the largest yet announced this season, led to sudden downturns in wheat values today, despite an earlier upward trend. Russian wheat exports for the week were 4,616,000 bushels and there were advices 6,500,000 bushels of Russian wheat were afloat unsold, with 37,000,000 bushels more wheat ready to clear from Russia the next seven weeks. Sharp breaks in corn prices resulted largely from undoing of spread trades between corn and wheat, with consequent heavy selling of corn future deliveries.

Closing quotations on wheat were weak, 1⅛@1⅝c a bushel lower than yesterday's finish. Corn closed 1⅝@2⅜c down, oats ¼@⅜c off and provisions varying from 30c decline to a rise of 37c. Tending to lift wheat prices were official reports the wheat crop of France was 88,000,000 bushels short this season, compared with a year ago.

Corn showed independent weakness, influenced a good deal by enlarged arrivals of corn here and at other markets.

Oats sympathized with the downward course of other grains. Provisions were lower with grain and hogs, notwithstanding decreased stocks of lard.

LOS ANGELES MARKET

CATTLE—The estimated supply included three loads of good fed steers and several loads of medium cows. Trade was fairly active with practically everything sold by the noon hour at prices steady to strong with the advance of the past few days.

One load of good 1208-pound fed California steers made 8.60, with two loads averaging 1082 pounds selling at 8.40. A few head of 1240-pound steers cashed at 7.80 and a package of 581-pound feeder steers brought 6.50.

A load of 695-pound Utah heifers brought 7.30, with plainer heifers in small lots at 6.50@7.00, and some low-grade kinds down to 6.00 and below. A load of 1031-pound Utah cows topped at 6.50, with odd lots of native and northern cows at 5.75@6.00. Small lots of medium and dairy type cows brought 5.50, with three loads of 902-pound Californias at 5.25 and two loads from a near-by feed lot at 5.00. Other common cows went down to 4.75. Low cutters and cutters ranged from 2.50@4.50, with thin shelly cows at less money. A few odd medium to good bulls were taken at 5.00@6.00.

CALVES—The light supply of calves and vealers were quickly cleaned up at unevenly strong to 50c higher rates, the advance largely on milk vealers. A package of 199-pound Imperials brought 12.50, with odd head at more money. A few lots of in-between vealers made 9.50@11.00, with calves averaging up to 318 pounds selling downward from 9.50.

HOGS—One of the larger killers took practically all offerings at steady to 10c higher rates. A load of 182-pound Nebraska butchers topped at 11.25, with a load of 165-pound weights at 11.00. A few desirable trucked-in hogs brought 11.00, with sizable lots of locals at 10.00@10.60. A 350-pound packing sow made 9.00, with one 580-pound animal down to 8.00.

SHEEP—Nothing was offered in this division. Medium to choice lambs, 75 pounds down quoted 6.50@8.00, with medium to choice ewes quoted 2.75@3.75.

METAL MARKETS

CLEVELAND, Oct. 16. (Exclusive)—Daily Metal trade today says: Steel producers and sellers continue optimistic in the face of shrinking speculations. Only here and there does tonnage show any improvement at all. The automotive industry has not come back as a steel consumer nor is it expected to do so during the current quarter. Producers carried over considerable unspecified tonnage from third quarter so that the meager specifications that are coming through are at the third quarter prices for the most part.

METAL PRICES

NEW YORK, Oct. 16. (AP)—Copper quiet; electrolytic spot and future, 10.

Iron, quiet, unchanged.

WOOL MARKET

BOSTON, Oct. 16. (AP)—Sales of wool are very small, but there is some demand for all the principal grades domestic wools. The bulk of the sales are on 64s and finer grades, while a few sales are being closed on 58s-60s territory wools. A scattered demand is being received on 56s and 48s-50s grades.

RUBBER MARKET

NEW YORK, Oct. 16. (Exclusive)—For the second straight day crude rubber prices in the outside market today were steady and unchanged from the previous day's closing level. The level at which prices are now clinging therefore has persisted over every session this week. The London market also was dull with prices closing unchanged to 1-16d advance, while Singapore prices closed barely steady.

GORMAN-KAYSER ISSUE MOTOR STOCK SURVEY

Few people realize the extremely low price to which even the best of the motor stocks have fallen in comparison with the levels of prior years, according to a survey by Gorman, Kayser & Co. It is pointed out that Chrysler is selling at less than 13 per cent of its former high and at the lowest levels known since the organization of the company.

Argentine Gold Shipment Due to Start Soon

NEW YORK, Oct. 16. (AP)—Arrangements by the Bank of the Nation of Argentina to ship $5,000,000 in gold to the Central Hanover Bank & Trust Co. on the steamer Eastern Prince the 24th inst., were announced today.

Wall street looked upon the consignment as probably the first of a series of shipments of gold to New York to support the peso and believed it likely that from $15,000,000 to $20,000,000 will be shipped to the United States before the end of the year.

The shipments will be in the form of special transactions authorized by the government. The Argentine peso Monday broke to $0.3235, more than 10 cents below its par of $0.4245. Influenced by prospects of government support, the rate has recovered to $0.3384.

Golden State Milk Reports

Golden State Milk Products Company reported yesterday net profits for the first six months of its fiscal year ended August 31, last, of $788,456.56 after all charges, equivalent to $1.61 a share on 488,371 shares of stock outstanding. Before suspension of dividends earlier this year the stock was on a $1.60 annual basis.

Bank borrowings have been reduced from a peak of $3,025,000 in July this year to a current level of $700,000 and daily cash balances are currently running above $650,000, the statement points out. Borrowings normally reach a peak in July and August. Sales for the half-year totaled $16,038,114.36.

White Star Oil Merger Pending

DETROIT, Oct. 16.—Stockholders of White Star Refining Company have been called to a special meeting for the 22nd inst. to approve merger with Vacuum Oil Company on basis of ninety-two and one-half shares of Vacuum for 100 shares of White Star, change of corporate name to Trenton Oil Company and issuance of 100 shares of Class B stock.

Change of name is necessary so that Vacuum may acquire the right to use the name of White Star. Under its new name White Star will continue in existence merely for purposes of carrying out certain engagements not assignable and to insure orderly dissolution.

INDIANA UTILITY IN NEW FINANCING STEP

CHICAGO, Oct. 16.—Northern Indiana Public Service Company has applied to the Public Service Commission of Indiana for authority to issue and sell $14,000,000 of first mortgage and refunding mortgage bonds to mature in not more than forty years and to bear interest of 4½ per cent. Proceeds of the issue will be used to reimburse the company's treasury for expenditures already made, to aid in financing of additions and extensions to plant and property during the balance of 1930 and 1931, and for other corporate purposes.

STATE COMMISSIONER OUTLINES TAX LAWS

Reynold E. Blight, Franchise Tax Commissioner of California, addressed the regular monthly meeting of the Independent Bankers' Association of Los Angeles at the Elks' Temple last night on the new California tax law. The meeting was attended by nearly 100 independent bankers of Southern California. The association was organized about three years ago and has a membership of sixty banks.

ESPEE RATE CUT DUE FOR BATTLE

Sunset-Gulf's Tariff Slash Rallies Opposition

Many West Coast Interests to Aid Ship Lines

Harbor Board Attorney May Attend Hearings

BY WALDO DRAKE

Intercoastal ship operators and industrial interests of the Pacific Coast and Rocky Mountain areas will present a solid front at Washington on November 5 at the hearing before the Interstate Commerce Commission of the Southern Pacific Company's proposal for lower freight rates over its rail-and-water "Sunset-Gulf" route to the North Atlantic, to enable the railroad to compete with coast-to-coast ship lines. The Southern Pacific asks authority to reduce its rates over this route to within 10 per cent of existing all-water tariffs with further blanket authority to raise or lower these rates at will; a situation which, it is claimed, would seriously damage the intercoastal trade and western industries.

Yesterday, Port Manager Burt Edwards, of the Harbor Department, recommended that Deputy City Attorney Clyde Leach be sent to Washington to direct the fight for Los Angeles Harbor. In addition to active opposition by the United States Shipping Board, attorneys and rate experts to go to Washington to fight the proposal will include Frank Lyon, representing the United States Intercoastal Conference; Charles Bland, traffic consultant of the Long Beach Harbor Department; Amos Betts, member of the Arizona Corporation Commission; Charles Prickett of Salt Lake City, representing intermountain industries, and a representative of the city of Houston.

ROUTE FAR FLUNG

The so-called "Sunset-Gulf" route extends via Southern Pacific rail lines from California points to Galveston and thence by Morgan Line steamers to New York, the Morgan Line Company being owned and operated by the Southern Pacific Company. The Los Angeles Board of Harbor Commissioners recently filed a protest against the proposal on the ground that resultant diversion of water traffic to the "Sunset-Gulf" route would lose to this city millions of dollars invested in port facilities.

Examiner W. A. Disque of the Interstate Commerce Commission, recently recommended that the I. C. C. approve the proposal and in answer to resultant exceptions filed by opposing steamship lines and other interests the Southern Pacific has submitted a new brief, which declares in part:

MONOPOLY DECRIED

"As evidenced by the laws of the land, monopoly is not favored in this country. It is not only not adverse to but in the public interest that the 'Sunset-Gulf' route be afforded an opportunity to compete for this traffic. The Morgan Line is as much a part of our merchant marine as any line operating through the Panama Canal.

"Channels of trade and commerce should be kept open. Aside from the fact that no violation of the provisions of the act will result, the amount and tremendous growth of commerce through Los Angeles Harbor are such as to warrant no proper concern on the part of such interests in connection with the applicants' proposals, and conclusively demonstrate that there is room in the field for the 'Sunset-Gulf route to participate in this transcontinental traffic, for which it was established and from which it has been excluded."

ANNUAL FROLIC OF BILGE CLUB TONIGHT

One hundred sixty members of the Bilge Club will hold their first annual smoker and dinner at the Elks Club, San Pedro, at 6:30 o'clock tonight. Jose Arias's orchestra will play and several toe-dancing buccaneers will disport before the seagoing fraternity. The dinner will be Italian, directed by Pete Podesta and William Maggio and a prize awaits the champion spaghetti eater. Motion pictures of the club's golf tournament at Royal Palms two months ago, will be shown for the first time, under direction of Capt. H. H. Birkholm. Other than President McQuiddy's quips to start off the party there will be no speeches, if possible. W. H. Wickersham heads the general smoker committee, with E. H. Brucker and H. E. Pickering in charge of housing and entertainment.

Lassco flagship City of Los Angeles will arrive from Hawaii this morning with 104 passengers and a cargo of pineapples, coffee and miscellaneous merchandise. Disembarking will be Jules E. Brulatour, executive of the Eastman Kodak Company; William H. Gibbs, vice-president of the Security First National Bank of Los Angeles; Prof. C. W. Best of Honolulu; George Cervany, Los Angeles air pilot, and John S. Drever, retired marineer of the Solomon Islands. The liner will make another quick turn-around, sailing tomorrow noon for Honolulu with 125 passengers and a cargo of building materials, fruits and automobiles.

Effective with the departure of the steamer Lena Luckenbach from New Orleans for here the 19th inst., Luckenbach-Gulf Steamship Company, Inc., will increase its present sailings from one each thirteen days to one every ten days. Three ships will be added to the six now on this run, according to H. C. Ewing, district manager of the line here.

Danish East Asiatic Line motorship Amerika, due today from the north, will not arrive until tomorrow and will sail tomorrow night with twelve passengers and several hundred tons of borax for Europe.

Annual efficiency awards to freighters of Luckenbach Line's intercoastal fleet were announced yesterday by Harry C. Ewing, district manager.

Honors in Class A were won by the Robert Luckenbach, commanded by Capt. E. J. Schofield; Class B award went to the Dorothy Luckenbach, of which Capt. H. A. Ewald is master, and the prize in Class C was taken by the Julia Luckenbach, in command of Capt. Edward Greene. Each of the above-named vessels are entitled to carry gold letters of their respective classes on their stacks for the present year.

The French Line motorship Oregon, pathfinder of the Havre-Pacific Coast passenger service, is due from Europe at daylight tomorrow with forty-two passengers and 5000 tons of cargo for the Coast, while on the 22nd inst. the steamer Winnipeg, in the same service, will sail homeward from Los Angeles Harbor via La Libertad and the Canal.

On her maiden voyage, the new Norwegian motor tanker Langanger of the Westfal-Larsen fleet, arrived from the Clyde late last night in ballast. She will move up to the Shell terminals this morning to load 95,000 barrels of gasoline for the European range.

Fourteen thousand tons of gypsum arrived from San Marcos Island last night; 8000 tons being carried by the steamer S. A. Perkins and 6000 tons aboard the barge Daylight, in tow of the S. A. Perkins. All of the Daylight's cargo and 5000 tons of that brought by the steamer will be discharged at the Long Beach plant of the Standard Gypsum Company. The remaining 3000 tons on the S. A. Perkins are for San Francisco.

"TIMES" THEATER GUIDE

MOTION PICTURES

Bard's. Eighth between Broadway and Hill—"For the Defense." The clash between law and crime offers interest. William Powell.

Boulevard. Washington at Vermont—"Soup to Nuts." Reviewed in today's Times.

California. Main near Eighth—"El Dios del Mar." Opens today.

Carthay Circle. Carthay Center—"Just Imagine." A fantasy and simply swell. El Brendel and Maureen O'Sullivan.

Chinese. 6925 Hollywood—"The Big Trail." Spectacular in setting and photography, this production demonstrates the power and sweep of Grandeur film.

Criterion. 642 South Grand—"Up the River." A funny satire on prison life with a fine cast, headed by Spencer Tracey.

Egyptian. Hollywood Boulevard—"Dough Boys." Buster Keaton's new and funny comedy.

Figueroa. Figueroa at Santa Barbara—"Good News." The stage success redone, but not so well. Bessie Love.

Filmarte. 1228 North Vine—Dark Red Roses." Opens tonight.

Forum. Pico at Norton—"Top Speed." One of those so-called comedy classics which falls a bit short. Joe E. Brown.

Loew's State. Broadway at Seventh—"So This is London." Will Rogers and his wit are again good for a couple of hours.

Majestic. Broadway at Ninth—"The Bad Man." No sense to this, but then there's Walter Huston.

Million Dollar. Broadway at Third—"The Little Accident." Douglas Fairbanks, Jr. gives his best performance and that's about all.

Pantages. Hollywood at Vine—"The Spoilers." That epic again and still good. Gary Cooper.

Paramount. Hill at Sixth—"Play Boy of Paris." Reviewed in today's Times.

Ritz. Wilshire at La Brea—"Let's Go Native." Stuff and nonsense and not too hot. Jack Oakie.

R.K.O. Hill at Eighth—"Africa Speaks." Reviewed in today's Times.

R.K.O. Orpheum, Broadway at Ninth—"Half Shot at Sunrise." A war comedy which ought to bombard the box-office. Bert Wheeler and Robert Woolsey.

Tower. Bdwy. at 8th—"Isle of Escape." The old story of the tropics, but Myrna Loy is good.

Uptown. Western at Tenth—"Animal Crackers."

United Artists. Broadway near 9th—"Whoopee." Eddie Cantor in the best of screen musicals.

Warners' Downtown. Hill at Seventh—"Young Sinners." Opens today.

Warners' Hollywood. Hollywood Blvd. at Wilcox—Maybe It's Love." Opens today.

Wilshire. 8440 Wilshire Boulevard—"The Sea Wolf." A somber grim tragedy of the sea with excellent portrayal. Milton Sills.

STAGE

Belasco. Hill at 11th—"The Crimson Hour." Lurid melodrama for those susceptible to Pauline Frederick's charms.

Biltmore. 5th and Grand—"Death Takes a Holiday." A fantasy somewhat slow in ending its dream. Henry Daniel.

El Capitan. Hollyw'd Blvd. nr. Highland—"Parlor, Bedroom and Bath." Charlotte Greenwood strides onto the stage, and the play matters not at all. Destined for a healthy and wealthy run.

Hollywood Playhouse. Vine near Hollywood Blvd.—"Little Orchid Annie." Fast farce about a naive gold-digger. Betty Bronson and a veteran supporting cast.

Mayan. Hill near 11th—"Temptations of 1930." A modern revue exhibiting some tuneful songs, clever dancing and colorful ensemble work.

Vine St. Vine near Hollywood Blvd.—"Kongo." The tropics will surely get you if you don't watch out. Charles Middleton.

BURLESQUE

Follies. Main at Fourth—Burlesque.

TRAILFINDERS' CLIMB SET FOR TOMORROW

Older boys, members of the Trailfinders, will leave early tomorrow morning for their annual climb of Mt. San Gorgonio. Although San Gorgonio is 11,485 feet high the climb is not unusually difficult. The party is to be headed by Harry C. James, founder and chief of the Trailfinders. He will be assisted by Carl W. Sharsmith and Francis Hoffman, experienced mountain climbers. The party will be made up of boys from all the Los Angeles groups of the Trailfinders' organization.

CHURCH PROGRAM SUNDAY

A Succoth Festival program by the children and young men and women of Temple Emanu-El will be given at the temple Sunday at 11 a.m. The program will include a pageant, to be directed by Miss Madeline Unger and Mrs. Lewis Guther, violin and piano numbers, readings and a one-act play.

GENOVA (Italia), Octubre 16.—Dos barcos cargados de trigo ruso llegaron aquí hoy y descargaron 12,500 toneladas del citado grano, la mayoría del cual va consignado a Suiza. Son esos buques el de carga inglés "Majestic", y el buque soviet "Novorosisk".

Los Grandes Agricultores del Mundo Rinden Tributo a Lubin

ROMA, Octubre 16.—Los líderes agrícolas de muchas naciones se congregaron hoy ante la tumba del norteamericano David Lubin, en el Cementerio de Verano, para venerar la memoria del hombre que puso en juego su influencia decisiva para la fundación del Instituto Internacional de Agricultura, que ahora celebra aquí su vigésima quinta convención.

Teodoro, hijo del señor Lubin, y su hija Laura, asistieron a la ceremonia, así como el embajador yanqui John W. Garrett. Concurrieron asimismo los jefes de las delegaciones de las sesenta naciones representadas en el congreso. La casa del señor Lubin estaba en California.

Los Franceses Reciben los $25,000 de Dallas

NUEVA YORK, Octubre 16.—Dieudonné Coste y Maurice Bellonte han recibido hoy el premio Easterwood de $25,000 por su vuelo de una escala entre París y Dallas. El cheque respectivo les fue entregado en un almuerzo ofrecido por al Advertising Club.

Era portador del cheque el coronel William E. Easterwood, Jr., de Dallas, quien lo puso en manos de los agraciados tras breve discurso de presentación.

Coste respondió, y habló del placer que le ha causado su reciente jira aérea de cordialidad por todos los Estados Unidos.

El cheque está grabado en cuatro colores, y ostenta un mapa del derrotero París - Nueva York - Dallas. Costó $200 su impresión.

Súpose que, en lo particular, se les dio ayer un cheque de $45,000 a los aviadores, suma que sobró del fondo colectado por el Comité del Vuelo de Cordialidad.

Man Sentenced for Cruelty to Two Animals

VENTURA, Oct. 16. — Louis Sirotta, 19 years of age, Los Angeles truck driver, started today to serve a twenty-five-day County Jail sentence meted out to him by Justice E. G. Griffill of Oxnard township on charges of cruelty to animals.

Sirotti is asserted to have left a cow and a bull in a truck trailer all day Saturday in the boiling-hot sun at El Rio while he drove to Los Angeles to purchase a new tire for a defunct one on the trailer.

The cow died and the bull would have followed soon after if it had not been for Officer Bob Parr of the California highway patrol, who found the luckless cattle by the side of the road and watered and fed the bull.

When Sirotta returned he told Parr he could not get the desired tire in Oxnard. State Humane Officer Sullivan of Santa Barbara was called and saw that charges were brought against Sirotta.

Both animals were removed to the stock yards in Los Angeles. Sirotta's sentence was $50 or twenty-five days, and so far he has elected to take the jail term.

VALLEY ANNEX TO GET BETTER ROAD PATROL

VAN NUYS, Oct. 16.—Chief Steckel, who was here yesterday to inspect the policemen of the San Fernando division of the Los Angeles Police Department, stated to Capt. C. A. Hodson, commander of the division, that ten motorcycle officers are soon to be assigned to the highways of the valley area in an effort to better traffic conditions and to more ably patrol some of the outlying sections in the valley. Chief Steckel said fifty new motorcycles have been ordered for the Los Angeles department and will arrive November 1, next. Ten immediately will be assigned to Capt. Hodson's command. Valley citizens of late have complained to Los Angeles authorities that there has been an alarming increase in traffic accidents and fatalities on the long valley highways, and have petitioned the Los Angeles Police Commission to give them a better patrol protection.

ROAD-BUILDING PLAN ADOPTED

International Parley Takes Definite Action

Gov. Gomez Fires Meeting by Concrete Proposal

Financing and Construction Problems Covered

BY HARRY CARR

President Ortiz Rubio in Mexico City received a telegram last night from the Mexican delegates of the International Pacific Highway convention that will go far toward assuring the construction of this road, linking Latin America to the United States.

The telegram followed a speech delivered in behalf of Gov. Filiberto Gomez, president of the convention and personal representative of President Ortiz Rubio, and the speech of Gov. Gomez followed a report by E. E. East, chief engineer of the Automobile Club of Southern California. Poetic eloquence was brushed aside at the convention yesterday and the delegates got down to cold facts—the force of which swept them off their feet.

Mr. East's report was a clear, detailed analysis of the problems facing this road both in point of financing and construction. It covered everything—road conditions, soil, engineering methods and plans for financing.

EARLY ACTION URGED

Immediately following it, Senor [illegible] Ferrera, secretary of the convention, made a brilliant, ringing oration in which he presented the plan devised by Gov. Gomez looking toward the fulfillment of Mr. East's recommendations and the actual financing and building of the highway.

The plan of Gov. Gomez is to proceed immediately to the formation of a nation-wide International Pacific Highway Association in Mexico with branches in every State affected;

To take definite steps toward the crystallization of sentiment in Mexico for this highway and in securing the co-operation of the local and national chambers of commerce;

To arrange with each Mexican State to make an earnest examination of its ability to finance whatever section of the great highway is to run through its territories. After this ability has been assessed, to take up the matter of further financing with the Mexican Federal government. When the extent of possible Federal co-operation has been ascertained, then to examine the other and further means of financial aid for the highway. This, of course, refers to the possibility of receiving aid from private capital in the United States.

PLAN ADOPTED

This plan was so clear and logical and practical that it was at once adopted by the convention without a dissenting voice. By vote, it was decided to send a telegram at once to President Ortiz Rubio and to the Governor of every Mexican State along the route of the highway informing them of the action of the convention and asking approval.

After the adjournment of the meeting, Gov. Francisco Elias of the great State of Sonora told me that he considered this action to have virtually assured the building of the highway. "It is the voice of the authorized delegates of every State in Mexico that will be concerned with the building of the road," he said.

The session yesterday was filled with business and action.

Gov. Elias was selected as president of the day.

Senor Miguel Angel Menendez, representative of the Governor of Lower California, proposed a plan to organize a big expedition of representative Los Angeles people to make a personal trip into Mexico over the entire route of the proposed highway. He said if the Automobile Club would sponsor it all the details would be taken care of in Mexico. This brought a long and animated discussion, but no definite action was taken.

FEDERAL INTEREST

[illegible] S. Bright brought the United States government into the picture. He said that the government is deeply and sincerely interested in the construction of this highway and made an interesting speech, bringing out many vital facts.

He said the entire public rural road mileage in the United States is 3,000,000. Of this 315,000 are in State highway systems, 180,000 in Federal highway system.

It has been the experience that no highway should be less than [illegible] feet wide; 100 feet is preferable. Mr. Bright strongly recommended that advertising signs, fruit

CAVALRY PASSE? NAY, NEIGH!

Maj.-Gen. Henry, Here to Plan for Army's Part in Olympic Games, Defends War Horses

Despite the great advance in the use of machinery in warfare, horses have an ardent defender in Maj.-Gen. Guy V. Henry, chief of United States cavalry of Washington, who arrived in Los Angeles yesterday.

MAJOR GENERAL GUY V. HENRY

"The cavalry is not through by any means," declared Gen. Henry. "Except for man on foot, cavalry troops are the only army units which can be depended upon upon to cross all kinds of country both day and night."

Gen. Henry declared that cavalry saved the French army at one stage of the World War and that mounted troops prevented the German march to the sea, as well as playing a tremendous part in Gen. Allenby's campaign in Egypt.

MACHINE GUNS USED

"Cavalry today is not, of course, the cavalry of the Napoleonic era," said Gen. Henry. "You will not find today's cavalry like the mounted troops portrayed in many of the paintings of magnificent charges. The cavalry of today does most of its fighting with machine guns and automatics."

The armored car is a cavalry weapon, Gen. Henry pointed out, but he added that armored cars and similar implements of war cannot penetrate mountains and forests, nor can they overcome streams more than three feet deep. Horses must be resorted to when conditions such as these face armies and Gen. Henry declared that horses are also more reliable than motored equipment when it comes to mud and sand.

CONFERENCE ON OLYMPICS

Gen. Henry came to Los Angeles as the representative of the War Department to meet with officials of the Olympic Games relative to plans of the Army to participate in the various events in 1932, particularly the riding events.

Army men will be entered in the modern pentathlon, which embraces long-distance running, fencing, pistol shooting, swimming and riding at speed across country. Contestants in this feature are usually from armies of the various countries because men with military experience have had training in all of these sports.

Gen. Henry will leave tonight for San Francisco. He is registered at the Alexandria.

OIL COMPANY WATER PLAN SCRUTINIZED

Council Studies Project of Standard on Testing Out Reclamation Possibilities

Sitting as committee of the whole, the City Council yesterday considered the contract under which the Standard Oil Company of California proposes to experiment with the reclamation of water for industrial purposes near the Hyperion plant of the city's outfall sewer.

The contract was referred by the Council to the Water and Power Committee and the Board of Water and Power Commissioners, after Councilman Randall affected to see some mysterious element involved. The matter was placed before the commission many months ago.

The company proposes to take 6,000,000 gallons daily over a period of twenty years. The contract includes the lease of six acres for a plant. For the first ten years the company makes a nominal payment to the city, after which the company agrees to pay a price to be fixed by the city.

The procedure was explained by City Engineer Jessup.

Former Beach City Executive Cited by Court

Superior Judge Hanby yesterday ordered that George E. Buck, former city manager of Long Beach, be cited for contempt because he failed to appear in the office of Attorney S. S. Hahn and permit a deposition to be taken in the $100,000 damage suit brought against him and his private investigator, Jack Cook, for asserted false imprisonment.

Cook was sued with Buck by Mrs. Asbury, who charges that she was wrongfully arrested on a charge of conducting an improper concession at the beach.

AIR LEADERS TO BE GUESTS

Business Confidence Week Luncheon Today to Be Attended by Aviation Notables

Four of the leading figures in American aviation will be guests of the Business Confidence Week luncheon to be held at the Biltmore at noon today in recognition of the inauguration of the new southern transcontinental air route opened between this city and Atlanta, two days ago, by the American Airways.

F. G. Coburn, president of the American Airways, with offices in New York and who arrived over the company's new line last night, will be on the program for a brief talk on the outlook for the aviation industry. With Coburn's party and seated at the guest table, will be A. P. Barrett, president of the Texas-Louisiana Power Company, who is also vice-president of Aviation Corporation of America and president of the Southern Air Transport; Earle P. Halliburton, chairman of the board of the Southern Air Fast Express, and G. B. Grosvenor, vice-chairman of Aviation Corporation.

Eleanor Smith and Ruth Nichols, nationally known girl flyers, will also be seated at the speaker's table.

The four aviation heads and the two aviatrices landed last night at United Airport, Burbank, local terminus of the new southern line, as first passengers on the inaugural westward trip from Atlanta, Ga.

They were greeted at the port by Thomas Hamilton, president of the airport; Los Angeles Chamber of Commerce officials, local directors of Southern Air Fast Express, and leaders of the aviation industry in the Los Angeles district.

The American Airways party expects to remain here until tomorrow or Monday and will stop at the Biltmore. Miss Smith and Miss Nichols will make their headquarters at the Ambassador.

A second trimotored Fokker was scheduled to land with the passenger plane with a load of westbound mail, but the other plane was unable to get off from Phoenix, Ariz., because of a flat tire, it was stated at the Burbank port. The first load of mail reached here Wednesday night.

Today's meeting will be represen-

DRILL TO TEST BASE FOR DAM

San Gabriel Rock Structure to Be Examined

Larger Cores to Establish Engineering Facts

Supervisors Order Filing of Bids for Work

Work on tunneling and diamond drilling for cores in the geological exploration work at one of the sites of the three dams planned for San Gabriel Canyon, to take the place of the abandoned high dam project, will begin week after next, according to E. C. Eaton, chief engineer of the flood control district. Bids for the work have been ordered by the Board of Supervisors to be in by the 27th inst.

The first exploration work will be done at Site No. 1, two miles below the forks site, where work was begun last year on the high dam and stopped by the State Engineer following a landslide. The sites for the other two dams proposed are above the forks site.

Tunnels and diamond drilling for cores will be done to determine whether the rock formations are such that they will make a foundation for the dam.

LARGER CORES

"We plan to take a core two inches in diameter this time as against the one and one-eighth-inch core taken for the high dam project," Engineer Eaton declared. "Such a core proved very successful before we began building the Tujunga dam, now under constuction and, if not too expensive, we will take a three-inch core."

The diamond drills, Eaton explained, bore with a circular motion down into the rock. As the drills sink down a round core is made of the rock and other earth formation showing conditions beneath the surface. The cores are taken to a depth of 100 feet or more. From fifty to 100 feet of solid rock makes a good dam formation, engineers declare.

WILL MAKE SURVEY

Wayne Loel, consulting geologist employed by the Board of Supervisors for five days to make a preliminary survey of the dam site before drilling begins, will begin his work several days in advance of the drilling crews.

The money for the exploration work estimated to cost approximately $40,000, will come from money saved by Engineer Eaton on flood-control district conctracts performed last year.

It is the plan of the flood-control district to build three dams in the San Gabriel Canyon to replace the high dam project. According to Eaton, the three dams and a spreading grounds can be built well within the $21,000,000 left out of the $25,000,000 bond issue voted for the high dam.

FRIENDLY SUIT

Whether the balance left from the bond issue can be used for the new projects will be a question for the court to decide. Some contend that the money, under the law, can only be used for the high dam project as set out when the voters authorized the bond issue. Others, however, are of the opinion that the money can be used so long as it is expended for the project that will carry out the same work intended for the high dam.

A friendly suit will be begun in the near future to obtain a ruling from the Supreme Court.

Fire Commission Opposes Green for Exit Lights

A general movement throughout the United States to change fire-escape lights in theaters, hotels, apartments and other buildings from red to green, as recommended by the national electric code, found lack of support from the Fire Commission yesterday when the question was broached by J. J. Backus, superintendent and general manager of the building and safety department.

President Werdin declared that he didn't care what other cities are doing, but he is in favor of retaining the red lights.

Adoption of the green lights elsewhere, the commission was informed, is on the theory that people are accustomed to stop on seeing the red and feel safe to go ahead when facing green lights.

The commission decided to hold a conference next week with the Building and Safety Commission to settle the matter for Los Angeles.

HOLLYWOOD AND MATRIMONY—

Don't Mix, Sighs Gloria's Marquis

Parted But Friends Still

Gloria Swanson and her husband, the Marquis de la Falaise de la Coudraye, in the days before their marital bark went on the rocks of Hollywood.

"HOLLYWOOD is no place for matrimony."

The Marquis de la Falaise de la Coudraye is speaking.

And the Marquis speaks from experience.

For the past five years he has been the husband of Gloria Swanson, one of the best known of Hollywood's stars.

And Gloria, through her attorney, has announced she is soon to start divorce proceedings against the Marquis.

But don't get the idea the titled Frenchman is given to talking freely about marital affairs—especially his own. He isn't.

For the past several months there have been rumors that all was not well between himself and Miss Swanson, but until the latter announced her plans for divorce nary a word came from the Marquis.

Yesterday, however, he talked and this is what he said:

"Everything moves too swiftly in Hollywood for happy marriages. It is true there are many happy couples among members of the profession but, nevertheless, there are more whose marital barks go on the rocks.

"If Miss Swanson wants a divorce there is nothing standing in her way, as far as I am concerned.

"We have come to the parting of the ways and if she wants her freedom I will accede to her every wish. Is it not better for a man and woman to part and still be good friends rather than remain together in unhappiness?

ALL NEWS TO HIM

"Miss Swanson and I are still the very best of friends. We have never, never discussed a divorce. I know nothing whatever about her divorce plans. It is all news to me. Any statement regarding a divorce certainly must come, under the circumstances, from her. We are apart, but we are still husband and wife and will remain as such until she decides otherwise.

"I still regard her very highly and I am sure she does me and that she considers me her best friend. I am happy that we have parted as friends, because, after all, isn't that better for both of us?

"The blame, if any, must go to Hollywood. Things move too swiftly for matrimony."

Since their parting there have been many and numerous reports the Marquis will wed Constance Bennett, film actress and daughter

MANACLED PILOT WILL FLY PLANE

Legs and Knees to Guide Craft on Flight From San Francisco

Using only his legs and knees to pilot his ship and with his arms manacled in such a position that he cannot touch the controls with his hands, Jimmie Angel, veteran pilot of more than 6000 hours' experience in the air, plans to land his General Western Meteor plane at Grand Central Air Terminal, Glendale, Sunday at 3:30 p.m. after a nonstop flight from San Francisco.

Before leaving the Curtiss-Wright Alameda Airport in San Francisco Bay district, Angel will be manacled by Chief of Police Vollmer of Berkeley. In case of an emergency Vollmer has arranged metal seals on the manacles which can be broken by a strong pull by the pilot. No special attachments to aid in the unusual flight will be used.

The flight is planned to demonstrate the ease with which recently developed airplanes may be flown. The Meteor plane he is to fly is a high-wing monoplane powered by a ninety-horsepower Kinner motor and is planned for training and sport flying.

Diplomat Dies on Train Bound for Pasadena

En route to his home in Pasadena, Judge James G. Bailey, 61 years of age, engaged in United States diplomatic service for more than twenty-four years, died unexpectedly Wednesday aboard a train in Colorado, according to word received here by relatives. At his side when he passed away were Mrs. Bailey and his brother-in-law, Dr. Lisseneur of Pasadena.

Judge Bailey and his wife were traveling from Paris, where he held the post of counselor of the American embassy. Deciding to devote his time to art he recently resigned from the diplomatic service and planned to make his future home in Pasadena.

The body will be taken to Denver for cremation. Mrs. Bailey is expected to reacl. Pasadena later.

BEAUTIFUL AUTO SMASH GIVE HONORABLE SCARE

With some very honorable scare of nervy system and not having much series bruise on all part of body went yestiddy to Sheriff substitute station on top of Vermont avenue George Yozabulo Muramatsu, one-time Japanese schoolboy, and so testimony about beautiful auto smash. It seem Estimable George take the air away from Hawthorne to meet . . .

But let George tell it as he told it to Capt. Neighbors:

"Mr. Okamoto, my good friend, is going to Japan, so I want to see him for shaking hand with he and Mrs. Okamoto. This morning, 5 a.m., got up from bed, 6 started from home, Hawthorne into Gardena thought to buy gasoline more and did repair for safety, did examine generator, choker and coil or other place, was very good condition, no trouble, after three minutes waited, three gasoline men, one gasoline lady, open and have gasoline.

"Then started again and come to Mr. Okamoto's house. After Mr. and Mrs. Okamoto met with, he was busy to other place first. Then after ten minutes, came out to the front porch of his house.

"Saw his car, John Welch's car, too, was far about four or five telephone electric posts, it is not danger. Rightway, broken my car, right front car wheel all broken crooked one or two times. Crooked steel piece of broken when all over street I went."

According to Sheriff's office records, Muramatsu's car collided with Welch's at Wilmington street, south of Carson street, Gardena. Mrs. Maria Welch of 155 South Mansfield avenue, W. H. Marris of 1021½ West First street, and Mrs. Lucille Carton of Los Feliz Boulevard and Hillhurst Drive, were treated for injuries at the Seaside Hospital in Long Beach.

EAST-WEST AIR RECORD FALLS

Mrs. Miller Shatters Mark Set by Miss Ingalls

Plans Return Speed Test With One Stop

Australian Flyer Once Did 17,500-Mile Trip

Only eight days after Laura Ingalls set an east-to-west transcontinental air record for women flyers, Mrs. Keith Miller, 100-pound Australian pilot, raced her Eaglerock Bullet monoplane across country to land here yesterday with an elapsed flying time of 25h. 44m., four hours and forty-three minutes less than it took Miss Ingalls.

MRS. KEITH MILLER

And before Miss Ingalls reaches New York on the return record flight she is making, Mrs. Miller expects to take off from Los Angeles Municipal Airport in an attempt to break that one.

The latter's plane is faster—capable of cruising at 120 miles an hour—and it is possible she may try a one-stop return flight with a refueling at Wichita, Kan.

She hopes to get off for Valley Stream, L. I., tomorrow or Sunday. Outside of having the Wright J-6-5 120-horsepower motor checked, a landing strut on the retractable landing gear straightened and an auxiliary oil tank installed, Mrs. Miller said her plane is in ship shape for the 2400-mile return.

FORCED TO STOP

The 26-year-old Australian woman left Valley Stream last Monday morning, making night stops at a private field fifteen miles west of Kansas City, Mo.; Wichita, Kan., and Winslow, Ariz.

"From St. Louis to Kansas City I was forced to hedge-hop along under a ceiling of 100 feet through rain and fog," Mrs. Miller recounted. "I finally had to land before I reached Wichita—my first night's destination. From Wichita to Albuquerque I also stayed close to the ground because there was a forty-five-mile headwind blowing at 2500 feet.

"I never saw any mountains that looked so big as those you have out here—saw nothing but peaks from Winslow in here and I came through Cajon Pass at 10,000 feet with Lake Arrowhead on my left. I figure that head winds added from two to four hours to my time.

"If I can get corresponding aiding winds on my way back, I can make it in two hops—with ten gallons of gas to spare on each one, not much of a safety margin, but I may try it."

FLYING CLUB GUEST

Mrs. Miller landed her Bullet at 10:58 a.m. on Municipal Airport, four hours and ten minutes out of Winslow. She was timed and greeted at the port by Col. Richard Barnitz, field director, and Dudley Steele, head of the aviation department of Richfield Oil Company.

Last night she was entertained at the Flying Club of California and hopes to see something of the motion-picture studios today. She is making her headquarters at the Biltmore.

The Australian pilot came into fame in 1927 when she flew from London to Tasmania, a trip of 17,500 miles in thirty-two days, with Capt. T. Lancaster.

Since then she has done most of her flying in the United States. She took third place in the 1929 women's air derby from Santa Monica to Cleveland, O., and eighth place in the 1929 Ford reliability tour, the only woman in the latter contest to place in the money. She is a transport pilot and was former test pilot for a New York aircraft firm.

Her husband is in Melbourne, Australia.

POMONA MAN KILLED WHEN TRUCK HITS CAR

Walter O'Neal, 30 years of age, of 733 Hawthorne Place, Pomona, was killed yesterday at Holt and Erie streets, that city, when a truck struck his automobile, crushing it against a tree. The body was taken to the Todd & Reeves undertaking parlors at Pomona.

FACTORY SITE ACQUIRED

Rheem Manufacturing Company Will Build Plant Employing 250 Men at South Gate

One of the largest manufacturers of steel drums in the United States, the Rheem Manufacturing Company, Inc., has acquired a seven-acre site at Firestone Boulevard and Rheem avenue in South Gate and will begin construction work at once on a plant to employ 250 men and to be in operation by February 1, it was announced yesterday by R. D. Sangster, manager of the industrial department of the Chamber of Commerce. The investment will approximate $225,000.

The deal was consummated by R. D. Mason & Co., realty brokers. Harold E. Pomeroy of the Southgate Chamber of Commerce is reported as being instrumental in obtaining the factory for his city. The company now operates two California plants, one at Emeryville, the home office, and the other at Richmond.

Among products of the company are steel drums, underground storage tanks, service station lubricating oil equipment, water heaters, range heaters, hydropneumatic tanks, septic tanks, steel lockers, special lines of galvanized ware and all lines of sheet metal ware. Demand for its products in this locality, coupled with Southern California's growth, are given by Harvey A. Craig, who will manage the local unit, as reasons for locating the plant here.

The South Gate factory will be of Class A construction, brick and steel, 210x400 feet in dimensions, with landscaped lawns surrounding.

County Votes Paving Funds

Improvement of Doheny Drive from Santa Monica Boulevard to Burton Way was assured yesterday when the Board of Supervisors voted to do the county's share of the work. The drive runs through territory of the county and the cities of Los Angeles and Beverly Hills.

The county will advertise for bids to be filed not later than November 3.

The entire cost of the improvement is not to exceed $61,870. The county is contributing $5500.

The Lancer

by Harry Carr

ALAS, poor Arizona is practically gone! and, gosh! I always loved the place so!

Mr. Zane Grey, the novelist, has announced that, Arizona having refused to let him shoot pig-eating bears out of season, he intends to leave the place flat and not go there any more—not even if they coax and coax and coax.

Well, we will always be able to remember Arizona as it once was before this fell disaster.

A CATTLE BARON

There are some interesting characters in this Mexican road conference. For instance, Gov. "Pancho" Elias of Sonora.

He is the third biggest cattleman in the world. On seven great ranches along the border his vaqueros run 75,000 head of fine stock. Big, white-faced Herefords and Dutch beef cattle. At one shipping last season he put 22,000 steers on the cars consigned to Armour.

STARTED AS A BOY

Gov. Elias has built up this fortune through his own efforts. As a boy of 16 or 17 he inherited a Sonora cattle range with 1000 head of longhorns. The rest he has done himself. He is now about 50 years of age.

HIS OWN MONEY

The Governor took the political job as chief executive and major-domo of the great empire of Sonora because there were some things he wanted to see started—chiefly roads.

During his term of office he has spent more than 100,000 pesos a year out of his own pocket.

With the money of the State and from his own pocket the Governor has imported the finest road machinery that can be bought.

And the irony of it is that—although a fine automobile driver—Gov. Elias's favorite vehicle is a cow pony.

A NEW COUNTRY

He is opening up an interesting and almost untraveled country by a new road—building in the face of almost insurmountable obstacles.

This road is to run parallel to the American border from the old pueblo of Santa Ana to San Luis, directly south of Yuma. It will bring a new point of contact between the United States and Mexico. Eventually it is the intention to open a road from San Luis to Santa Ysabel, which will, in all human probability, provide Phoenix and Yuma with a charming summer resort on the gulf.

LOST MINES

There is romance along this route. Along the border, touched by this new road, are many old Spanish mines.

They were hastily closed at the time of the overthrow of the rule of Spain by Mexico. The entrances of the old tunnels were hidden so skillfully that in many cases they have found the old dumps but cannot find the mines.

Most of the ancient mines belonged to old Spanish families of the conquest, who had worked them for generations. At the time of the revolution they had no idea that they were closing them forever.

PLUNGE CLASS FORMED

A special swimming class for Girl Reserves, Camp Fire Girls and Girl Scouts has been organized at the Young Women's Christian Association plunge, 941 South Figueroa street, it is announced by Ella Stevers, director of physical education. The class meets Mondays at 4 p.m. Boys from 6 to 10 years of age meet at 10:30 a.m. Saturdays, women at 10 a.m. Mondays and Thursdays, and business girls at 6 p.m. Tuesdays and Fridays.

Torch Murder and Suicide Theories Clash in Harron's Incinerator-Death Investigation

THIEVES AGAIN RUN RAMPANT

Thirty Residences Robbed in Single Night

Gems, Furs and Cash Taken Total $23,300

Druggist's Wife Stripped of Rings in Bed

Just as police were recording a slight decrease in crime, burglars and bandits, striking simultaneously, plundered thirty residences, held up seven citizens and obtained $23,300 in jewelry, furs and cash late Wednesday night and early yesterday morning.

The robbery of Mrs. L. D. Sale, wife of a well-known druggist, and her 14-year-old daughter Lorna of $10,000 worth of jewelry and furs valued at $1500 in their home at 207 South Hudson avenue yesterday morning was outstanding in the list of robberies.

Mrs. Sale told police she was awakened in her bedroom by a masked bandit who stooped over her bed with an automatic pistol in his hand. Too terrified to scream she stared up at the intruder as he gruffly warned her to "keep your trap shut or get plugged."

"Where's your money?" he demanded.

Making a desperate effort to control herself Mrs. Sale replied she had none in the house. Just then the beam of the bandit's flashlight rested on Mrs. Sale's hands.

DAUGHTER AWAKENS

The bandit roughly stripped three rings from her fingers. The daughter, sleeping by her mother, awoke and the bandit turned to her.

"Hey you," he snarled, "you keep quiet, too, or I'll plug your mother." The daughter remained silent. Then the bandit, moving to a clothes closet, picked up a fur coat and with an added warning for silence crawled out the window.

Entering the apartment of G. Loria, contractor, at 4161 Garthwaite street with a pass-key, a burglar ransacked the place and obtained jewelry valued at $8000.

Jewelry valued at $1500 was reported taken from the home of Mrs. Robert Henderson at 960 South Oxford street.

Mrs. W. B. Armstrong reported $1000 in jewelry taken from her apartment at 8596 Hollywood Boulevard.

Use of a pass-key let burglars a front door.

Use of a pass key let burglars into the apartment of Woroku Yokota at 523 Stanford avenue which was plundered of $700 in jewelry.

In the remainder of the thirty burglaries not more than $300 worth or articles was taken in each case.

WRESTLING FAN ROBBED

One of the first robberies Wednesday night was that of Ben W. Porter of 320 West Beverly street, Montebello. Porter was held up by one man at Hill street and Washington Boulevard just after he had left the wrestling matches at the Olympic Auditorium. He lost a $1500 ring and $75 in cash.

Fred Cline, taxi driver, reported he was robbed of $8 by a Negro bandit at Tenth street and Central avenue.

Two oil stations were the scenes of later robberies, one at 2501 South Main street, where W. W. Ferrier lost $5, and the other at 1415 Court street, where A. Meltzer handed $2 to a lone bandit.

Another bandit held up William Harling in his grocery at 106 Glendale Boulevard and robbed him of $4.

The burglar and bandit raids brought the total for the first fifteen days of the month to fifty-eight robberies, an increase of one when compared to a total of fifty-seven for the same period last month, and the burglaries to 224, one under the September figure of 225.

Scene of Mysterious Fiery Death

Discoverer of Harron Tragedy

W. O. Welch looking into the incinerator where yesterday morning he discovered the burning body of John Harron. The body was in a sitting position on a pile of half-burned papers and magazines.

MRS. MORGAN'S RITES SET FOR TOMORROW

Funeral services for Mrs. Ora McDermott Morgan, wife of W. H. Morgan, who died at her home in Sacramento Wednesday, will be conducted tomorrow at 10:30 a.m. at Christ The King Church, interment following in Calvary Cemetery. In addition to her father and husband, Mrs. Morgan leaves a 12-year-old son, and a sister, Mrs. E. B. Rogers of New York. She was 40 years of age and came to California several years ago with her father, who was formerly United States marshal at Tucson, Ariz., and for a number of years connected with the Clarke mining interests. She was a graduate of Stanford University.

FAMILY SPURNS POLICE REPORT

Actor Son Tells of Mystery Call on Father

Officers Say Autopsy Shows Gasoline in Stomach

They Declare Man Set Self Afire Purposely

Theories of both murder and suicide were advanced last night as an answer to the tragic and grewsome death of John Harron, father of Johnnie Harron, motion-picture actor, whose burning body was found yesterday morning in an incinerator in back of an oil station at 5974 South Broadway.

Harron's relatives held to the theory that he was murdered. They said he had no reason to take his life. They believe that he was either knocked unconscious and thrown into the incinerator, or forced into the place by some fiend that threw gasoline upon his victim and burned him alive.

The police scout the murder theory, however.

"It is our opinion that the deceased drank gasoline and set fire to the incinerator after crawling inside with suicidal intent," wrote Detective Lieutenants Stevens and Ryan in their report to Inspector of Detectives Davidson.

TRAGEDY STUNS GIRL

"I don't believe it," sobbed Edna Harron, daughter of the deceased, whom fate picked also to play a tragic role in her father's death.

The daughter was on her way to work yesterday near the South Broadway gasoline station, which had been operated by her father a number of years, when she noticed a group of strangers about the place. She collapsed when informed that her father had been found dead.

Young Harron, the actor, could not be convinced that his father would take his own life.

"There's some mystery about this," he said. "About two weeks ago my father told me that an automobile drove up to his place of business and the driver said he had been sent for my father. Father refused to go with him and we never learned the identity of the man, nor what his object was."

"My father had no reason to take his life. He left no notes in his room at home and there was none at the gas station. He seemed perfectly normal both mentally and physically when he left home this morning."

REPORT SUICIDE

Despite these assertions, however, the investigating officers still maintained that the death is a suicide. They pointed to the fact that Dr. Schaefer of Coroner Nance's staff, who performed an autopsy on the body late in the day, found that the dead man's stomach contained several ounces of gasoline. The gasoline, they insisted, must have been taken voluntarily for the purpose of insuring death.

The police also pointed out that they made a thorough search of the oil station premises and can find nothing to substantiate a theory of murder. There were, they said, no evidences of a struggle and the correct amount of money still remained in the cash drawer of the oil station. The autopsy revealed no bullet holes in the body and no skull fracture.

BODY IN FLAMES

It was learned from other members of the family that the elder Harron left his home at 737 South Kingsley Drive at about 5:30 a.m. yesterday—his usual hour of departure. Following his usual custom he went to work on a street car, and should have arrived at the station at about 6 a.m.

At 6:15 a.m. Otto Welch, living at 255½ West Sixtieth street, walked by the incinerator. He jumped in horror when he saw what seemed to be a human form in the blazing mass within. Running to the service station he saw that the doors were open, but that Harron was missing. Running again to the incinerator he assured himself that a human form was within and then notified the authorities.

FIRE EXTINGUISHED

Detectives from the Seventy-seventh-street police station and a fire truck answered the call. Fire apparatus was used to extinguish the blaze in the incinerator before Harron's body could be extracted. The corpse was badly burned and life had been extinct for some time. Police and firemen say there was evidence that gasoline had been sprinkled over the body and upon inflammable material in the incinerator. Harron's body was sitting upright upon a stack of half-burned papers and magazines.

The tragedy came as a severe blow to the widow, Mrs. Ann Harron. She was reported under the care of a doctor last night.

The deceased was 65 years of age and the father of five children. In addition to John another son, Robert, gained recognition as an actor under the direction of D. W. Griffith several years ago. He died in New York as the result of what was reported as an accidental gunshot wound. Other members of the family are Edna, Agnes and Mary Harron, daughters.

An inquest over the body will be conducted in the County Morgue at 2 p.m. today.

Salvation Army to Hear Holz

Richard E. Holz, commissioner of the Salvation Army, formerly in command of forces on the eastern seaboard, will speak before a mass meeting at the Temple, 832 West Ninth street, tonight. This is the commissioner's first western tour. He is accompanied by Maj. Edward R. Gifford.

Holz is one of the first American-trained officers to receive the rank of commissioner. He recently retired from active service.

TOWNE WORK TO PROCEED

The final ordinance for the improvement of Towne avenue between Florence avenue and Seventy-sixth street was adopted yesterday by the City Council.

TWO DRAMAS PLUS ONE TITLE EQUAL ONE SUIT

Who has the right to "Decency" as a play title is the question submitted to Superior Judge Burnell yesterday. Symona Ferner Boniface, actress and writer, petitioned for an injunction restraining Arthur Gregor from using the title. Talkie rights are the prizes each author seeks, each having had produced a spoken drama titled "Decency."

Miss Boniface complained that on June 17, 1929, she wrote and copyrighted a drama by that name, and that on July 21, 1929, it was produced at the Musketeers Club, Hollywood. She continued that on June 5, last, the defendant produced a drama of identical title at the Mayan Theater.

The actress-authoress said she was negotiating to sell her drama to talking pictures and that the continued use of the rival drama would delay and hinder her sale.

Mabel Francis, actress, testified she appeared in Miss Boniface's production of "Decency."

Gregor entered a general denial of plagiarizing the title, and contended that Miss Boniface must have known of his projected use of the title because publicity announced it as early as July 7, 1927. He also has negotiated for the sale of his drama to a motion-picture corporation. He added that, if the plaintiff had protested before his production had its premiere, he would have changed the title as a matter of courtesy to another author. Since its stage production gave his play exploitation value for a talking picture, he resisted the injunction proceedings.

Attorneys requested the privilege of submitting questions of law on briefs, which Judge Burnell granted.

AIR LEADERS TO BE GUESTS

(Continued from First Page)

tative of the leading servic clubs of the city, with President Luther Mack calling the gathering to order and then turning the gavel over to President John C. Austin of the Los Angeles Chamber of Commerce, who will preside. The meeting is to be held in the Sala de Oro of the Biltmore and will be in the nature of a mass meeting of business men and industrial executives to launch a week's intensive campaign to put before the public of Los Angeles the slogan: "Spend more; employ more."

Russell Ballard, president of the Southern California Edison Company will be the principal speaker of the program, about thirty minutes being planned for his talk, which will be broadcast. A brief word in the nature of a message to local business men will be delivered by Mayor Porter.

LONG BEACH CLUBS TO HEAR DR. BAXTER

Dr. Bruce Baxter, assistant to the president at the University of Southern California, will speak on business confidence at a combined luncheon meeting of the service clubs of Long Beach at the Virginia Hotel, today. The gathering is under the auspices of the Long Beach Lions' Club, and is in observance of Business Confidence Week at the beach city.

Chamber's Head Urges Interest in Marine Band

Urging that the United States Marine Band be given a great welcome when it visits Los Angeles, John C. Austin, president of the Chamber of Commerce, yesterday issued a statement commending the city Department of Parks for arranging the open-air concert in the Coliseum at which the band will play on Sunday afternoon, the 26th inst. Austin said in part:

Los Angeles should give the United States Marine Band a great Southern California welcome. This band is not only famous as perhaps the finest military band in the world, but there probably is no other single organization that has exercised a more potent Americanizing influence.

"The United States Marine Band has occupied so warm a position in the regard of the many Presidents of the nation that it has become known as 'the President's Own.' It is only by permission of the President that the organization is allowed to leave Washington on such a trip as the present."

It was stated yesterday by Mrs. Mabel V. Socha, president of the Park Board, that demand for seats in the Coliseum is heavy. The price of the seats will no more than cover necessary expenses, Mrs. Socha said, and has been purposely fixed low so that everybody may attend. Tickets have been placed at the B. H. Dyas Company stores in Los Angeles and Hollywood.

Junior College Election Plan Wins Approval

Official notification of the decision of the State Board of Education to permit the Los Angeles City High School District to hold an election on the formation of a junior college district was contained in a letter received by the local Board of Education yesterday from Vierling Kersey, State Superintendent of Public Instruction.

The letter also expressed the willingness of the State board to cooperate with the local board in the preparation of the necessary legal preliminaries for the election.

At present the Los Angeles Junior College is administered by the local high school district. If at the proposed election the voters approve the formation of a junior college district a greater contribution to the cost of conducting the college will be made by the State than the sum now received.

Mrs. Hale Left Sum to Charity

The $35,000 estate of Mrs. Della A. Hale, wife of a prominent local merchant, will go to the Good-Will Industries, Inc., on the death of Miss Isabel Huntington, of Nashua, N. H., niece of the decedent, who will receive the income from the trust.

Marshall Hale of San Francisco, chairman of the State Republican executive committee, brother-in-law of the testator, was nominated to serve as executor. Personal effects of Mrs. Hale will be divided among her friends.

PEACE MEETING TOMORROW

The Women's International League for Peace and Freedom will hold its first meeting of the season at the Windsor Tea Room, 623½ South Grand avenue, tomorrow at 1 o'clock. Dr. D. M. Morandini will speak on "The Succession States of Europe, and their Importance as to Peace."

FIRST WIFE'S PICTURE WINS SECOND DIVORCE

Louis M. Hackathorn, former sailor and prize fighter, prized his first wife's picture more than his second wife's peace of mind, Mrs. Sybil M. Hackathorn testified in Superior Judge Jones's court, where she obtained a divorce. Mrs. Hackathorn testified the defendant kept his former wife's picture in his room, and refused to remove it. She added she paid her wedding expenses and supported her husband during the two months they lived together.

EX-DRY ACQUITTED OF STILL CHARGE

Failure of prosecution attorneys definitely to link Jack Ormsby with a still discovered on a ranch near Downey on March 16, last, yesterday resulted in a verdict being returned by Superior Judge Hardy acquitting Ormsby of a charge of possession of a still. Ormsby, formerly connected with the Federal prohibition enforcement detail, stated in his defense that he was merely seeking information which he intended to give to the Sheriff's office at the time of his arrest.

WELFARE WORKER SUCCUMBS SUDDENLY

Miss Julian Young, actively identified with social welfare work in Los Angeles county and recently connected with the county probation department, died suddenly yesterday at the Good Samaritan Hospital. She was widely known in the Long Beach district in welfare work prior to her connection with the main department here in Los Angeles. She was a native of Morganfield, Va.

INFORMER SLAIN ACCIDENTALLY

Filipino Not "Ride" Victim as First Supposed

Autopsy Shows Fracture of Delarosa's Skull

Woman Subjected to Raid Released After Quiz

Post-mortem examination of the body of Anacito Delarosa, Filipino informer for the police vice squad, disclosed he died from a skull fracture and was not shot and thrown from a speeding automobile, as it was at first suspected, Inspector of Detectives Davidson declared late yesterday. Other evidence obtained by detectives corroborated the supposition that Delarosa was struck by the car of a hit-and-run driver, Davidson said.

Delarosa, under the name of De la Cruz, was employed by members of the vice division as an operator in the investigation of immoral [illegible]. It was but a few minutes after he had left Central Police Station when he was found in a dying condition in the street at Third and Los Angeles streets shortly after midnight yesterday. Brother [illegible] Liddecoat of the Midnight Mission, driving north on Los Angeles street, said he saw a car drive over the body of the informer and stopped to aid him and notify police. He declared he did not see the car strike him.

Without regaining consciousness Delarosa died en route to the Georgia-street Receiving Hospital. Later his body was removed to the County Morgue, where the autopsy was performed. Exterior evidence of the injury at first caused police to believe that he had been shot in the head, giving cause for the suspicion that underworld enemies had "taken him for a ride."

Though convinced that Delarosa's death was accidental, Inspector Davidson questioned Sally Taylor of [illegible] North Fremont avenue, who, according to police records, was arrested on a morals charge through evidence obtained by the dead man on Tuesday. Miss Taylor, who obtained her release Wednesday night after paying a $25 fine, declared there was no truth in the report that she or any of her friends had made threats against the informer. She was not held.

Chief Deputy Coroner Macdonald stated that an inquest into Delarosa's death will be conducted [illegible] at 1:30 p.m. at the Coroner's office.

PLEA CHANGE IN LIQUOR CASE DENIED

Judges of Appeal Court Write Opinion: "We May Not Bootleg Justice"

Bootlegging of justice was named and rejected yesterday by Superior Judges Bishop and Shaw of the Appellate Department in an opinion affirming the conviction of Hanley L. Ortiz on a charge of selling gin to a policeman. Ortiz had pleaded guilty upon being arraigned, and was sentenced immediately to pay a $100 fine or serve not more than fifty days in jail. That same afternoon he retained a lawyer who offered a motion to withdraw the plea. Pro tem. Municipal Judge Northrup denied the plea, as well as a motion to set aside judgment. Notice of appeal was given.

Ortiz's attorney, in a petition to the Appellate Department, asserted the Municipal judge had substituted a statement on appeal of his own for the lawyer's statement. He asked that his statement on appeal be signed up as part of the record. In denying this deviation from the orderly procedure the Appellate Department opinion set forth:

"We are asked not to prescribe a method of getting the facts before us where no method is provided, but to sweep aside the statement of facts settled by the trial court and substitute those contended for by the appellant. This we may not do. The law leaves the settlement of facts with the trial court. We are bound by the law. We must not bootleg so priceless an object as justice."

Smuggler of Aliens to Face Added Charges

John Frank Smith, youthful adventurer in the smuggling of aliens into the United States, is back in Los Angeles to face additional charges which followed the first charge against him.

Smith was sentenced to a year and a day at McNeil Island Federal prison for smuggling alien Chinese into the United States across the Mexican border. He was brought back here to stand trial on a charge of perjury during his first trial and on a charge of conspiracy to smuggle aliens into this country. United States District Judge Kerrigan continued the case until Monday in order that the defendant might obtain an attorney.

"Horse Shoe Widow" Wins Divorce Suit

"A horseshoe widow" is terribly lonely in Long Beach, center of the horseshoe-pitching enthusiasm, Mrs. [illegible] Aurilla Ruchti testified yesterday in divorcing Arnold Herman Ruchti.

"He was forever pitching horseshoes," Mrs. Ruchti complained to Superior Judge Hahn. "He spent almost every Sunday pitching horseshoes and wouldn't return until 8 or 9 o'clock at night."

The wife said her husband worked at a Long Beach slaughterhouse and that he frequently arrived home with his clothes bloodstained and even then would refuse to bathe for days.

NOTED MUSICIAN ARRIVES BY PLANE

Jimmie Bittick, Town House orchestra leader, greeted by Earl Burtnett.

ORCHESTRA REHEARSES IN AIRPLANE

Jimmie Bittick and His Players Practice on Way From Kingman, Ariz.

Jimmie Bittick and members of his dance orchestra yesterday were the principals in what is believed to have been the first music rehearsal ever conducted aboard an air liner in flight. Flying here from Chicago to fill an engagement at the Town House, the leader was met at Kingman by the players who had preceded him here by train. They, too, entered the plane—one of the newly inaugurated Transcontinental and Western Air Express Line's ships—and from Kingman to Grand Central Air Terminal played numbers from their repertoire under Bittick's direction.

On arrival at the local port the Bittick group was welcomed by other band leaders now appearing here, including Earl Burtnett, Murray Smith, Gus Arnheim, Rube Wolf, Abe Lyman and Ray West.

Bittick and his orchestra make their first appearance tonight in a series of Friday and Saturday evening dinner-dances slated for the Town House.

YOSEMITE LOGGING JOB EXPLAINED

Tract Being Cleared for Road Never Was Part of Park, Official Asserts

Strongly worded literature against certain logging operations in the county adjacent to Yosemite National Park and issued over the signature of "Emergency Conservation Committee" of New York City is declared by Arthur H. Fleming of Pasadena, an interested party, to be based on a misapprehension of the situation.

The literature, broadcast for newspaper publication, apparently refers to logging operations on a small portion of Yosemite Lumber Company's vast holdings west of the park with the idea that it was to preserve this portion that Congress and John D. Rockefeller, Jr., recently provided $3,200,000 for enlarging the park.

Mr. Fleming, who with Robert C. Gillis of Santa Monica owns the stock of the company, said:

"I believe the tract at which the literature is directed consists of a strip about 3.5 miles long and 600 feet or so wide through which certain Stockton interests would have the State construct a road that would make Stockton more of a gateway to the park. This tract always has been in private ownership, it never was in the park, and it was not in the tract for which the park negotiated during the enlargement proceedings.

"The timber being taken off is only pine. The fir and trees that really make the land look like a forest are not being disturbed. The park got the forest it desired for the $3,200,000 raised. As was publicly stated at the time it got the forest at a price that did not take into consideration the approximately $3,000,000 more that it would have brought us in the regular market had we not wished to co-operate with the park. Mr. Rockefeller, who provided half of the money, praised us for our attitude."

Mr. Fleming, president of trustees of California Institute of Technology, is known for many philanthropies and public-spirited activities.

BURGLARS WHO ROB IN BELVEDERE SOUGHT

Burglars who during Wednesday night broke into the home of Sam Eisenberg, 951 North Townsend street, Belvedere district, while the family was absent and made away with jewelry and clothing valued at more than $400 were being sought yesterday by deputy sheriffs. Officers also were on the lookout for the burglar who possessed himself of a red cigarette lighter valued at $1, passing up $2 in cash and a quantity of jewelry, after forcing an entrance into the home of Mrs. Beatrice Gutknecht, 2160 White street, Altadena.

PROJECT DROPPED

The City Council yesterday instructed the City Engineer to present ordinances abandoning proceedings for the improvement of the Valley View Trail and Cahuenga Trail district and for the improvement of East Kensington Road between Douglas street and Bellevue avenue.

Humble yourselves therefore under the mighty hand of God, that he may exalt you in due time: casting all your care upon him; for he careth for you.—1 Peter v: 6, 7.

REAL COURAGE

Mrs. Herbert Hoover tells the Girl Scouts that the housewife who cheerfully washes her dishes three times a day has more courage than many heroes who are wearing medals. For one thing it was the right sort of an audience to talk to along these lines. The campfire girls will be fighting for their turn at the pan.

ROUGH ON VENUS

Another lovely Venus has been exhumed in Italy and this one seems to have fared rather badly. She has no arms at all and in fact there is very little left of the lady except the torso. The old boys must have treated their Venuses rather shabbily. It's a wonder that the coroner doesn't suspect foul play. Somebody ought to speak to Mussolini about it.

THE INCOME TAX

Wisconsin citizens adopted a constitutional amendment authorizing a State income tax back in 1908 and was a pioneer in that respect. The Wisconsin act was not passed until 1911 and has been amended several times. A great deal of income tax money has greased the wheels since 1908—most of the States having long ago joined the parade as soon as the politicians found how easy and proper it was.

SOME SPEED

This Capt. Frank M. Hawks has all other hawks beaten from the start. There isn't a bird in the heavens that can keep abreast with him for ten minutes. He has been amassing all the intercity records for sky speed. The other day he flew from Boston to New York in fifty minutes. On the last day of the world series he flew from Philadelphia to New York bearing photographs of the game in twenty minutes. This is at the rate of better than 270 miles an hour and would scare some of the old pioneers to death.

PARKS OF NEW YORK

Mayor Walker's administration has been doing wonders in the way of providing parks for the citizens of New York. In addition to $10,000,000 already expended for additions the board of estimates is now appropriating about $30,000,000 more to cover investments for the next two or three years. There are now more than 16,000 acres in the city parks and this is to be substantially increased. The friends of Mayor Walker say that the whole of the $40,000,000 program may be credited to his administration and there is to be no halt in the work.

CRADLE OF THE RACE

Who will find the cradle of man? Dr. Roy Chapman Andrews, who recently returned to Peiping with a record bag of prehistoric fossils, says he believes that further investigations in Central Asia will reveal remains of primitive human beings, while F. A. Mitchell-Hedges is equally certain that he will find them in the jungles of Honduras which he is now preparing to penetrate.

It is a romantic quest, this search for man's first home on earth. Scientists have looked for it in all sorts of places, likely and unlikely. Dr. Andrews chose the Gobi Desert while others have dug up vast areas in Central Africa, Japan and Mesopotamia. Thus far it has not been found. Just why the explorers go hunting in the least accessible places of the earth for mankind's first abode is not clear. It might be discovered in Flanders or in Ireland.

One reason why Dr. Andrews thinks that man's earliest forbears are to be found in the Gobi region, where he has been hunting them for several years, is that he has found there skulls and jaws of .. chalicotheres belonging to the same group as the horse, rhinoceros and tapir, but much more primitive than the type previously found in Europe and America. The argument is that if such ancient mammals can be unearthed there, why not the most ancient of mankind? This would seem logical, but nature is full of vagaries and while he is digging in Asia the cradle of man may be unearthed in Dr. Andrews's native Wisconsin.

PREPARING FOR A GOUGE

Not the safety of the public, but an assault upon its pocketbook, is contemplated in the local version of the so-called Broach Ordinance, the adoption of which its sponsors are preparing to urge upon the City Council. The ordinance, which purports to regulate the electric wiring and installation business, provides a board of three to license electrical contractors and their workers, and to forbid any such work being done by anyone not licensed. It is called the Broach Ordinance because, in the city of New York, where a similar statute was first adopted, its author was H. H. Broach, now president of the International Brotherhood of Electrical Workers, a division of the American Federation of Labor.

In New York and in Cleveland, its working out has proved it to be one of the most ingenious racketeering schemes yet devised. In Cleveland a group of electrical contractors and labor union bosses are under indictment for conspiracy to gouge the public by creating artificially high prices. In New York prices have been jacked up to an unconscionable degree, but nothing has been done about it.

The Cleveland indictment, brought under the Ohio antitrust law, is against nineteen individuals, who will come to trial in a short time. According to the charges, the scheme resulted in an advance of prices for electric installation of from 25 to 100 per cent, which made home building almost prohibitive in cost and greatly retarded business building. A few contractors and labor leaders profited to the detriment of the rank and file of workers and of the public, since many men in the building trades were kept out of employment.

The Broach Ordinance is intended to impose a union closed shop by law and to grant a monopoly to manufacturers who operate under closed-shop conditions, since materials as well as men are required to be licensed. Competition between contractors and between manufacturers is virtually impossible where such a system is in existence, since politics invariably so constitutes the licensing board as to make a union card a prerequisite to a license for an electrician and a closed-shop a prerequisite to a license for a contractor. The arbitrary powers granted to the board by the terms of the proposed ordinance would permit it to run the open shops out of business.

In Los Angeles a further step is threatened in giving the board power over motion-picture operators and electricians in studios. The operators are largely unionized at present, the electricians to some considerable extent. They would all have to join the union or lose their jobs if the ordinance is adopted.

Public safety requires, of course, that electrical installation shall be done in a competent manner and with good materials. But this is efficiently guaranteed by the present building code and inspection system. If the work itself is well done, and there are scientific tests which will show this, all the requirements of safety are complied with. It should be a matter of complete indifference to the city who does the work, provided competition is open and everyone is fairly treated. There is already drastic inspection of materials and the standards which they should meet are thoroughly established. For the city to go beyond this and insist on a supervision of the personnel is a dangerous invasion of liberty and industrial freedom, unnecessary from any point of view and wholly undesirable.

Electrical racketeers operate on the traditional racketeering plan. The licensing system, under union control, restricts the electrical business to a small and compact group of contractors, all of whom operate closed union shops and use closed-shop material. Any effort on the part of any licensed contractor to quote a competitive price on any job brings down upon him the business agent of the union, who threatens a strike. Prices are fixed by collusion between the union officials and the contractors, and the public pays the bill, which invariably is a heavy one.

The proposed ordinance would open the door wide to just such a scheme as this in Los Angeles and close and triple-bolt it after the scheme is in operation. The Broach Ordinance not only ought not to be passed by the City Council, it ought not even to be considered.

The same sort of ordinance has been suggested not only for this city, but for Pasadena, Oakland, San Francisco, Seattle and Spokane. As the Cleveland trial progresses, some very cogent reasons why such a plan should not be permitted here or anywhere else will appear in the testimony, if this bears out advance notices.

ACCELERATED JUSTICE

A gratifying acceleration of the traditionally slow pace of justice is shown by the first annual report of the appellate department of the Superior Court. Appeals to the number of 961 were disposed of by the department during the year ended September 10. This total represents 502 decisions affirmed, 244 reversed and 215 dismissed. The appeals were made from the decisions of the municipal and other inferior courts of the county.

This record would seem to justify the efforts of our judiciary to relieve congested court calendars and speed up lagging legislation. Under the present system Municipal Court cases are not allowed to be carried beyond the appellate department. Formerly they were permitted a hearing and rehearing in the District Court of Appeal and again in the State Supreme Court. The new system thus saves four steps and much time, as several years generally have been required to take a civil appeal through them, while delays in criminal cases have seemed almost interminable.

The success of this local appeal bench, the first to be established in California, has attracted much attention in other parts of the State, particularly in those counties where justice has been provokingly dilatory. The appellate department has been a boon to litigants in Los Angeles, which, it must be confessed, is quite a litigious city, owing largely to real estate and building disputes naturally arising in a municipality of such rapid growth. In 1924 more than 25,000 civil suits were filed and six months later a very large number of them had not been decided, while many others had not reached a hearing. The succeeding year made no better showing. Not until the Municipal courts began to function in 1926 was there much improvement. And now that the new appellate department has effected another change for the better it would seem that justice has struck a businesslike pace at last.

The LEE SIDE O' L.A.

BY Lee Shippey

A LOVELY garden is a banner of self-respect and good citizenship, so it is gratifying to note that Southern California is becoming more and more the land of lovely gardens. City or country, far or near, you may drive through miles of them.

Hobbies of the Retired

Back in the Middle West Douglas Mallach used to score a hit with a humorous lecture in which he told of coming to a place where workmen were digging "to lay a sewer or bury a retired farmer, or make some other public improvement." That always got a laugh, because nearly every small town in the Middle West was held back by retired farmers. When they moved to town, coal-oil lamps and sidewalkless streets and cistern water were good enough for them. They were agin public improvements.

Here things are wholly different. Our farmers are used to electric lights and modern conveniences on the ranch. And when they retire they, like other retired persons, find a major interest in gardening. There are tens of thousands of retired or semi-retired persons in Southern California who are great assets to their communities because they have made a life work of gardening.

Gardening For Health

A wise doctor friend of ours recently was called to attend a patient who had steadily been growing more listless and hopeless. She was in a comfortable apartment, where she had only to ring a bell to secure whatever attendance she wanted. The doctor had her moved to a quiet cottage, comfortable but in a sadly neglected grounds. The next day the man from whom the place was rented appeared on the scene with a couple of workmen and set them to work spading up ground. The invalid watched them with mild interest. When she asked questions they showed they were normal workmen by resting on their shovels and discoursing at length. It was a shame that place had been allowed to run down, they said—it used to be one of the prettiest little places in town. With some roses along that fence and a bed of violets over there in the corner, a hibiscus here and an oleander there, one wouldn't know the place.

When all the work of preparation was complete the owner suddenly appeared again and told the workmen to stop. "This tenant is here for only a short time," he explained, "and I really don't feel justified in the expense. When she leaves the place may be vacant again for months."

"Oh, dear!" exclaimed the tenant, who had overheard. "That seems too bad. Do you mind if I go ahead and plant the ground they've spaded up?"

She had found an interest in life, and soon it brought health back with it. Fresh air, sunshine, the joy of making loveliness grow where there had been barrenness before, had worked a miracle. And the doctor who had planned it all just chuckled up his sleeve. It will do realtors no good to telephone for the name of this doctor, for we are pledged to keep his secret.

"The Garden of My Heart"

Lon F. Chapin, one of the executives of the Pasadena Star-News, is a man who loves to lose the atmosphere of the business world in the beauty and tranquillity of his garden and to draw new inspiration from it. Mr. Chapin has just sent us a copy of "The Garden of My Heart," a book of poems his garden has inspired. It is a book fragrant with sweet thoughts and it gives an idea of how much that is beautifying and ennobling may enter into a man's heart from his garden.

Joshua Little Says

I can't take sides in the Brazilian revolution till I know which side the Brazil nuts are on.

Most of the failures I know would be successes if they gave as much time and inventive genius to business as they do to alibis.

Fertilizer thieves have been busy around Ontario. Well, it ought not to require bloodhounds to follow their scent.

Garden Artists

Our work is the expression of our hearts,
Which grow in beauty with each dream expressed,
And no man has built beauty in this world
But has built something finer in his breast.

I think too many strivers in the arts
Forget that art is more of heart than mind,
And no man who aspires to selfish gain
Achieves a masterpiece to bless mankind.

And he that gives pure beauty to the world
On canvas or within a garden small
Blesses himself the more because he seeks
Only to give his vision unto all.

A CONDEE MEMORIAL

California has always shown a ready disposition to honor any of its sons or daughters who have deserved well of the State, should a suitable opportunity present itself. At the present time the State Board of Agriculture is considering the erection of a service and administration building with every prospect that funds will be provided for it in the next biennial budget. The board could perform no more gracious act of recognition nor one more highly appreciated by the agricultural interests of the State than to name the proposed building in honor of its late president, Robert A. Condee.

Bob Condee, as he was affectionately known in rural communities all the way from Sacramento to the southern border of the State, had long set his heart on the consummation of this project, to which he was giving his specially trained abilities at the time when death suddenly and unexpectedly took him from us in the midst of his unfinished labors. Others will carry on the work, but one and all will admit the debt they owe to him who from its inception made its success his own. For him who did not live to see his work completed, what better tribute than to let the new agricultural administration hall go down to posterity under the name of the Condee Memorial Service Building?

A native son of the Golden West, his whole life devoted to the agricultural development of California, who from the day he graduated from the University of California made farming his special vocation, Mr. Condee held many posts, from Supervisor of Agriculture to president of the State Board, through which he contacted every development in the various productions of the soil which have made California famous throughout the world. How much of the success that has distinguished our annual State fairs at Sacramento we owe to his effort and activity, all those responsible for these stupendous undertakings will gladly bear testimony.

We could in no better way commemorate the public services of Bob Condee than by naming for him the new service and administration building.

LONG DRAWN OUT

Seems as if the last echo of the Julian explosions had been heard in the local courts. The total losses in these oily adventures have been placed as high as $30,000,000 and most of this fell upon the modestly endowed citizenship of Los Angeles. The bland and nervy Julian, the storm center of it all, is still very much at large and unscathed. He has never been seriously interrupted.

GIFTED GIRL

When Senorita Elosa de Alvarez, Spanish tennis star, is approached by new faces the conversation is very apt to deal with this particular game. But it is well known to her friends that she is an adept in at least half a dozen other sports in which her sex is permitted to participate. She can also converse fluently in French, English, German and Italian in addition to her native tongue. Incidentally she is the owner of a fine library and is recognized as quite a collector of books. A girl like that ought not to miss the Olympic Games in Los Angeles. She could divide her loafing between Pasadena and Hollywood and find something interesting all the time.

THE WISER WOMAN

By James J. Montague

The masterful girl gets a thrill out of life,
She labors with voice or with pen
To win a high place in the struggle and strife
In a world mostly managed by men.
She holds that no heights are too lofty to scale,
No perils her spirits dismay,
She knows that her courage and will can avail
To make her own ambitious way.
But I always have fancied that in the long run
The sweet clinging vine has a whole lot more fun.

The masterful girl asks no help from the men,
For she knows she would ask it in vain;
And if they may offer their aid now and then
She spurns it with icy disdain.
She marries, perhaps, but she plays her own hand,
And seeks, with the strength of her soul,
The forces opposing her will to command
And arrive at some glorious goal.
Her purpose is noble, her aims are sublime,
But the dear clinging vine has a far better time.

And why should a woman seek power and pelf
And bother and worry and plan
To make a soft place in the world for herself
When her load will be borne by some man?
For now with a deft and a delicate smile,
And again with a pitiful sob,
She can get some strong lad, in a very brief while,
To make her existence his job.
And the fame she foregoes will be scarcely a loss,
For he'll make the money, and she'll be the boss.

DAYLIGHT SAVING?

BY WILLIAM HAMILTON CLINE

IV

The United States, by law, has fixed what is designated as standard time for all railroad operations and requires them to conform thereto, no matter what vagaries of clock regulation any community or State may choose to put in force.

If California, in the November election, should by any chance adopt the so-called daylight-saving time for its summer schedule and thus shove the clock hands an hour forward the railroads would not do likewise, but would perforce continue as now on Pacific standard time.

California, heretofore—save during 1918, when it went on a daylight-saving schedule with the rest of the nation as a war measure—has conducted its affairs on the same time basis as do the railroads and there has been no confusion or doubt entailed. Twelve o'clock has been 12 o'clock and that's all anyone had to know. Any correct timepiece served any and all purposes.

But if daylight saving becomes the voted law of the State—after the Legislature has five times refused to make it so—then everyone in any way in touch with transportation, shipping, trains or communication, by wire or telephone or radio, will have to keep two watches on two schedules—one for his daily, ordinary use and another, set an hour back, for the standard time used by these interests.

In the only two States to adopt daylight saving—Massachusetts and Rhode Island—the railroads continue to run on standard time. In the 263 communities out of 120,000 using it, the same thing applies. In other words, in those States and places everyone has to work, play, think, under a double set of timings—and to remember ever which applies to which.

In New York City, with daylight saving, the railroads are all an hour "late" except that the Long Island suburban lines operate on daylight saving, coming under the head of "locals"—and adding thus to the general time mix-up. You may arrive in the city on a regular train, expecting to take a local to a Long Island point—and find it gone an hour before; I've done that, and it's no joke, either!

Which raises the query here—what would the Pacific Electric do—remain on standard time and make its present scheduled connections with overland trains and ships, or change and upset all its connections and time cards twice a year?

It wouldn't be so good for commuters if they had to catch a 6:15 instead of a 7:15 car in the morning, even though they rode home on a 4:15, would it?

Besides, the P. E. runs freight, milk, garden truck and other trains at hours arranged to suit growers and markets. If it sticks to standard time, will not all these commodities be an hour late to their destinations? Or will extra special trains have to be run to care for such?

Would it be legal for the P. E. —which classes as a railroad—to change to daylight saving? And, knowing what it means in a vague way to rearrange a time card, has anyone a conception of what is required to change those of a whole system every six months, provided it were legal?

Now, one of the daylight-saving arguments is that by beginning the day's tasks an hour earlier, that much is gained at quitting and that clerks, office help and the like cannot but benefit by "an extra hour of daylight." All right; suppose an office opens now at 9 a.m., it would move up to 8 a.m. by shoving ahead the clock, ready to go. What's the first thing every business looks to for beginning the day? The mails. Trains, the postoffice, the carriers, are now geared to this need to get the mails delivered on time for the opening of work. But under daylight saving it cannot be so; the mails that now are in ample time by that schedule will be an hour later—standard time—which means the same delay in postoffice and with carriers, so it is actually 10 o'clock by daylight saving when the business world begins to function, after an hour's irretrievable loss. Even if letter carriers observed the changed hours, it would be futile, for the railroads will not and may not, by law.

And as 5 o'clock daylight saving is closing time, which is 4 o'clock by actual fact, where is the day gone?

Either offices will have to operate from 10 to 6, daylight saving—which eliminates any excuse for their changing time—or have an hour of dead time every morning. There is no way out of it.

This likewise holds good as to shipping, traveling, all the functions in which railroads are a factor—which practically means all of business life.

Busses in transcontinental service, if not in local, would continue on standard time, necessarily. So would airplanes; all connections are made accordingly. The telegraph and telephone companies have schedules arranged on the same basis. California has an hour's advantage in time now, every summer, in cross-continental telephone and telegraph rates. Why give up that extra leeway?

These are a few angles on what a change to daylight-saving time and back every summer would mean to us. Figure out the disruptions in making the changes, physically and mentally; the readjustments spring and fall; the impossibility of conforming to these shifts on the part of transport and communications; the double-clock system needful half a year, to be learned and unlearned; the necessity of specifying "which time" in myriads of cases; the possible illegality of daylight saving—the Supreme Court has never finally passed on it—and you have a faint idea of what the proposition connotes in these respects.

Do we wish to keep California in time-touch with 97 per cent of the country, as it now is, or synchronize it with the other 3 per cent that shifts its time basis twice a year? Shall we line up with two States, or remain in company with forty-five? Will we try an experiment that proved undesirable when the whole country used it as a war measure, or be content with the good fortune now ours?

DIAGNOSIS

BY ALMA WHITAKER

Political physicians all over the world have been weightily diagnosing the financial depression . . . and like other doctors, in other insanity trials, they blithely, earnestly disagree.

One reads ponderous articles explaining how the whole trouble is the hoarding of gold . . . a couple of columns in the London Times on this one. Another authority feels that overproduction of raw materials is at the bottom of our woes.

As against this, Henry Ford says there's no overproduction, that hoarding of gold has precious little to do with it, but that opening up new markets is all that is necessary to cure the patient.

Stock-market inflation is another diagnosis that several doctors favored as the probable cause. Wall street should see to it that stocks are never sold beyond their reasonable limit of value. A lot of us felt Wall street does not take its responsibilities seriously enough.

Of course the World War has come in for its full share of the blame . . . even if it is twelve years past.

Then there are the physicians who blame prohibition for everything . . . crime, unemployment, overcrowded courts and jails, infant mortality and all the rest of it.

Some calmly explain that nothing is the matter but our pessimistic state of mind. If we will only think renewed prosperity and act renewed prosperity there will immediately be new prosperity.

One fellow even put the blame on education. He felt that too much expensive education for minds incapable of applying it to profitable purpose, not only kept the families poor who pay for the education, but turn out young men and women whose ideas have become too lofty for the sort of work the world needs doing. He declares that most of the unemployed are unemployable, because they will only accept such work as seems compatible with their educated standards.

Prof. Wesley Miller of Pennsylvania feels that if the world supplies of silver were set to work and coined into Chinese dollars, the Orient would at once be made safe for greater American trade. The U.S.A. is to buy silver at 50 cents and coin it into two-ounce dollars, octagon shape, to indicate its use for the Chinese trade. A higher silver value, he says, will bring prosperity to China. It will not affect the gold standard, but will result in an immense revival of trade between this country and the Orient . . . and avert the trend of Communism. This will counteract the scarcity of gold and prosperity will return.

That plan seems to call for making the Chinese rich first . . . and each country's leaders are right now telling their respective nationals . . . (notably Mussolini and Herbert Hoover . . .) that the remedy is within their own borders and because the rest of the world is sick, individual countries need not be.

And then we read a suicide letter by a professional beggar, in which he confesses that he earned a stylish living this way for ten years. "From what I have learned and from my own experience I am fully convinced that begging as a profession cannot be beaten." He said he had killed himself because he didn't like living by deceit . . . and a meanie fellow-beggar was blackmailing him . . . "Football matches are a gold mine to beggars, so I shall be missing a lot of money," he concludes.

So there you are . . . the one fellow who had discovered the sure way to permanent prosperity, threw it away!

WOMEN'S WORK

A champion of the American housewife has arisen in the person of Mrs. Marguerite B. Benson, executive of the Home Making Center of the New York State Federation of Women's Clubs, who has been making a survey of housewives of many nations. She states in a story in the New York Times that the homemakers of America, far from deserting their jobs, have conquered their jobs with efficiency methods. She estimates that the average American housewife accomplishes her housework in a seven-day week of nine hours a day. Comparing this sixty-three-hour week for the woman who until recently has been listed in the census as "no occupation," we find our slower sisters of Europe counting up almost from "sun to sun" as follows. France, 92 to 115 hours weekly; Italy, 86 to 100 hours; Poland, 79 to 94 hours; Czecho-Slovakia, 105 to 119 hours; Sweden, 82 to 119 hours; Switzerland, 112 to 118, and Spain 75 to 108 hours. One of the aids suggested by Mrs. Benson for reducing hours is, "Eliminate tasks that habit or tradition rather than common sense dictates should be done on a certain day in a certain order."

Arnold, of development for the National Broadcasting Company. the inception of broadcast- years ago, Arnold estimates, sales have totaled while sales in 1929 $600,000,000. than 2000 manufacturers, distributors and jobbers are engaged in the production and sale of radio sets, parts and accessories, the industry, directly and indirectly, giving employment to $500,000 people, he declares. Out of 29,000,000 homes in the Unitd States, nearly 13,000,000 have receiving sets, representing a family audience of 50,000,000 people, or approximately 40 per cent of the total population.

No other industry—not even the motion picture or automobile business—has been able to show the tremendous development which has brought radio to its present status as one of the really great industries of the country.

They tell us that—

The darling Little Nit Wits—KHJ at 5 tonight. They are going to trundle on with another burlesque of some unfortunate masterpiece.

A delightful concert—KECA—5 tonight—the Cavaliers—Leo O'Rourke, tenor.

Argentine film star—KFI—songs of the pampas—8 tonight.

Arizona Wranglers—KNX at 3 this afternoon. A baby has arrived on the ranch.

Vaudeville? RKO half-hour—KFI at 7:30 tonight—a bit of this and that.

KPVD—"Honoring the Culver City Police Department"—a police benefit—9:15 tonight — Big Time with plenty of talent.

And there goes Maj. Mott shooting a widget—KHJ at 6 tonight. If you like an adventure story, dial this.

Want to go to a circus?—KNX at 9 tonight—Clowns Spark and Plug—circus band.

Football? U.C.L.A. vs. St. Mary's—KECA at 9 tonight. Slip Madigan may put it over.

Salvatore Saentella's Band—Stewart Bair, baritone—KTM at 9:30 tonight—songs of Virginia.

KFWB-U.C.L.A. vs. St. Mary's—football.

Beautiful music? Pryor Moore Orchestra, Robert Hurd, Zhay Clark—KFI at 9:30 tonight.

Nights in the Old World—folk music of old Russia—gypsies—one of the finest programs ever broadcast by KHJ—at 8:15 tonight. Raymond Paige at the baton.

Girls—free stocking offer—KNX at 7:45 tonight.

Henry Cantor, soloist—KHJ at 9 tonight—string orchestra—"Painted Doll" and songs you'll like.

Prizefight? KNX at 9:45 tonight—Cecil Payne vs. Ignatio Hernandez—Hollywood Legion Stadium.

KECA at 10 tonight—Rose Dirmann, soprano, in recital of songs by Dvorak, Bach and Massenet.

The Women's National Golf Tournament? Its progress will be given over KNX at 6:30 tonight.

And if you want a "good concert" after supper—Raymond Paige over KHJ at 9:30 tonight.

There isn't any more.

PRACTICAL RECIPES

[Requests for recipes and information pertaining to the proper preparation and serving of foods will be answered in this column every Friday. Address all requests to A. L. Wyman, Laboratory Kitchen, 424 Arden avenue, Glendale.—Ed.]

CHEF WYMAN'S ANSWERS

ORANGE MARMALADE

M. C. N., San Diego: The orange marmalade of which you speak is made in England, of what is called a Seville orange, but by using this combination of fruits that I am giving you you will get the same effect or taste. I have used it many times and like it better than any other. It is best to make it of the navel oranges, as they are very thin skinned. Slice twelve thin-skinned oranges very thin, three medium-sized thin-skinned lemons and two medium-sized thin-skinned grapefruit. Place the fruit in an enameled pan and cover it with cold water and let it stand for forty-eight hours, keeping the dish covered. Place the fruit in a saucepan and let it come to a slow boil, boiling it for ten minutes, then allow it to stand again overnight. The next morning measure the fruit and juice and add an equal amount of sugar, bring to a boil, skim well and cook slowly until a little will jell when dropped on a cold plate. If the thin-skinned fruit is used it is not necessary to remove the white pith.

CHUTNEY

G. A., Reseda: The chutney of which you speak in your letter is impossible to make in this country. It is made with mangos and is allowed to sit in the sun for weeks at a time and that is the only cooking that it gets. I have eaten it many times and am very fond of it and the nearest that we can get is the imported English chutney, as it is called, that is put up in bottles. I am sorry I am unable to help you, under the circumstances.

RUM PIE

G. R. B., Hollywood: Five whole eggs and the yolks of five eggs, one cupful of sugar, three-quarters of a cupful of milk, two tablespoonfuls of rum extract, one cupful of milk, one teaspoonful of butter. Allow the milk to reach the scalding point, beat the eggs all together, then gradually add the sugar to them and beat until thick, add the scalded milk to the mixture, allow it to cool, then return to the double boiler and cook until thick over a slow fire. If not quite thick enough add two tablespoonfuls of cornstarch that has been diluted with a little milk. Allow the mixture to cool, then fold into it one-half a cupful of whipped cream. Place the mixture in a baked pie shell and dust with a little nutmeg.

DEVILS FOOD CAKE

Place in the top of the double boiler three squares of grated unsweetened chocolate, one cupful of brown sugar, and two-thirds of a cupful of sweet milk. Stir over hot water, until smooth, then beat in the slightly beaten yolks of two eggs, and stir and cook for three minutes, add one and one-half teaspoonfuls of vanilla extract, and beat the mixture until cool, beat a half cupful of butter to a cream, and beat into it slowly two-thirds of a cupful of light brown sugar. Beat the yolks of two eggs, with one-third of a cupful of sugar, and beat until creamy. Combine the butter and egg mixture, and beat well, then add the chocolate mixture. Sift three cupfuls of sifted flour with a half teaspoonful of baking soda, a half teaspoonful of salt, and three level teaspoonfuls of baking powder. Add the flour mixture alternately to the other mixture with a half cupful of sour milk, fold in the stiffly beaten whites of the two eggs, and bake in oiled and floured layer cake tins in a moderate oven.

TIMES PRIZE COOK BOOK

I. L. J., Monrovia, Cal.: The Times Prize Cook Book is out of print, so am sorry we cannot send it to you.

BLACK BOTTOM PIE

G. R. B., Hollywood, Cal.: Two squares of unsweetened chocolate, grated, or one-half cupful of cocoa, one-quarter of a cupful of cornstarch or flour, one and one-half cupfuls of milk, one-half cupful of sugar, the yolks of three eggs, one-quarter of a teaspoonful of salt, two teaspoonfuls of vanilla extract. Combine the melted chocolate, sugar, cornstarch, salt and the well beaten egg yolks. Add just enough cold milk to make a paste, scald the remainder of the milk in a double boiler and slowly pour the scalded milk over the paste, stirring constantly, return to the double boiler and stir and cook until thick. Remove from the fire, and add the extract, cool, pour into a baked pie shell, chill thoroughly, then cover with whipped cream that has been beaten stiff with a little sugar, and flavored with vanilla extract.

YORKSHIRE PUDDING

H. O. N., Los Angeles, Cal.: Sift two cupfuls of flour with two-thirds teaspoonful of salt, beat three eggs until light and add it to the mixture with two cupfuls of milk. Beat well and fifteen minutes before removing the roast from the oven and when the oven heat has been reduced to moderately hot, spread about three tablespoonfuls of the roast beef dripping, on the sides and bottom of a shallow pan, pour the pudding mixture in two-thirds of an inch deep, and bake until firm on top. Cut in small squares and arrange around the roast.

CHOCOLATE CHIFFON PIE

I. C. B., Alhambra, Cal.: Place two cupfuls of milk in the top of a double boiler, and add to it one-fourth teaspoonful of salt, beat the yolks of four eggs and add to them a little at a time, and beating constantly, six tablespoonfuls of sifted flour that has been sifted with one-half cupful of sugar. Melt two squares of unsweetened chocolate over hot water, and beat it into the egg mixture, then add the scalded milk, pouring it in a little at a time, and stirring constantly. Return to the double boiler and cook slowly until thick, add one teaspoonful of vanilla extract, remove from the fire and add the stiffly beaten whites of two of the eggs, while the mixture is still hot. Pour into a baked pie shell, cover with a meringue made of the other two egg whites, place in a slow oven and brown. Allow to remain in the oven until the pie has cooled.

Of Interest to Women

Society

by JUANA NEAL LEVY

Of more than usual interest to society of the Southland is the announcement this morning of the marriage yesterday afternoon of Miss Josephine G. Wilcox of Riverside to Lawrence G. Barker, son of the late William Alfred Barker and Mrs. Barker of 3300 West Adams street, the ceremony taking place in First Presbyterian Church, South Figueroa street at Twentieth, with Rev. Hugh Kelso Walker, D.D., officiating, only immediate relatives being present.

Owing to the recent bereavement in the family of the bridegroom there was no reception or wedding supper. Mr. and Mrs. Barker left last night for the East, where they will visit in Chicago, New York and other cities on the Atlantic Coast. They will not return to Los Angeles until after the holidays, when they will be at home to their many friends at 3300 West Adams street.

Opening Dinner-Dance

Anticipated as one of the delightful social affairs of the season is the dinner-dance to be given at The Town House tonight and tomorrow evening when Jimmy Bittick and his orchestra of the Drake Hotel, Chicago, will make an initial appearance. Similar affairs will be given each Friday and Saturday evening during the winter season and special entertainment features will be presented on each occasion.

Among those who will entertain this evening are Messrs. and Mmes. George Benjamin Hall, Theodore Strassforth, C. Shapiro, Taft B. Schraiber, Frank H. Bennett, Lewis Tioda; Mmes. Genevieve Gray and Paul Harvey Fox; Raymond Harrow, Earle C. Anthony, Richard Halliburton, Richard Kilroy, Maurice Segresta, Dickinson Waterman, Kenneth Preuss, Douglass Ott, Harry Collins, H. E. Heyden, J. Clark-Smith, George Converse, E. L. Doheny, Jr., Herbert Law of San Francisco and many others.

University News

Outstanding musicians of Los Angeles will be among the guests at the annual formal reception to be given by the college of music, University of Southern California, this evening in the social hall of the Student Union Building. In the receiving line will be President Rufus B. Von KleinSmid, Dean Walter F. Skeele, Louis Gough and Miss Janet McCoy, president and vice-president of the Associated Students, respectively; William O'Donnell and Miss Alberta Dudley, president and vice-president, respectively, of the college of music student body.

Among the faculty and students from the college of music who will take part in the program are Miss Veva Reeder, Miss Iola Stephens, Miss Sally Stokes, Salvadore Crimi, Davol Sanders, Morris Browda, Eloise Jones, Mrs. Elfreda Fisher, Elizabeth Haugh, Miss Pauline Foster, Miss Margaret Swan, Miss Marjory Wright, Miss Margaret Huse, John Ferguson, Miss Delight Ferguson, Mrs. Lillian Backstrand Wilson and Miss Ivy Goade.

Miss Lucille Huebner, president of the women's self-government association of the university, and Miss Jane Lawson, vice-president of the body, will leave for the north early next week to attend the Intercollegiate Women's Association of Southern California convention which meets the 31st inst. to November 1, at Fresno State College.

Honoring the new members of the faculty of the school of philosophy, University of Southern California, Dr. Ralph Tyler Flewelling gave a luncheon recently at the University Club when the honor guests were Dr. Edwin Diller Starbuck, formerly of the University of Iowa; Dr. R. F. A. Hoernle of Witwatersrand University, Johannesburg, South Africa; Dr. D. Willard Lyon of China and Dr. Herbert L. Searles, formerly of James Millikan University. Among the guests were Dr. Seeley G. Mudd and Fletcher Dobyns, honorary fellows of the school of philosophy; Profs. Rieber, Boodin and Barret of the University of California at Los Angeles; Dr. H. Wildon Carr, Carl Farman, Albion S. King, Tom Tuttle and Philip Wiener.

Entertains Bridge Club

Mrs. J. A. Warner, 250 South Spaulding Drive, Bevely Hills, who recently returned from a year abroad with Dr. Warner and their two boys, Ted and Joe, was the hostess at a delightfully appointed bridge party given at the Warner home for members of the Valencia Club of Anaheim, where the Warner's formerly resided. The afternoon of bridge was preceded by a luncheon at Armstrong's Cafe. One of the charming features of the affair was the presentation of a lovely corsage to each guest as a compliment of Dr. Warner.

Mrs. Mary Stroka of Palo Alto, the hostess' mother, was guest of honor at the affair. She will remain with her daughter for several weeks.

Baby Daughter Arrives

Mrs. Frederic A. Brossy (Betty Higman) of Grosse Point, Mich., who, with her two children Frederic, Jr., and Betty Lou, have been visiting with her mother, Mrs. Brown Higman, 8736 Shoreham Drive, Hollywood, is being congratulated on the arrival of a baby daughter, born Monday. Mr. Brossy is speeding westward to join his family.

Wagner-Hansen

Two prominent families of the Southland were united Wednesday when Miss Ardeth Wagner, daughter of Mr. and Mrs. John E. Wagner of Placentia, became the bride of Ted R. Hanson of San Clemente, son of Mr. and Mrs. Ole Hanson, at the home of the bride's parents with Rev. Frank Dowling of Anaheim officiating.

More than 100 guests from Los Angeles, Long Beach and Orange county cities attended the ceremony, which was performed in the spacious archway-hall of the Wagner home. Greenery and yellow chrysanthemums provided the only decorations.

The bride wore a formal gown of ivory satin with puff sleeves and bands of satin and pearls were wound about her head. She was asserted by Miss Ruth Nonamaker of Berkeley, maid of honor, who wore pink georgette, and William Watkins was best man.

Preceding the service, the Misses Rose and Betty Donnelly of Anaheim played a violin and piano number, later playing the wedding march.

Immediately following the ceremony, the party went to San Clemente for the reception at the home of the bridegroom's parents. Mr. Hanson and his bride will make their home in SanC lemente after a honeymoon trip to Mexico City.

Initiation-Installation

Alpha Sigma chapter of the Alpha Zeta Beta Sorority conducted a formal initiation-installation dinner Sunday evening.

At the beautiful solemn initiation ceremony Mrs. Doryce Vonder Reith and the Misses Mary Clements, Edith Crew and Frances Norton were taken in as new members.

During the installation the outgoing officers, consisting of Leila Lee Magee, president; Martha Morgan, vice-president; Florence McCoubrey Wright, recording secretary; Velma Shoush, corresponding secretary and chaplain; Veleta Warde, treasurer; Harriet Cash, marshal; Letha Buck, guard, and Elsye Beller, Opheleo editor, turned their offices over to the new set of cabinet members, consisting of Florence McCoubrey Wright, president; Margaret Allewelt, recording secretary, Velma Shoush, corresponding secretary; Grace Lee Harness, treasurer; Harriet Cash, marshal; Martha Morgan, guard; Thelma Hibbert, Ophello editor, and Juanita Drake, chaplain.

The guests of the Long Beach chapter, Alpha Kappa, were Mrs. Bernice Lawson and the Misses Evelyn Johnson and Iola Biggers.

Among those present were the Mmes. Juanita Drake, Grace Lee Harness, Martha Morgan, Velma Shoush, Veleta Warde, Florence McCoubrey Wright, Lucille Holman and Doryce Vonder Reith, and Misses Margaret Allewelt, Berenice Allewelt, Elsye Beller, Mildred Bertrand, Letha Buck, Jean Bush, Dorothea Cheseldine, Mary Clements, Lottie Crowle, Edith Crew, Harriet Cash, Jean Daynes, Thelma Hibbert, Leila Lee Magee, Frances Norton, Pauline Rutland, Margaret Sutherland and Patricia Wells.

Several Affairs

Miss Helen MacConnell of Sunnynook Drive, fiancee of James Fred Dean, was guest of honor at a bridge-luncheon given the 4th inst. at the Beverly Wilshire by Miss Geraldine Hadsell. Guests included, Mmes. Frank X. Eberle, John Harrington, William MacConnell, C. J. Paradise, Phillip Vance, Joseph Divizia, George Hall, Arch McAllister, Gaines Hon, Misses Minna Wredin, Ruth Richardson, Irene Apathy, Elsa Apathy, Beatrice Lyttle, Patricia Freeborough, Dorothy Hall, Aileen Carlisle, May Wilson and Concuello Dawn.

Miss MacConnell was also guest of honor at a buffet supper and bridge given by Misses Violet and Louise Arenz at their home in Westlake avenue. A bridge-tea and shower was given by Mrs. George Hall and Mrs. Edward Bromhead of Santa Monica.

Mrs. Joseph Divizia and Mrs. Phillip Vance of Beverly Hills entertained Miss MacConnell at an unusual and charming bridge-breakfast last Sunday, at which all the guests were in pajamas.

No date has been set for the wedding, but it will be an event of the winter.

For Bride-elect

Honoring Miss Elsie Louise Mulford, daughter of Mr. and Mrs. O. J. Mulford, fiancee of Edward Aubrey Law, whose wedding will be an event of the month, Mrs. O. W. Mulford entertained with a luncheon and bridge recently, a miscellaneous shower featuring the afternoon's entertainment, sixteen guests being bidden.

Another charmingly appointed affair given for this popular bride-elect was the bridge-luncheon and shower given by Mrs. Giles Nerdrum, guests including members of the bridal party and a few close friends, Mrs. O. W. Mulford, Mrs. Nerdrum, Mrs. Russell Mulford, Mrs. Gale Adams, Miss Dorothea Harrison, Miss Jean Nerdrum, Mrs. Jack Nerdrum, Mrs. F. Mobray, Mrs. H. Jacobs, Mrs. A. Tistor, Mrs. Mary Rhodes, Mrs. Hazel Peterson, Mrs. Violet Vaughn, Mrs. R. Green and Mrs. Law, mother of the bridegroom-elect.

In New Home

Mr. and Mrs. John Carroll Baldwin (Merle Kennedy) and their small daughter, Judy Joyce, are now in their lovely new home at 329 South Rodeo Drive, Beverly Hills. The Baldwins have been for the summer at Alamitos Bay, where they entertained their many friends at numerous informal affairs.

Mrs. Holtham was formerly Miss Iris Audrey Richards, daughter of Mrs. J. A. Kenyon of Sydney, Australia, and arrived from Australia last week. Mr. Holtham comes from an old pioneer family in Modesto. He was graduated from Stanford, is affiliated with Phi Kappa Psi Fraternity, and during the recent World War served as a naval aviator.

CHEF WYMAN'S RECIPES

Every Friday at 2 o'clock Mrs. A. L. Wyman will conduct a free class and demonstration of good cookery in the lecture room of the Southwest Building, 130 South Broadway.

APPLE CUSTARD PIE

Two cupfuls of unsweetened apple sauce, one-half cupful of sugar, two tablespoonfuls of lemon juice, three egg yolks. Add the sugar and lemon juice to the apple sauce, beat the yolks of the eggs, and combine with the apple mixture. Line a pie dish with a plain pastry, turn the mixture into it, place in a hot oven for ten minutes, then reduce the heat and bake twenty minutes longer. When the pie has cooled, make a meringue of the whites of the eggs, place it on the pie, place in a very slow oven, and brown.

CINNAMON APPLE SALAD

Place in a saucepan one cupful of sugar, one cupful of water, and one-half a cupful of red cinnamon candy, pare and core firm apples, and drop them into the syrup, and cook them until tender, but not broken. Remove from the syrup, place on a plate, and allow to thoroughly cool. Take the required amount of cottage cheese, or cream cheese, and mash it to a paste, season it with lemon juice, add a little cream, if necessary, and some chopped nutmeats. Mound this on apples, garnish with candied cherry, serve on lettuce leaves, with a spoonful of mayonnaise dressing.

ABALONE CHOWDER

Place in a deep iron pot or skillet, one cupful of finely chopped bacon and cook slowly until crisp, then add one clove of finely chopped garlic and a half a cupful of finely chopped onion, and cook until both are clear, but not brown. Cut three cupfuls of abalone in small pieces, cover it with two cupfuls of water, and cook until the abalone is tender. Heat three cupfuls of milk, and add it to the cooked abalone, with the onions, garlic and bacon. Heat six tablespoonfuls of oil or shortening in a saucepan, and when hot, stir in slowly a half a cupful of flour, and when well blended, stir it into the chowder. Season with finely chopped parsley, salt and white pepper. Serve with small crackers.

TONGUE AND TOMATO SAUCE

One fresh beef tongue, two cupfuls of tomatoes, two cupfuls of peas, one onion, two cloves, one tablespoonful of cornstarch or flour, a seasoning of salt and paprika. Cover the tongue after washing it thoroughly, with boiling water, and allow to boil until tender, then plunge it into cold water, remove the roots and the skin. Place the tomatoes in a saucepan, add the finaly sliced onion and the whole cloves. Simmer until the onion is soft. Strain, and thicken with the cornstarch, that has been mixed with a little cold water. Add the salt and paprika, replace the tongue in the sauce, and allow it to simmer slowly for a half an hour. Add the peas just before serving.

Mrs. Wyman does not reply to letters, but requests for recipes are answered in the department, PRACTICAL RECIPES, published every Friday.—(All rights to reproduce reserved by A. L. Wyman.)

CHICKEN COOKING TO BE TAUGHT

Chef Wyman Will Also Demonstrate Preparing of Several Pies Today

The women who attend The Los Angeles Times' Free Cooking School today will be able to surprise their families with some unusual dishes, since Chef Wyman will show a new way to prepare chicken, Japanese chicken and rice; and will also demonstrate a new way to serve onions with roast meats by making them into an onion short cake.

For those who prefer the old-time recipes, she will make an old-fashioned apple pie, known as Marlboro apple pie. In addition she will prepare an unusual cottage cheese salad and make a delicious sour cream chocolate cake.

Several members of the class have requested recipes which are impracticable to demonstrate at the cooking school so at today's class Chef Wyman will answer these requests and give explicit directions for preparing the different dishes.

The Times invites everyone to attend this class which is held in the Southwest Building, 130 South Broadway, and begins promptly at 2 o'clock.

Onions

When peeling onions for a relish hold them under the running cold water faucet and it will prevent those tears. Then when you are putting them through the grinder, place a wet cloth over the top of the grinder and work underneath and you will again avoid that sadness.

HOUSEHOLD SUGGESTIONS

Systematized

Read your recipe, then get out all the ingredients required and necessary cooking and mixing utensils. Then combine your materials and you will find the work accomplished in much less time than when done in a hit or miss manner.

Wooden Utensils

Wooden bowls and spoons should be scrubbed with bath-brick or sand in preference to soap. This will whiten the wood and make it smooth and glossy and there is no chance of a soapy taste getting into the wood.

For Good Coffee

The coffee pot must be kept sweet and clean if you want your coffee to continue to be good. About once a week put a tablespoonful of soda in the pot, fill nearly full with water and let boil for a short time. Then rinse well with boiling water.

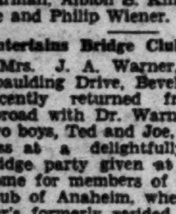
Cloudy Soup

If the soup does not look clear and in this way loses its appetizing appearance, drop a white of an egg into it and when it curdles remove it. It will take with it any impurity that is clouding your broth.

Better-Looking Fringe

Fringed napkins will look better if they are slapped against the ironing board and the fringe loosened and made fluffy before they are pressed with an iron.

HOME DECORATION TALKS—NO. 16



by Fay Fraser

THAT SPARE ROOM

I have just been making a speaking tour up and down the Coast. I had the privilege of staying at a number of my friends' houses on my trip. These stays were a revelation to me. During the last few years the spare room has been changed from one of the most neglected rooms in the house to one of the most pleasant and inviting.

This has been done, I found, without very much work. It is possible, as you know, to change the complete appearance of a room by a small amount of color diligently applied.

Many of my friends used Flex in their guest rooms. Flex is that new color finish which combines the best features of enamel and lacquer. It comes in twenty fascinating colors. One particularly delightful guest room in which I stayed was finished in Old Ivory Flex and Laguna Blue Flex. This rather unusual combination struck a new note, yet at the same time it provided a pleasant and charming atmosphere.

Flex was used because it is perhaps the only color finish which can be used successfully by amateurs, I was told. Flex actually is self-leveling. It flows on the surface like cream. No matter which way you brush, the brush marks disappear in a few hours, leaving a tough, resilient and colorful surface as smooth as hand-rubbed porcelain.

Leading Hospitals throughout America make it a point to specify

KOTEX

WHY do you suppose our outstanding hospitals, staffed by world-famous surgeons, make it a point to specify Kotex? There's more than one reason!

In the first place, it is hygienically *safe*. In the second place, it is amazingly absorbent—and that is vital for all surgical purposes. Actually—think of this—Kotex is five times as absorbent as the finest surgical cotton! The material of which it is made (Cellucotton—not cotton—absorbent wadding) is laid layer upon air-cooled layer. And each one of these delicate layers is a quick, complete absorbent in itself.

Because it is so absorbent and because it absorbs scientifically (not just in one concentrated area, but all over) Kotex naturally stays soft. It is guaranteed to stay soft longer than any other sanitary pad.

13,000,000 pads to hospitals alone

To give you an idea of the great weight of hospital approval in back of this first of all sanitary pads, the hospitals of America bought 13,000,000 Kotex pads during the first nine months of this year. Then, added to this number, they bought 2,500,000 pounds of Kotex absorbent—which is enough to make 80,000,000 more pads.

KOTEX
KOTEX

Hospitals need the best. So do you. Safety, security, good health demand it. Why should you be content with anything else when you can buy Kotex everywhere?—at all drug, dry goods and department stores. You ask for it by name. Simply specify: Kotex.

KOTEX IS SOFT . .

1 Not a deceptive softness, that soon packs into chafing hardness. But a delicate, fleecy softness that lasts for hours.
2 *The Kotex filler* is far lighter and cooler than cotton, yet absorbs 5 times as much.
3 *In hospitals*—Kotex is the identical material used by surgeons in 85% of the country's leading hospitals.
4 *Deodorizes* . . . safely, thoroughly, by a special process.
5 *Disposable*, completely, instantly.

Your Baby and Mine

by MYRTLE MEYER ELDRED

Mrs. Eldred will be glad to answer all questions pertaining to babies and children. A stamped and self-addressed envelope forwarded to this office will bring a personal reply.

This department offers leaflets on weaning and feeding the child from 6 weeks to 6 years, prenatal care and diet for the nursing mother, constipation, eczema, outfits for the new baby, sleeping, walking, teething, thumb sucking, ammoniacal urine, bed wetting, training in cleanly habits, periods of nursing, cod liver oil, orange juice, hives, worms, vomiting, refractory children, prune juice, lime water, rupture, styes and boils and cradle cap. Before asking a personal question about one of these subjects, it is better to send a self-addressed stamped envelope for the leaflet you need. If your particular problem is not covered in the above list, Mrs. Eldred will be glad to give you a personal reply.

BEHAVIOR MIRRORS PHYSICAL CONDITION

There are occasions in every household when the mother is ready to throw up her hands and admit defeat. Everything goes wrong. Son is into everything and destruction and devastation follow in his wake. Keeping after him brings the mother to the breaking point and puts a sharp edge on her voice and steel in her eye.

When this point is reached something must be done. Something often is, and while that something relieves the mother's taut nerves, it only increases the child's irritation. We can't conscientiously punish an irritable child. We have to look upon this bundle of exasperation as we might a rapidly revolving machine whose cogs have become cluterred and overheated and in need of a bit of oil.

That soothing oil may be a warm bath. There should be no suggestion that this is in any sense disciplinary. Instead there should be the joyful assumption that the child is going to love this. Tub toys, lots of warm water, soap and wash cloths or a sponge to make foam, and the child will be occupied for twenty minutes dabbling himself clean and watching the little boats sail and the grotesque celluloid animals float about. The warm water will calm his nerves and temporarily check his nervous and irritable activities.

WARM BATH ENDS FATIGUE

When he comes out of the bath he is rested. He is in an entirely different frame of mind. New games and new toys can replace the ones which stimulated the former orgy of mischief. The child is ready to be good.

When the child is cross—when he is in a mood to scream at anything, when he seems possessed to run from one thing to another, making himself more and more exhausted—that is the time for the warm bath. More warm baths and less heated paddlings would end a lot of disagreeable situations.

The tired adult knows that any small irritation may fire her to angry quarreling. Later she says apologetically: "You will just have to excuse me, I had put up peaches all day and I was just dead." She knows this to be a legitimate excuse. But she is less lenient with her tired, little 4-year-old. She is less likely to hunt for plausible reasons for his bad conduct and focus her eyes on the annoyance of the conduct. A child's behavior is attached so firmly to his physical condition (both temporary and permanent) that the two cannot be separated. We can aid the one by improving the other.

The ceremony of daily bathing is so inflexibly a part of the morning that it might be well to consider the possibility of changing it to the hours between 4 and 6 for the runabout—when the child is at the point of most extreme fatigue, and consequently at his naughtiest. A warm bath would untangle these knots and he would emerge sweet and shining and good as a little angel for the rest of the day.

Ban Ordered on Marriage "Racketeers"

Hereafter prospective brides and bridegrooms applying for marriage licenses at the Courthouse will not be annoyed by nondescript solicitors as soon as they step from the marriage license bureau.

Following complaints that a Dr. E. B. Troy, whose business cards advertise him as an "old-fashioned preacher of the old-fashioned gospel," with offices at 205 North Broadway, opposite the Hall of Records, was handing out his cards to couples as soon as they came from the bureau, the Board of Supervisors yesterday ordered Sheriff Traeger to stop such soliciting on county property.

For some time persons about to don the marital yoke have been beset by a crowd of solicitors, from house furnishers to insurance agents. In the future such business will have to be solicited after the couples get out of the courtyard and on to the street.

STOP SIGNS ORDERED

On recommendation of its Traffic and Street Lighting Committee, the City Council yesterday ordered illuminated arterial stop signs at Prospect avenue and Hillhurst avenue.

MRS. KIRK'S MENTALITY DEFENDED

Witnesses Testify for Widow in Son's Suit to Have Guardian Named

Testimony to show that Mrs. Laura Jane Kirk, 78-year-old widow of John E. Kirk, harvester inventor, is competent to handle her business affairs, was given yesterday in Superior Judge Hazlett's court. The judge is hearing a petition of Norman T. Kirk, the son, to appoint a guardian for his mother, whose estate, he asserts, has shrunk from $150,000 to $65,000.

Mrs. Cleo S. Andrews, with whom Mrs. Kirk is living in Pasadena, testified that Mrs. Kirk is clear of mind and scrupulously neat and clean, despite the fact that she is bedridden due to a fall January 9, last, when she broke her hip.

Mrs. Ella Bragdon, a neighbor, also asserted on the witness stand that Mrs. Kirk always has seemed to her to be of sound mind. The hearing before Judge Hazlett is expected to end today.

STREET TO BE PAVED

The City Council yesterday approved the majority petition for the improvement of Chautauqua Boulevard between Vance and Malibu streets and the City Engineer was directed to prepare the necessary plans and ordinances. The improvement will consist of permanent pavement.

CAFE NEWS

Eddie Cantor, stage and screen comedian, will act as judge of tonight's dancing contest at George Olsen's new club, Culver City, on which occasion he will present a silver trophy cup to the winning couple. Many of the foremost society and collegiate ballroom dancers of Los Angeles, Pasadena and Hollywood have entered the contest. Cantor is entertaining nightly at Olsen's this week—telling new stories, singing new songs, introducing film stars in the audience and obliging as master of ceremonies for the new fall revue. This is his first appearance in a cafe since the Ziegfeld Midnight Frolic. Prominent in the new show, which serves as an elaborate background for Cantor's current engagement, are George Olsen and his orchestra; Ruth Gillette, Broadway prima donna; Jack Shutta, the "brown derby" comedian; Betty Lou Webb, blues crooner, and Maria Nasha, dancer. Mosconi brothers stage the girl numbers, which include "Chicken a la King," a fast stepping routine; "Broken Down Bouquet," a comedy hit; the "Moon Ballet," a fantasy; "Imitations," in which famous stars are burlesqued, and "Shrine of Buddha," exotic oriental specialty.

STAR TO BE GUEST ARTIST

Blossom Seeley, musical-comedy and vaudeville star and exponent of modern syncopation, will be guest artiste at "Celebrity Night" in the Blossom Room of the Roosevelt Hotel on Monday, headlining on an entertainment program with a number of other notables. Ted Weems and his Victor Recording Orchestra, who are proving such a success in their engagement in the Blossom Room, which has just been completely redecorated in a black and silver motif, will furnish a musical background for Monday's program, which will feature a number of other notables in addition to Miss Seeley and her partner, Bennie Fields, master of jazz, dancer and comedian. With him Miss Seeley will appear offering her dramatic impersonations of "Lulu Belle" and other famous dramatic heroines and singing her distinctive songs.

CHANGES IN POLICY

Policy changes just announced by Col. Eugene Stark of Stark's Restaurant, Wilshire Boulevard at Hauser, include the opening of the establishment for luncheon and dinner every Sunday, and the intention to remain closed all day Mondays. Col. Stark also is inaugurating his famous buffet luncheons to be served daily, Tuesday to Sunday inclusive, starting next Tuesday. The first Sunday on which the restaurant will be open will be the 26th inst. Stark also is inaugurating a special home catering service, a pastry bake shop furnishing pastry for home consumption. There are special card rooms available for afternoon bridge, following luncheons.

CENTER FOR MEETINGS

The Cafe Vienna, North Fairfax avenue, is becoming a center for luncheon and dinner-meetings of fraternal and business organizations, as well as for prenuptial and bridge-luncheon events. The Green Room makes a pleasing and intimate setting for these affairs. Among recent affairs there were the monthly sales meeting of the Atterbury-Kemper Company, and the regular weekly meeting of the Kiwanis Club of West Hollywood. The Men's Club of Congregation B'nai B'rith of Wilshire Boulevard has chosen the Cafe Vienna for its monthly dinner meetings, the first of which was held last Tuesday.

"Little Church" Seeking Large Safeguard Fund

The Little Church Around the Corner, world-famous shrine at 1 East Twenty-ninth street, New York, has launched a national drive for funds, it was learned yesterday with the distribution of blanks for membership in what is to be known as The Family. The goal set is $1,500,000, which will serve to safeguard the present historic site against encroachment of office buildings and later to replace the old edifice with a new structure.

The church was established in 1848, since which time more than 100,000 marriages have been solemnized at its altar.

JIMMY SKUNK FINDS A DOORWAY

Some people grumble when they're fat;
I call them silly to do that.

Jimmy did a lot of prowling about

Jimmy Skunk was fat. There was no question about that. He was so fat that his feet seemed too small for him. When he walked, he fairly rolled along. You see, there had been plenty of grasshoppers in the latter part of the summer. Jimmy had stuffed himself with grasshoppers. There is nothing he enjoys more than catching and eating grasshoppers. He is very clever at catching them, too. You wouldn't expect it of Jimmy, for he looks rather clumsy. He isn't, however. I've known him to get a grasshopper under each forepaw while he still held one in his mouth; and you'll admit that it takes a pretty quick person to do a thing like that.

Now, however, the grasshoppers had gone. The coming of Jack Frost had put an end to them. Jimmy had to look elsewhere for food. He didn't want to lose any of the fat he had. In fact, he was quite willing to add a little fat, if possible. You see, Jimmy learned a long time ago that a fat body means a comfortable winter; and Jimmy means to be comfortable at all times, if he can be.

These frosty moonlight October nights were wonderful for prowling about. Jimmy did a lot of prowling about. Down on the Meadows and up in the Old Orchard he dug out grubs and caught mice. Now and then he got a fat beetle, and Jimmy is very fond of fat beetles. He was having no trouble at all in getting plenty to eat. Every night when he started out it was with no particular plan. He just wandered about enjoying life. So it was that one night he came to Farmer Brown's farmyard.

Jimmy sat down and looked across the yard. "It's a long time since I've been up here," said he. "I wonder where Bowser the Hound and that impudent young dog, Flip the Terrier, are? I don't want to have any trouble with either of them. I guess there isn't much danger of trouble with Bowser. He knows me of old. He knows that if he doesn't bother me, I won't bother him. That young dog is different. He gets excited and loses his head. I taught him a lesson once. If he hasn't forgotten that lesson, there'll be no trouble with him. Anyway, I think I'll look around a bit and see what I can find."

So Jimmy Skunk shuffled across the farmyard over to Farmer Brown's house and there he began to poke his inquisitive nose into every nook and corner. He found a cellar window open. It was open only a crack, but when he pushed against it, it opened further. Jimmy's nose told him that there were good things in that cellar. He wanted to go right in there and investigate. But he didn't do it. No, sir, Jimmy didn't do it. He remembered something. He remembered that when he was a young fellow, not altogether wise in the ways of the Great World, he had entered by that very window and tumbled down into that cellar and then couldn't get out. So Jimmy backed away. "I don't make the same mistake twice," said he.

He continued on along toward the back of the house and presently he came to a little doorway. It was a round doorway; it was a new doorway. Jimmy was certain that it had not been there the last time he had visited Farmer Brown's house. He was right about this. It hadn't been there. As a matter of fact, it had been made only the day before. It was a doorway for Black Pussy the Cat, that she might go in and out of the shed when she pleased. Jimmy stopped and examined that doorway. He poked his nose inside and sniffed. Then Jimmy Skunk grinned. Yes, sir, after that first good sniff Jimmy Skunk grinned.

Take a second look at THE CAN of Hills Bros Coffee

You won't have lumpy gravy if you add the liquid a little at a time. Hills Bros. Coffee never varies in flavor because it is roasted only a few pounds at a time.

FRESH from the original vacuum pack. EASILY opened with the key. LOOK for the Arab on the can.

LOOK at the words "Hills Bros. Coffee"—then the Arab. This name and this trade-mark on a can of coffee stand for Controlled Roasting, the patented, continuous process that roasts the famous Hills Bros. blend a few pounds at a time. No bulk-roasting process can produce the marvelous aroma and flavor that Hills Bros.' process does.

Every time you buy Hills Bros. Coffee it is exactly the same in rich, fragrant freshness as when it came from the roasters. Air, which destroys the fine flavor of coffee, is completely removed and kept out of Hills Bros.' vacuum tins. In ordinary air-tight cans coffee cannot remain fresh.

One trial of Hills Bros. Coffee will win you forever. Ask for it by name and look for the Arab on the can. Sold everywhere by grocers.

UNION OIL HAS ANNIVERSARY

Company Observes Fortieth Year of Operation

Began With 250-Barrel Well in Ventura County

Has Paid Total Dividends of $170,658,821

Illustrated on Picture Page

From a small oil company with a few scattered wells and a producing capacity of less than 250 barrels a day to one of the largest independent oil companies in the United States, producing more than 18,000,000 barrels annually, is in brief, the story of the Union Oil Company of California, which today celebrates the fortieth anniversary of its incorporation.

The real beginning of the company dates back to 1883, when Lyman Stewart and W. L. Hardison, two of its founders, came to California and started drilling operations in Ventura county. Four dry holes in succession virtually bankrupted the pair, but the fifth proved a producer. They founded the Hardison & Stewart Oil Company and later the Torrey Canyon Oil Company and within a year or so added the Sespe Oil Company to their string. All were consolidated October 17, 1890, and the new corporation took the name which it bears today.

VAST OUTFIT

Operations of the original concern were begun in a one-story shack in Santa Paula. This was operated in conjunction with a second-hand store which handled oil-well suplies. From this grew the Union Tool Company, which many years ago became too large to be operated as a sideline and today rates as one of the largest concerns of its kind in the West.

Since 1890 the company has produced 226,625,000 barrels of oil from its own wells and an additional 18,545,000 from wells which it controls. Its total sales have exceeded $1,000,000,000 and it has paid out in cash dividends $105,585,160.15. Stock dividends total $65,073,661.10, making a total of $170,658,821. 25.

Within the last decade the company has discovered four of California's major oil fields, Santa Fe Springs, Richfield, Dominguez and Rosecrans. From the beginning it has pioneered in oil development on the Pacific Coast, having developed scores of improved methods in drilling and handling which have been widely adopted by the industry as a whole. Two of these improvements included tubular stills which both increase quantity and quality of production while reducing operating costs.

FIRST PIPE LINE

The company was the first to build a pipe line for the transportation of oil and the first to move the product in bulk by tanker. Its fleet of tankers now numbers eleven, in addition to two motor ships and fifteen barges. It conducted the first successful experiment in the use of oil as locomotive fuel.

For the first eleven years the company maintained headquarters in Santa Paula, with a branch office in Los Angeles. When it was decided to locate in this city in 1901 space was leased in the Tajo Building at First street and Broadway. In 1902 the growing company moved to the Conservative Life Building, and two years later it established offices in the H. W. Hellman Building. In February, 1912, it moved into its own building at Seventh and Spring streets, and this, too, was quickly outgrown. Today the company occupies its own twelve-story structure at 617 West Seventh street.

In its entire history the company has had only three presidents. The first, Lyman Stewart, served from 1890 to 1914, when he was made chairman of the board of directors. He was succeeded by his son, W. L. Stewart, Sr., who retained the post until his death last June. The present head of the company is L. P. St. Clair. He has been with the company for eleven years and served as executive vice-president for a year prior to his election as chief executive.

E. W. Clark, chairman of the board of directors, has twice been honored by election as president of the American Petroleum Institute.

FOX PICKS YOUTHS FOR "YANKEE"

Sue Carol Featured in R.-K.-O.'s "Kept Husbands;" "March of Time" to Be Remade by M.-G.-M.; Composers Write Story for Gloria

BY GRACE KINGSLEY

That long-looked-for production, "A Connecticut Yankee in King Arthur's Court," which will be Will Rogers's next Fox starring vehicle, is due to start within a few days, we learned yesterday. It would certainly take a team of mules to keep some of us away from that picture when it comes out, since it seems that Mark Twain's blessing itself rests on Rogers's characterization of Twain's hero of this richly humorous tale. David Butler is to direct the picture, in the screen treatment of which Emmett Flynn, who directed that most excellent silent version, has had a hand.

WILL ROGERS

It was learned yesterday that, as rumored formerly in this column, Maureen O'Sullivan will play the coveted role of Sandy, the Yankee's medieval sweetheart.

The part of Clarence, the page, likewise has been satisfactorily filled. John Garrick, who distinguished himself in "Just Imagine," will play the role of the wistful and charming youth who follows the Yankee's fortunes.

"KEPT HUSBANDS" SECURED BY R.-K.-O.

"Kept Husbands" is the somewhat sardonic title of a story just purchased by R.-K.-O. It was written by Forrest Halsey, who is likewise writing the adaptation and dialogue.

SUE CAROL

Sue Carol will have the leading feminine role. She will play the role of a rich girl married to a poor man.

The actress has just finished the leading feminine role in the Amos and Andy feature, directed by Mel Brown.

May Boley to Travel

As soon as May Boley finishes her current role in Paramount's "Fighting Caravans," she is to hie to New York, if present plans are carried out. Miss Boley is to visit her father in New York, but will return to Hollywood right after the holidays.

Comedians With Tiffany

The Messrs. Charles Murray and George Sidney have caught on so well in their Universal comedies, in which they are teamed as the male heads of families in the "Cohens and Kellys" series, that they are to be starred by Tiffany in a comedy, we learn.

This comedy is to be a feature-length talker, and is to be called "Caught Cheating."

The ubiquitous Cohens and Kellys have nearly exhausted the locations of the world, it would seem, in choosing backgrounds for their stories, only the North Pole and Turkey being left to them, it would seem, and their current one is called "The Cohens and Kellys in Africa."

"MARCH OF TIME" TO BE GIVEN A PLOT

After taking a look at "The March of Time," Metro-Goldwyn-Mayer officials decided that the picture was too good to go forth as a mere revue. They decided that it needed a plot.

MARIE DRESSLER

Wherefore, we learn that this is being furnished and a regular story developed in connection with the brilliant showing of famous people who appear in the production. Included among the celebrities appearing in the picture were De Wolf Hopper, Weber and Fields, Fay Templeton, Marie Dressler, William Collier, Sr., Barney Fagan and half a dozen others.

Florence Britton Signed

Florence Britton is a happy young lady these days. Miss Britton has been signed by United Artists on a long-term contract.

Moreover, she has been assigned the role of Ronald Colman's sister in Colman's current Samuel Goldwyn starring vehicle, tentatively called "The Prodigal."

Miss Britton previously has played only bits and small parts in pictures.

Fred Newmeyer Returns

Director Fred Newmeyer, formerly Harold Lloyd's director, and who has lately been associated with Paramount, has just returned from New York, where he directed two pictures for the latter organization. Rumors are that Newmeyer is about to sign a new contract with one of the major companies.

Gloria Swanson's Next

If Gloria Swanson's next United Artists picture isn't a success, it won't be the fault of the story's authors, judging from their standing.

GLORIA SWANSON

The story is the one now being written by De Sylva, Brown and Henderson, and is reported to be a bright comedy of modern life. It will have some tuneful numbers for Miss Swanson to warble, and, as she has been studying seriously of late, the musical phase of the picture should be most pleasing.

CHEVALIER IN FRENCH SETTING

"Playboy of Paris" Stars Him as Boulevardier

Berger - Lawrence Feature Light in Character

Stuart Erwin Scores Hit in the Support

BY EDWIN SCHALLERT

Maurice Chevalier, who might well be nominated the playboy of picture entertainment, becomes "The Playboy of Paris" in his latest cinematic divertissement. The French comedian and singer is lighting up the Paramount screen with his smile in a feature that hits some rarely amusing high points, and that generally speaking, rambles along with a note of gay appeal. It was directed by Ludwig Berger, from the plot adaptation by Vincent Lawrence, the playwright.

This production is perhaps more Chevalieresque even than "The Big Pond." At least, it moves at a smarter, and more gesticular Gallic tempo.

Some of the things that the star does, or is required to do, are not all for the good, as they suggest affectation, but the ingeniousness of various of the situations is eminently hilarious. Top points are a cafe fist-fight, and the subsequent duel, which is of the burlesque order. These are highly uproarious events.

In addition to the personality of Chevalier, the picture brings forward another gladdening comique-Stuart Erwin, who has the drawling Rogers manner, and who looks as though he might travel a considerable distance as a dry-humor purveyor. Certainly, he is an excellent assistant for the star in this instance.

The plot of "The Playboy of Paris" deals breezily with a waiter who inherits $1,000,000, but is restrained by a forfeiture clause in his contract from giving up his post in a cafe.

All night long therefore he follows the gay life, and all day he works, serving table in a small out-of-the-way French restaurant. To prevent a tardy arrival for duty he carries with him an alarm clock that rings promptly at 6:30 of the morning. Embarrassment is occasioned by the matutinal bell on occasion, when it starts chiming as he is bidding a belated farewell to his friends.

"The Playboy of Paris" is distinctly of the light comedy or farce description, with a dash or two of music. Its mirthful complications will prove the mainspring of satisfaction, and undeniably the Chevalier tricks are used to enormous advantage in many episodes. Berger in directing has imbued the picture with a light gayety and has especially emphasized the comedy possibilities of the duel scene. The Lawrence dialogue is, as a rule, diverting.

Frances Dee, new to pictures, plays a spitfire role very creditably, and Dorothy Christy is a rather smart vamp. Eugene Pallette, O. P. Heggie, seemingly miscast, and Cecil Cunningham are others prominent, both Pallette and Miss Cunningham adding the note of comedy. Tyler Brooke is also effective.

"Anchors Aweigh," distinctly one of the cleverest stage shows offered at the Paramount, wins in a variety of ways. Ray Bolger is an undoubted hit as master of ceremonies, while the comedy, dancing and scenic display are capital. The finale, when a battleship setting is transformed into a church before the audience's eyes, is decidedly unique.

Rubinoff and the orchestra are approved.

'Bat Whispers' Made at Night

Roland West, producer-director for United Artists, has completed a wide-film version of the mystery comedy-drama, "The Bat Whispers," featuring Chester Morris. Disclosure that the picture had been photographed on the new sixty-five-millimeter film, in addition to the standard thirty-five-millimeter, was made by West following the final cutting of "The Bat Whispers."

The wide-film version was kept a secret, although it was made simultaneously with the standard film. Robert H. Planck, veteran cameraman, photographed "The Bat Whispers" for the giant screen. The production was filmed entirely at night, with members of the cast and staff bound to secrecy. Those who appear in "The Bat Whispers" include Una Merkel, Gustav Von Seyffertitz, Grayce Hampton, Ben Bard, William Bakewell, Hugh Huntley and Richard Tucker.

Whelan Begins Work on Story

With the completion of the final script on "Hook, Line and Sinker," in which Bert Wheeler and Robert Woosley will be costarred, Tim Whelan, R.-K.-O. Radio Pictures' scenarist, has begun work on an original story scheduled for early production.

Regarded as his most important writing assignment since he returned to Hollywood from England where he directed several pictures, Whelan wrote the original story of the Wheeler and Woolsey comedy, as well as the dialogue in collaboration with Ralph Spence.

Zelma O'Neal Signs for Show

Zelma O'Neal, after completing a vaudeville run in R.-K.-O. houses in the East, has been signed by Paramount for four weeks of vaudeville appearances.

Before returning to Hollywood, the actress will appear in a show not yet named in New York. It opens in November.

Miss O'Neal made her film debut in "Follow Thru" for Paramount here. Her husband, Anthony Bushell, has just been signed by R.-K.-O. for a leading part in "The Queen's Husband."

BRILLIANT PREMIERE ARRANGED

Rosita Moreno to Appear With Other Notables at Spanish Film Premiere

Rosita Moreno, noted Spanish dancer and costar with Ramon Pereda in Paramount's Spanish production, "El Dios del Mar," will appear in person at the International California Theater tonight, in connection with the world premiere of the film.

On the same program will be Xavier Cougat, violinist; Carmen Castillo, soprano; Polita Moria, monologist and humorist; Luis Alvarez, tenor, and a Cansino Ballet.

The premiere of the Spanish talkie promises an event of brilliance. Among those who have been invited to join in this special opening are Dolores del Rio, Ramon Novarro, Ernesto Vilches, Lupe Velez, Barry Norton, Don Alvarado, Manuel Arbo, Conchita Montenegro, Jose Crespo, Maria Alba, Lupita Tovar, Raquel Torres, Antonio Moreno and Carmen Guerrero.

Adapters of Farce Praised by Playwright

Besides being a lavish production in its own right, "Whoopee," the Samuel Goldwyn-Florenz Ziegfeld comedy starring Eddie Cantor, which is now at the United Artists' Theater, received a large compliment when Owen Davis, the author of "The Nervous Wreck," from which the film was adapted, personally complimented the members of the Goldwyn staff who rewrote it for the screen.

It is said to be a proverb among movie people that the author of a play or novel which has been adapted to the screen invariably says that the adaptation has wrecked his masterpiece.

Owen Davis is known as one of the most prolific dramatists of the present day. Winner of a Pulitzer prize with his play, "Icebound," versatile writer of serious drama, melodrama and musical comedy, he has always considered "The Nervous Wreck" his best farce, it is said.

Oscar Radin Now in Films

Oscar Radin, Broadway musical director, for twenty years directed "Ziegfeld Follies," musical comedies and Winter Garden shows without ever being seen out of his orchestra pit.

But it took the "talkies" to make an actor of him. For the first time in his life the conductor donned make-up, to appear with Grace Moore in her Metro-Goldwyn-Mayer starring vehicle based on the life of Jenny Lind.

The scene was Jenny Lind's debut in New York in Castle Garden under P. T. Barnum's management. A full concert orchestra played on the stage with her, and Radin conducted. But to be authentic he had to submit to wearing a dress suit of the period, and being made up with elaborate decoration of whiskers.

"All my life I have battled with actors—and now here I am one," bewailed Radin.

British Picture Due at Filmarte

Beginning tonight, the Filmarte Theater will offer the new British picture, "Dark Red Roses," for a week's showing.

This picture takes a situation of a misunderstanding that has innocently developed in the happy suburban home of a sculptor, his pretty wife and their two children. Stewart Rome, Hugh Eden and Frances Doble enact leading roles. Sinclair Hall directed.

"Bottom of the World" is an added feature on the Filmarte program. It discloses a camera and microphone account of experiences on Georgia Island in the South Pole region.

DOWNTOWN TO CHANGE BILL TODAY

"Sinners' Holiday" Due on Screen; Cast of Film to Appear on Stage

"Sinners' Holiday," a Warner production, starts today at Warner Brothers' Downtown Theater.

The story, adapted to the screen from the play, "Penny Arcade," by Marie Baumer, deals with youthful romance.

Grant Withers, who has the leading role, is appearing in person tonight with Evalyn Knapp and Joan Blondell, who have the two leading feminine roles.

As added attractions, Joe Frisco appears in "Happy Hottentot," Lotti Loder in "Lonely Gigolo," a Technicolor Vitaphone variety; Joe Penner in "Stepping Out" and Scotty Sanders in "Scotch Taffy."

Fox Film Farce Starts Popular Run at Loew's

Will Rogers in "So This Is London," Fox comedy of homespun America's entrance into high British society, and adapted from George M. Cohan's stage play of the same name, started a one week run at Loew's State Theater yesterday. Frank Albertson, Irene Rich and Maureen O'Sullivan head the supporting cast. John Blystone directed.

Larry Ceballos presented his second Fanchon and Marco revue on the stage, lending his unique technique to an oriental fantasy entitled "Enchantment," in which appeared Jue Fong, Sanami and company, Togo, and the Meyakos. Jack Lester and the Sunkist Beauties offered several dance numbers.

Erskine Novel to Be Screened With New Title

Under the title of "A Lady Surrenders," John Erskine's novel, "Sincerity," tomorrow reaches the screen of the Orpheum Theater.

The two leading feminine players make their film debuts in the Universal drama. These are Genevieve Tobin, recently starred in "Fifty Million Frenchmen;" and Rose Hobart, last before the footlights in the New York production of "Death Takes a Holiday."

Conrad Nagel enacts the role of the husband, and Basil Rathbone is also prominently cast. Others are Carmel Myers, Franklin Pangborn, Vivian Oakland and Lena Malena. John M. Stahl directed.

'Spoilers' Opens Run at Pantages

With "The Spoilers" as the featured screen attraction, and "The Doll Follies," a new Fanchon and Marco presentation on the stage, a new bill started yesterday at Pantages Hollywood Theater.

Gary Cooper heads the cast of the screen feature and his supporting cast includes Betty Compson, Kay Johnson, William Boyd, Harry Green and Slim Summerville. Edwin Carewe directed.

Starting with Saturday's matinee, Ethel Meglin and her Kiddies will appear in a special revue in conjunction with the regular matinee performance.

Ann Harding Star of Film

Ann Harding stars in "Girl of the Golden West," starting today at the Majestic Theater. This will be the picture's first downtown showing.

"The Girl of the Golden West" is said to follow the Belasco text closely in dialogue and construction. James Rennie plays the road agent, while Harry Bannister essays the part of the sheriff.

ADVENTURE IN AFRICA EXHIBITED

Animal "Shots" Features of Film; Blossom Seeley Leads R.-K.-O. Vaudeville

"Africa Speaks," an alleged sound film made on the Dark Continent, is on exhibit now at the R.-K.-O. Theater. It heads a program which is supported by several vaudeville acts on the stage, notably among which is that featuring the popular Blossom Seeley, with Benny Fields.

Among the genuine-looking shots made by this "Colorado-African Expedition, Ltd.,"—an entourage consisting of two white men and two black—are those of wildebeest or gnu, a strange species of antelope which leaps fifteen feet in the air for no reason other than that it apparently can't help it, zebras galore, long-legged flamingoes and a darkening-of-the-sky by millions of locusts. Then, in the absence of proof to the contrary, one may accept other highlights in fairly good faith, such as the killing of a native boy by a hungry lion, and subsequent battles with the king of beasts.

In the Ubangi country the spectator is vouchsafed glimpses of duck-billed women, unpleasant objects with saucers where their lip-rouge ought to be.

A "party" such as Hollywood might conceive as being the sort to give Godspeed to two intrepid explorers—these two call themselves Paul and Charlie—opens the picture. Thence the caravan—one truck—moves across Africa to the accompaniment of a lecture by Paul, the rest of whose name is L. Hoefler. The journey is covered mostly by illustrated maps and anemic sound effects.

Walter Futter edited the film for Columbia release, which is less "fakey" in its depiction of certain wild-animal life.

Blossom Seeley sings about Carolina and dances a bit. Jean Carr tap-foots, and introduces her father and mother, who emulate her. Larimer and Hudson are cyclists. Chain and Conroy do a little of this and that.

Ted Healy and Boys Provide Cinema Humor

"Soup to Nuts," produced by Fox and featuring Ted Healy, his Racketeers, and other farceurs, came to the screen of the Boulevard Theater yesterday and kept an audience amused. In a few spots it threw the cash customers into uproars.

The piece was composed by Rube Goldberg, who also appeared briefly in one scene. Healy's boys, burlesquing a fire department, clowned through the picture to their heart's content, gave imitations, escorted their fair ladies to a masquerade party on a truck and gave a fine demonstration of how not to fight a fire.

It's all in the name of fun, however, and when the boys were on the scene the comedy proceeded at a lightning tempo. The romance, between Lucile Brown and Stanley Smith, served to break up the hilarious antics of the Racketeers into digestible parcels.

The story of "Soup to Nuts," while not important, is entitled to a few words. An eccentric old man almost loses his costume shop through wasting time on foolish inventions, which in the picture are reminiscent of Goldberg's comic strip. He goes to work as a waiter in a cafe and eventually gets his shop back, or rather the insurance money after the big fire has burned the place to the ground.

Charles Winniger is the eccentric and in the early sequences puts on his famous stage trombone act. As a type the venerable comedian is great. George Bickel and Hallam Cooley also contribute good performances.

Frances McCoy, tiny and blond, is the vivacious comedienne of the production and Lucile Brown and Stanley Smith are agreeable lovebirds. But after all is said and done it is Healy and his gang who win the honors. His boys are not named, yet furnish most of the appeal. Ben Stoloff's direction is worthy of note.

Incidental screen fare at the Boulevard includes a Mack Sennett comedy, "Grandma's Girls," featuring Andy Clyde and Babe Kane, a cartoon, travelogue and sound news reel.

Laughlin Revue Proves Popular With Audience

Jack Laughlin's new stage show scored with the audience at the Million Dollar Theater yesterday. The production is called "La Fiesta."

The presentation opens in a Spanish setting, with entire company taking part. Then the "Eight Reel Girls" do a dancing number; Cheri and Thominisa, Parisian acrobatic dancers, follow with a specialty. Gabriel Cannino presents his original Spanish table dance, which is followed by three Latin girls, each doing a specialty. Jack Morrison's rubber-leg dance is clever and Jimmy Blair's tap dancing pleases. The Six Marvels offer an acrobatic act.

Eva Tanguay to Play at Shrine

The dynamic Eva Tanguay will make her appearance Saturday night at the Shrine Auditorium, and will again display the colorful costumes and personality associated with her name.

Miss Tanguary will be assisted by a colored jazz band.

UPTOWN ANNOUNCES NEW CHANGE POLICY

Inaugurating the new policy of three program changes weekly, "Let's Go Native," comedy starring Jack Oakie, will be the feature attraction at the Uptown Theater today and tomorrow. Sunday and Monday Nancy Carroll and Charles Rogers will be seen in "Follow Thru."

Program changes will be on Friday, Sunday and Tuesday.

ROTH EXPECTED TO BE WITNESS

Broker Slated to Testify in Bribery Trial

Friedlander, Crawford and Lewis Accused

Fitts Orders Inquiry Into Security Deals

J. H. Roth, broker, is expected to be a major prosecution witness when the trial of Charles H. Crawford, Jack Friedlander, former State Corporation Commissioner, and S. C. Lewis, former president of the Julian Petroleum Corporation, is called on the 20th inst. in Superior Judge Crawford's court.

This information was disclosed by attaches of the District Attorney's office yesterday.

Crawford, Friedlander and Lewis are charged with conspiring to commit bribery. The complaint accuses Crawford and Lewis of bribing Friedlander to extend special favors to J. H. Roth and his firm in approving licenses for branch offices and approval of advertisements.

Meanwhile, Dist.-Atty. Fitts has ordered Wayne E. Jordan, assistant chief trial deputy assigned to grand jury duty, to investigate Roth's activities as a broker. Jordan states that he has a large file of correspondence concerning Roth, but declines to disclose whether or not there is sufficient evidence to warrant a grand jury inquiry.

Roth appeared at the District Attorney's office Wednesday at Dist.-Atty. Fitts's request, but declined to make any statement concerning the Crawford-Friedlander case or his own affairs until he had consulted his attorney, Harrison Cassel. As yet he has failed to inform the District Attorney definitely concerning his appearance as a State's witness.

Missing Girl Returns Home

Melba Pursley, 16 years of age, Polytechnic High School student who had been reported to the police as having eloped with an 18-year-old youth, returned to her home, 504 West Twentieth street, yesterday.

Her father was talking on the telephone to the office of the juvenile authorities, inquiring if they had found trace of the girl, when he suddenly said:

"Never mind, she just came in."

Mr. Pursley later told juvenile officers his daughter declined to explain her absence from home.

HUSBAND SEEKS FAMILY

Mrs. Martha Petani, 28-year-old mother of two small children, is sought by police as the result of a report by her husband, Biagio Petani, that she disappeared mysteriously from their home, 531 Sierra street, on the 1st inst. She is described as 5 feet 4 inches in height, weighing 140 pounds, with dark hair and eyes and prominently broad nose. When last seen she was wearing a tan fur-trimmed ensemble and carrying a tan pocketbook.

SALT WATER FIRE MAINS CONDEMNED

Chief Scott Tells Board Proposed System Not Suitable for Venice

Use of a salt-water system for fire protection in the Venice oil area was condemned by Fire Chief Scott at the meeting of the Fire Commission yesterday when the latter received a communication on the subject from the Fire and Police Committee of the City Council.

Councilman Martin, chairman of the committee, asked the advisability of a high-pressure salt-water system and its cost. He also sought information on the water system in and about Venice in regard to taking care of fires.

The communication from the Council was in response to the Fire Commission's action a week ago condemning the granting of permits to drill for oil on small areas, which Chief Scott declared is creating a dangerous fire menace in the district. The commission's resolution set forth that only a four-inch water main serves the oil district.

Scott reported that the old city of Venice had a high-pressure salt-water system for fires, but that it generally failed when it was needed and was costly to maintain. He said it would be a waste of money to put in a temporary system when a permanent system is needed.

Indian Chief's Daughter Visits

Rainbow Sistesso, Sioux Indian girl and grand-daughter of Chief Yellow Cloud, who died in 1927 at the age of 116 years, is in Los Angeles after having hiked from Chicago.

RAINBOW SISTESSO

Sistesso does her walking at night, often traveling from thirty-five to forty miles at one time.

Coming via Death Valley last week she was forced to go without food and water two days when her baggage was lost. She was saved by the arrival of a stagecoach.

While here she will be the guest of Little Chief White Eagle.

Letters Figure in Divorce Case

Letters signed "Gypsy Queen" and "True Love," which Mrs. Agnes Eldred produced in court yesterday, and which she asserted were written by a girl to her husband, won for her a divorce from Fred G. Eldred, city surveyor.

Superior Judge Yankwich granted the wife a decree. He ordered Eldred to pay her $80 a month for the support of their children, Maxine, 16 years of age, and Dale, 13, who are placed in the mother's custody.

TELEPHONE SESSION OPENS

Two Thousand Arrive for Pioneers' Convention; Pageant and Dance Features Last Night

With special trains arriving from New York and San Francisco, attendance at the Telephone Pioneers of America convention, which opened at the Biltmore yesterday, approached the 2000 mark. Registration was conducted during the day, and last night at the Biltmore ballroom "The Romance of the West" was presented followed by a dance.

The first business session will be opened this morning and election of officers will take place. J. S. McCulloch, head of the Bell Telephone Company of New York and president of the pioneers, will preside. In the afternoon the delegates will take a trip to the Fox studios. This evening will be Western Electric night at the Sala de Oro. After the entertainment there will be a dance in the ballroom.

ADVENT OF CABLE

"The greatest romance of the telephone, I believe, is the use of the land cable," declared McCulloch yesterday. "It was coming to a point where the limit was being approached in number of stations. This cable, however, solved that problem. It is storm proof and has made a neighborhood out of a nation.

"We were forced to use the dial phone in New York because the boards were getting so that a girl could not reach far enough to handle the calls. We will not discharge our centrals and replace them by machines. We now have 20,000 girls, and five years from now we expect to have 25,000 centrals mployed and 90 per cent of our phones on the dial system.

"The use of the trans-Atlantic phone was astonishing. We did more business the first year than we did the first three years on our transcontinental line. California has a splendid system and we are proud of this organization."

OLDEST OFFICE BOY

Other old-timers gathered at the Biltmore yesterday and talked over the early days of the telephone business. Frank C. Ross of New York, starting in 1880 as an office boy, is known as the "oldest office boy." He retired last year.

"They hired me because I had a cockney accent and the boss liked to hear me talk," he said yesterday.

Miss Mary G. Cox, also of New York, was the youngest central girl hired. She went to work at the age of 16 and her feet did not touch the floor. She had red ribbons tied to her pig-tails which were tightly braided.

Ben Brown of Sacramento, with thirty-five years of service, helped build the first phone line from Los Angeles to San Francisco.

The convention will continue tomorrow, with an all-day trip to Catalina Island on Sunday.

Graves Given Indorsement of Slavic Alliance

Slavonic-Americans believe that Sidney T. Graves, chairman of the Board of Supervisors, is entitled to re-election, according to official action taken by the Slavonic Alliance of Southern California.

In a letter to Graves, G. L. Mullia, president, and John V. Morris, secretary, notified the chairman that the alliance had indorsed his candidacy and that the membership will endeavor to bring about his re-election.

T. L. Glenn, Jr., president of the Young Men's Republican Club, has also notified the Graves headquarters that the organization favors his re-election.

Individual indorsements received from prominent leaders of Los Angeles includes the following:

Aaron Rich, Robert M. Allan, Ralph Arnold, William M. Byrne, Rose C. Bryant, Mrs. Alfred L. Bartlett, Alfred J. Bartlett, Mrs. Charles H. Bradford, Dr. Gustav A. Briegleb, Frank H. Brooks, Gilbert H. Beesemyer, Judge Bledsoe, Mrs. Bernard Brown, Mrs. Rollins Brown, Mrs. Louis L. Burns, J. W. Buzzell, Mrs. R. J. Cope, Shannon Crandall, C. C. Craig, William L. Assessors Begin Drive for New Auto-Tax Plan

The County Assessors' Association of California yesterday began a State-wide campaign for Proposition No. 18 on the November ballot, a measure providing that taxes on automobiles be paid to the State Motor Vehicle Department at the time auto licenses are taken out.

Ed W. Hopkins, Los Angeles County Assessor, declared that under existing methods, one car out of every four escapes taxation, causing 75 per cent of the motorists to bear the tax burden.

Adoption of the proposed constitutional amendemnt, he said, would correct this injustice and would foil tax evaders. It also would serve public convenience and reduce governmental costs by providing a single agency empowered to overcome the existing evil.

By obtaining 100 per cent auto taxes, Hopkins said, motor-car taxation rates may be materially reduced. Property exemption rights of ex-service men or others, he declared, will remain in force.

Tax evaders will oppose the amendemnt, Hopkins asserted, but those now paying auto taxes, that is three-fourths of the State's registered motorists, should support the move for improvement.

LEADERS PLEDGE CHEST SUCCESS

Cleveland Plan Adopted at Biltmore Meeting

Speaker's Warning of Drive Failure Heeded

Special Committees Formed to Insure Funds

Spurred to action by determination of purpose unmistakably genuine, business and financial leaders of Los Angeles met yesterday and decided that the coming annual appeal of the Community Chest must succeed. Warned that failure might be expected unless concerted action is taken by the men of wealth and prestige, a meeting was arranged at the Biltmore, declared by those present the most representative group mobilized locally since the stirring days of the war.

The seriousness of the situation was graphically presented, and it was unanimously decided that the solution lies in the generosity of wealth and personal service, not only by 15,000 volunteers who will make the city-wide canvass for subscriptions, but by those who rate as the top men of local industry and finance.

PLAN ADOPTED

A definite plan of procedure was evolved and a practical application of the general idea decided upon. The plan to be carried out is similar in principle and detail to that evolved by the city of Cleveland some years ago. The plan was explained by S. M. Bond, retired merchant of Cleveland, who recently has made his home in Los Angeles. With the experience of years of service with the Cleveland Community Chest, Bond told those present that they alone wield the power that will enable this city to match the achievement of Cleveland in the building of the most successful Community Chest in the world.

So enthusiastically was the address received, that the meeting voted unanimously that the Los Angeles Community Chest campaign must be a success, not only by raising $3,200,000, the goal for the coming campaign, but to follow Cleveland's example of making such a practice a permanent annual achievement.

The meeting was presided over by Harry Chandler.

AMOUNT INADEQUATE

Victor H. Rosetti, chairman of the Community Chest finance committee and vice-president of the Farmers' and Merchants' National Bank, voiced his gratification at the result of the meeting. He said that what the agencies are asking for this year, $3,200,000, is in reality $1,000,000 short of the amount required to adequately meet the demands that are being made upon them.

James Page, another speaker, said his experience in local Community Chest campaigns convinced him that repeated failures have been due to a lack of enthusiastic support by leading business men of the city. He said success hinges on active leadership of such men and that no substitutions will obtain the desired results.

Other speakers on the program were Rt. Rev. John J. Cantwell, Lee A. Phillips, Russell H. Ballard, and Ben R. Meyer.

COMMITTEES NAMED

Two special committees composed of local business and financial leaders were formed. One of these committees is to be headed by Russell H. Ballard, while the other will be directed by Harry Chandler. Each committee will not only solicit prospective donors to the Chest fund, but they will be on hand daily at the coming report meetings of the campaign teams at the Biltmore, lending encourageemnt and their best moral support to coworkers throughout the campaign. The personel of the two committees:

Mr. Ballard's committee: Charles Baad, Alphonzo Bell, Benjamin F. Bledsoe, John G. Bullock, Michael J. Connell, A. B. Day, J. J. Doyle, Wayne Fisher, S. M. Haskins, W. I. Hollingsworth, W. L. Honnold, Harold Janss, A. B. MacBeth, Tom May, E. H. McGinnis, Ben R. Meyer, John B. Miller, Orra E. Monnette, Henry O'Melveny, P. H. O'Neill, James R. Page, Victor H. Rossetti, F. N. Rush, J. F. Sartori, Joe Toplitzky, Gurdon Wattles.

Mr. Chandler's committee: Fred Albertson, Allan Balch, J. Y. Baruh, Harry J. Bauer, S. H. Berch, L. N. Brunswig, Rt. Rev. J. J. Cantwell, James H. Cheek, Eli P. Clark, George I. Cochran, Joseph B. Dabney, Edward Dale, Cecil B. De Mille, George L. Eastman, I. Eisner, William M. Garland, Ralph R. Huesman, H. D. Ivey, James R. Martin, Louis B. Mayer, John G. Mott, Harvey S. Mudd, E. J. Nolan, Lee Phillips, Joseph Scott.

Betty Friesen Decides to Wed Child's Father

Betty Friesen, who preferred to become an unwed mother rather than marry William A. Mosley, whom she named as the child's father, has changed her mind, now that the child has been born.

Miss Friesen and Mosley have applied for a marriage license, it was revealed by records in the County Clerk's office yesterday.

The 20-year-old mother recently was victor in a fight by her mother, Mrs. Lena Friesen of 1030 Gramercy Place, and other relatives, who attempted to induce the Juvenile Court to order an operation upon her.

Milton Sills's Widow to Get $1000 Monthly

Mrs. Doris Kenyon Sills, widow of Milton Sills, screen actor, will get $1500 a month for three months, and $1000 a month thereafter from the decedent's $100,000 estate, according to an order on file in Superior Judge Stephens's court yesterday.

Sills died of heart disease in Brentwood Heights, September 16, last. The widow will inherit the entire estate, with the exception of a fund in trust for a former wife and their daughter.

CONFIDENCE WEEK PLANS COMPLETED

All Service Groups to Join in Luncheon at Biltmore Today

Complete plans for the luncheon and meeting today noon at the Biltmore, to start off the coming business confidence week, have been made, and all that remains to do is for those interested in the matter to assemble in the Sala de Oro, and get down to facts.

The meeting, although proposed to the Lions Club by its international directorate, has generously been extended by that body to include all the service clubs of the city. Mayor Porter has issued a proclamation in regard to the week, which begins officially at noon today, and it thus has been made a city-wide affair. The slogan of the week is "Spend more; hire more."

At the meeting today, President Luther L. Mack of the Lions will call the assembly to order and turn the gavel over to President John C. Austin, of the Chamber of Commerce. Mayor Porter will speak briefly and Russell Ballard will deliver the talk of the day.

Having thus inaugurated the week of confidence, the entire forces of all the above organizations will be enlisted to carry it on. Theaters, film houses, churches and the meetings next week of the service clubs will be utilized.

The Rotary and the Lions clubs, which normally meet today, have adjourned their luncheons to join in this one. Other service clubs will be represented by their officials at the guest table. Anyone interested is asked to come without further invitation.

Jilted Actress Asks Damages

Suit for $50,000, asserting breach of promise, was filed yesterday by Mrs. Mahdeen Ransdell, known on the stage as Mahdeen Mays, against John Duncan, race-horse owner.

According to the plaintiff, Duncan gave her many costly gifts, including an automobile, silk dress, many pairs of stockings, and showed her a $75,000 house in El Monte, which he said would be her home. The definite jilt came last February, two months after the promise, it is asserted in the petition, which was filed by Attorney S. S. Hahn.

MRS. HOLMAN WINS DIVORCE FROM MATE

Bess Flowers Holman was granted a divorce from William S. Holman, in Superior Judge Gates's court yesterday, after her testimony that her husband stayed away from home five or six nights a week, without explanation. By a property settlement, Holman will pay his wife $60 a week until the sum of $7500 shall have been paid, or Mrs. Holman remarried.

TODAY'S PAIRINGS

10:00—Mrs. Hill vs. Miss Van Wie.
10:05—Miss Hicks vs. Miss Collett.

BY EDWARD LAWRENCE

Well, it's just the same old story out at the Los Angeles Country Club this morning as Miss Glenna Collett of New York, Miss Helen Hicks of Inwood, Long Island, Miss Virginia Van Wie of Chicago, and Mrs. Opal S. Hill of Kansas City carry on in the semifinals of the national women's championship.

MRS. LEONA PRESSLER

Just a friendly family championship between four bluebloods of American women's golf to decide whether or not Glenna is to have her name engraved on Robert Cox's famous trophy for the fifth time.

That's what it amounts to.

When these four women meet, it's only a question of which one is on her game at the time, or which one happens to get the breaks. They were team-mates together when the American team invaded England for the international matches last spring, hold a flock of championships between them, know each other's possibilities and weaknesses, and are well schooled in the hard knocks of tournament competition.

Glenna is the defending champion, Virginia was runner up in 1928, Mrs. Hill was a semifinalist a year ago at Oakland Hills, and Billy is the third, possibly the second-ranking woman golfer in the country.

How's that for four queens?

BILLY'S GOOD

Oh, hum. If we hadn't already discovered why the eastern critics never seem to stop raving about Billy Hicks, we would have stumbled on the reason yesterday after watching this glorious 19-year-old golfer defeat Mrs. Leona Pressler of the San Gabriel Country Club, 2 and 1.

Billy was not the flawless golfing machine of Wednesday, but she was five under women's par when the match ended on the seventeenth green with a 5 for a 77, and the confident boldness with which she played won her the hearts of a surging, struggling gallery of 2000 persons who were kept constantly applauding.

We do not think that Mrs. Pressler played the golf of which she is capable yesterday, or the golf

It is the twelfth, where the long-driving young eastern miss won her second hole in a row to go 2 up on the far west's leading woman golfer. Below are the semifinalists, Miss Glenna Collett of New York, four times national champion; Miss Hicks, New York State champion; Mrs. O. S. Hill of Kansas City, former western women's title-holder, and Miss Virginia Van Wie of Chicago, who was runner-up in the women's tournament in 1928.

Berly Horne Stops Vittmen With Five Bingles

BY BOB RAY

Los Angeles and Hollywood settled down to some real baseball out at Wrigley Field yesterday, but the Angels won just the same, 4 to 3. Beating the Stars is the best thing Jack Lelivelt's Seraphs do, and their victory yesterday made it three in a row over the Vittmen.

The contest was an interesting mound duel, with Berly Horne outpitching Buzz Wetzel to gain the verdict. Horne, pitching easily in-

COLISEUM SCENE OF GAEL CLASH

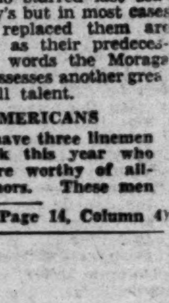
Madigan's Eleven Favored to Win Contest

All-American Candidates on Northern Team

First After-Dark Battle for Moraga Outfit

BY FRANK ROCHE

The good-natured, but wily, Slip Madigan, will put his Galloping Gaels of St. Mary's College on parade tonight for Southland fans at the Coliseum in a game with the U. C. L. A. Bruins. The St. Mary's team, forty-eight strong, arrives this morning on the Padre from the north. Although defeated by the Golden Bears by a 7-to-6 score last Saturday, the first setback the Gaels have suffered in two years, Madigan's warriors will rule heavy favorites to sock our Bruins for plenty of touchdowns and points before the evening is over.



EDWARD "SLIP" MADIGAN

The Galloping Gaels have virtually the same team that went undefeated last year, only being scored upon once in the bargain. There are a few faces missing from this year's outfit who starred last season for St. Mary's but in most cases the men who replaced them are almost as good as their predecessors. In other words the Moraga Valley school possesses another great array of football talent.

ALL-AMERICANS

The Gaels have three linemen and one back this year who they claim are worthy of all-American honors. These men

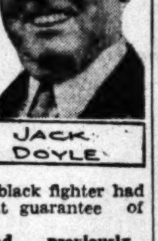
WELTER CHAMP TO BOX HERE

Tommy Freeman Agrees to Fight Sammy Jackson at the Olympic on November 18; Exact Terms Not Announced by Promoter Jack Doyle

Tommy Freeman, welterweight champion, will meet Sammy Jackson, high-school Negro boy, in a ten-round non-title bout at the Olympic on November 18. The bout was closed yesterday after the club had spent several days in bidding.



JACK DOYLE

Jackson was at the point of signing to box Young Corbett a rematch in San Francisco. The north wanted the bout for the third of next month. The black fighter had been offered a flat guarantee of $3000.

Freeman had previously turned down a guarantee of $5000 and the Olympic was forced to boost the offer. Exact terms of the match were not announced.

Promoter Jack Doyle also announced he was in the market for an Al Singer-Tod Morgan fight providing Morgan wins the Coast lightweight championship next Tuesday night from Hector McDonald.

Singer, lightweight champion, wants to fight on the Coast. Morgan would be the logical man for the New Yorker if he makes good his threat to clean up the western crop of 135-pounders.

Morgan boxed six rounds yesterday with Paulie Walker as his chief sparring partner. Walker is a splendid boxer and it is believed he will prove a big headliner here after he is exhibited.

Sammy Aguirre, Mexican, is the test offered Walker next week on the second ten of the Morgan-McDonald card.

McDonald, who has a claim on the Coast lightweight title, is working at the Manhattan gymnasium. He has seen Morgan box in the Northwest and realizes he has a tough fight in front of him.

Charley Ernst, who boxes Bobby Pacho, in the third ten-rounder of the Olympic show, is a French stablemate of Maurice Holtzer. He holds a decision over Phil McGraw and several other lesser known eastern lightweights.

HOLLYWOOD PUCKSTER LOSE TO MAPLE LEAFS

The Maple Leafs defeated the Hollywood Monarchs, 6 to 4, last night at the Palais de Glase in the opening game of the Southern California Ice Hockey League's senior division. The fast play of the Maple Leafs' forward wall, Palfrey, Chapman and Proulx, was the outstanding feature of the game. Proulx and Chapman scored two goals apiece. Buster Smith, captain of the Monarchs, is believed to have broken a bone in his wrist when he collided with the Maple Leafs' goalie in the third period.

JONES TO WATCH CARDS

Southern California Coach Going North Tonight to See Stanford Play Oregon State

BY BRAVEN DYER

Taking his binoculars, telescope, slide rule and measuring tape, Mr. Howard Jones will go north tonight to watch Stanford in action against Oregon State tomorrow.

The fact that his University of Southern California football team is playing the Utah Aggies in the Coliseum here tomorrow means little or nothing to Troy's "Head Man." He wants to take one long, last look at the Cards before that gridiron gigantic at Palo Alto one week from tomorrow and figures now is the time to do his looking.

HOWARD JONES

Accompanying the Trojan mentor north will be Clif Herd, Sam Barry and Gordon Campbell. All will concentrate their attention on Pop Warner's stuff and when they get through peeking at Pop's plays it's a cinch that the Trojan staff will know considerable about formations, etc.

During Jones's absence the Southern California team will be handled by Willis O. (Bill) Hunter, who will direct the Trojans against Dick Romney's team. The Utah eleven is slated to arrive this morning and

October Date Set for Sonnenberg-George Title Wrestling Bout

MICHIGAN STAR TO MEET CHAMP

Former Amateur Gets Crack at Mat Championship

Victory Over McCoy Gives Wolverine Chance

Daro Lines Up Big Battle for Olympic Ring

The finish title match between Don George, former national amateur mat king, and Champion Gus Sonnenberg will be held at the Olympic the night of the 29th inst., Promoter Lou Daro announced yesterday.

GUS SONNENBERG

George won the title bout by his decisive victory over Bob (Bibber) McCoy, the Boston sensation. It was the first time in his spectacular career that McCoy had ever been defeated in straight falls.

McCoy nearly beat Sonnenberg when they met in Boston five months ago. A flying butt that caught McCoy on the face gave the champion the last and deciding fall of their bout.

Everett Marshall beat McCoy here, but the former Holy Cross grid star looked almost as impressive as the Coloradoan in that bout. He used a backward body roll to take the second fall of that bout.

In beating McCoy, George, according to the experts, displayed a deep knowledge of scientific wrestling. His defense against the flying tackles has been the most effective ever used against the "football hold."

This will be the first time that George has ever had a chance at Sonnenberg's title. He has had forty-one matches since turning professional, and has yet to be beaten. On the showing he made Wednesday night, the experts, as well as many of the fans, now hail the youngster as a better and more finished wrestler than Marshall, and probably the best ever developed on the Coast.

ANGELS ANNEX THIRD IN ROW

(Continued from Eleventh Page)

stead of relying on the speed that makes him either very good or very bad, and always wild, let the Stars down with five hits, but at that had a tough time winning.

On the other hand, Wetzel was touched for thirteen hits by the Angels, eight being bunched in three innings to produce the quartet of Cherub counters. Some of those Angel hits were of the blooper variety, thus causing much mental anguish for Mr. Wetzel, who anguishes rather easily, by the way.

Johnny Moore and Wes Schulmerich led the Cherub clouters with three hits apiece, and figured prominently in all three Angel scoring innings.

Both sides were playing hustling ball yesterday and the contest was rushed through in an hour and twenty-two minutes, which made it about the fastest nine-inning game of the year at the local arena.

Another good contest is billed for today with Ed Baecht and Jim Turner, the rival clubs' mound aces, scheduled to oppose each other. Inasmuch as Baecht and Turner are slated to pitch the pennant play-off series opener next Wednesday, today's contest ought to give a good line on the condition of these two sensational young righthanders.

The Angels started off strong by rapping Wetzel for a pair of runs after two were out in the first inning. Singles by Moore, Schulmerich and Jacobs and a double by Statz produced the two tallies.

Hollywood tied it up in its half on walks to Lee and Brannan and a double off the left-field fence by Cleo Carlyle.

Los Angeles went ahead in the third on singles by Moore and Schulmerich and an infield out, but the Stars knotted the count in the sixth, when Brannan singled and come in on Jones's double to center.

The winning run arrived in the eighth when Moore led off with his third single. Schulmerich sacrificed him to second and Jacobs drove him home with a long drive to right field. The score:

Beavers Leave for Card Tilt

CORVALLIS (Or.) Oct. 16. (AP)—Coach Paul J. Schissler and his Oregon State Orangemen today left for Palo Alto and their football battle Saturday with Pop Warner's Stanford Cardinals.

The gridmen received an enthusiastic ovation at a student rally last night and expressed their determination to erase from memory their stinging defeat at the hands of the Cardinals last year.

Schissler intended to take thirty-three men with him on the invasion. All the players seemed to have recovered fully from early season injuries.

Trojan Star Given Honor

Marshal Duffield and Karl O. Tunberg have been selected by the Rhodes scholarship committee of the University of Southern California as S. C. student applicants eligible to Rhodes scholarships, according to announcement of Dr. Allison Gaw, chairman of the Rhodes scholarship committee at the University of Southern California. Qualities which are considered in making the selection are: First, literary and scholastic ability and attainments; second, qualities of manhood, truth, courage, devotion to duty, sympathy, kindliness, unselfishness and fellowship; third, exhibition of moral force of character and of instincts to lead and to take an interest in his schoolmates; fourth, physical vigor, as shown by interest in outdoor sports or in other ways.

THE GOLFING MOTHER

THE cheers are still on tap for Mrs. O. S. Hill, the golfing mother. She's headed for the finals and the national championship just as sure as little green apples grow on apple trees.

She meets Virginia Van Wie, runner-up to Glenna Collett in 1928, today and then comes the clash with the winner of the Hicks-Collett semifinal battle.

Of course, Miss Van Wie may not relish being taken into camp on paper, but who can resist the temptation of rooting lustily for a golfing mother.

With all of our dear little ladies from Southern California out of the picture the golfing mother should be the big noise.

Our Mrs. Pressler fought hard, and so did our Mrs. Green, but it seems they needed a little more than fight against the sterling play of the Misses Van Wie and Hicks, respectively.

A birdie here and there and an eagle or two would have helped.

And it looks as if our golfing mother will need a few of these strange quirks of golf to subdue either Collett or Hicks.

Helen Hicks is nothing but a young Amazon. She is built like Jack Dempsey, and has a forearm like May Sutton Bundy.

And Glenna Collett is not far behind.

It's lucky for Mrs. Hill she doesn't have to beat both of 'em after she subdues Miss Van Wie.

⁂

THE ST. LOUIS BLUES

MR. GENE DOYLE of the Hollywood Stadium suggests St. Louis must still be sore because it lost the world series to Philadelphia.

Otherwise, he argues, how could the Missouri burg go for the Mickey Walker-Tiger Johnny Cline bout which is billed there tomorrow night.

Tiger Johnny Cline, managed by the gent who was going to clean up the local boxing racket—Windy Winsor—was fighting away back in the four-round days.

He is almost old enough to have grandchildren by this time.

But he's scheduled to step ten rounds—or less—with Walker, and Windy sends the following laugh to Tom Gallery:

A copy of the front page of the St. Louis Star containing a story circled with a heavy lead pencil, and an arrow pointing to a notation at the top of the page—"Still on the front page with a great fighter—Bert Windy Winsor."

⁂

THE LA VERNE CASE

LA VERNE, baby of the Southern California Conference, is responding to treatment at the hands of Lee Eisan, varsity quarterback of the California Bears for three years.

After taking a spanking at the hands of L. A. Junior College, La Verne came back a week later to give Caltech a real scrap.

The score was 27 to 13 in Tech's favor, but the reported improvement in La Verne's play was remarkable.

Some of these days La Verne will come along under Mr. Lee Eisen to threaten the peace and security of mind of other Southern Conference colleges, which have been using the tiny school as a door mat.

Next in importance to Eisan's presence at La Verne is the 39-to-0 licking the La Verne Babes handed the Caltech Babes. That augurs well for the future.

ROMANS BOW TO FAIRFAX

Colonial Lightweights Upset L. A. High; Belmont Babes Also Remain Undefeated

Coach Frank Schaffer's Fairfax lightweights won their second straight league game yesterday, defeating L. A. High, 13 to 0, on the Roman field. As a result of their victory the Colonials are now tied for first place in the Major City League with Coach Clarence Eber's Belmont Hilltoppers. The defeat was the first suffered by a Roman lightweight team in more than four years.

Los Angeles was completely outplayed from beginning to end and never seriously threatened to score. Penalties and fumbles ruined whatever prospects they had of reaching the Colonials' goal line.

Joe Passin, Fairfax fullback, accounted for both of his team's touchdowns with his powerful line plunging. Passin scored the Colonials' first marker in the second quarter after a series of line bucks had put the ball on the Romans' 2-yard line. Again in the second quarter after a penalty had given the Colonials the ball on the 1-foot line Passin plunged over for the final score of the game. The line-up:

STANFORD HOLDS SECRET WORKOUTS FOR S.C. GAME

BY HEC DYER

PALO ALTO, Oct. 16.—Under the utmost secrecy the Stanford football squad is working long and late in preparation for the coming encounter with the Southern California Trojans.

Last year Pop Warner resolved to win the S.C. game this year even if he had to sacrifice every other game. As a consequence, the players have not had a moment's time to even think about the game with Oregon State Saturday. Pop is starting the third string line for the Oregon State game in order to rest those who played against Minnesota. La Borde, tackle, has an injured knee, leaving only Ehrhorn if Tandy fails to recover.

There is some concern over the team's injured men—Tandy's bad knee is at present keeping him on the side lines, Caglieri's injured shoulder keeps him from risking further injury in scrimmage, and Bardin's sprained ankle makes him an absentee at scrimmage.

However, everyone seems satisfied with the men that fill their places. Ehrhorn has proved his worth in blocking kicks and stopping the line. The work of Clark and young Phil Wilson at right half is excellent.

REISTER SCORES KAYO IN COMEBACK ATTEMPT

Bobby Reister, sensational young lightweight, proved he is still the terror of the sticks last night at the Pasadena Arena by knocking out Eddie Lovano in the second round of the scheduled ten-round main event. The bout was Reister's first fight of his comeback after being knocked out by Bobby LaSalle some weeks ago. Cliff Campbell won over Johnny Rogers in the semi-wind-up, and Mickey Gerado drew with Ed Guango in the special. In the other bouts Johnny Cavos and Charley Parks fought a draw; Jack Leyva stopped Battling Pora in the third round, and Mickey Erno stopped Cipro Garcia in the curtain raiser.

HOWARD JONES GOES NORTH

(Continued from Eleventh Page)

will put up at the Huntington Hotel in Pasadena.

Last night's workout at Bovard Field was given over largely to dummy scrimmage against Stanford formations, with Herd's Spartans employing plays used by Warner and Company. Jones has been paying particular attention to Stanford's passing attack, both lateral and forward, for it is this style of offense that figures to bother the Trojans most next week.

Prior to the varsity game tomorrow at the Coliseum, Aubrey Devine's Trojan freshmen will tackle the California frosh in the first of their games for the championship of the Little Big Three. The Bear babes are coached by Roy Riegels, last year's California captain, and will arrive this morning, stopping at the Alexandria Hotel. George (Fat) Latham, former California lineman, and Hal Breakenridge, ex-Bear back, are helping Riegels mentor the frosh.

This game is billed to start at 12:30 o'clock.

MISS COLLETT CARRIES ON

Defending National Champion in Semifinals With Mrs. Hill, Miss Van Wie and Helen Hicks

(Continued from Eleventh Page)

that carried her to the finals a year ago, but she gave her best against the girl who should win this championship, and it was a darn fine best.

In fact, after getting herself in a hole early in the going, Leona almost fought her way out of the jaws of defeat with two of the most inspired shots of the tournament.

GREAT COMEBACK

Two down at the seventh hole after missing two putts that she could have almost blown in the hole, Leona came to that long, treacherous 525-yard eighth hole with her hopes tumbling about her head. A fine drive and then a brassie that went crashing into the tree-bordered barranca and Leona's heart must have turned into a chunk of solid ice.

With the prospect of being 3 down and inevitably lost, Mrs. Pressler played a great iron shot fifty feet short of the green, and then holed it for an eagle 4, while the gallery gave her an ovation that lasted several minutes. Helen took a 5, and Leona won the ninth with a par to square the match.

But more of this later.

While the gallery was busy "ohing" and "ahing" over the Hicks-Pressler contest, Mrs. Hill was holding a 5 up lead over Miss Maureen Orcutt of New York at the turn, and then staved off a game comeback to win, 3 and 2, Miss Van Wie was smashing par to eliminate Mrs. Roy Green of the California Country Club, 7 and 5, and Glenna was clicking for the first time to defeat Miss Peggy Wattles of Buffalo, N. Y., 3 and 1.

BRILLIANT GOLF

It was great golf these girls were playing yesterday. Of the eight quarter-finalists, only two, Miss Orcutt and Mrs. Green were over par, the remaining six playing par golf and better. Glenna was out in even par and three under coming in which gave her a card of 78, her best effort of the week.

More great golf is in store for today. With both Glenna and Billy hammering the apple a mile and putting a permanent kink in par, we of the West should see women's golf at its best.

And that Hill-Van Wie match is not to be passed up. Mrs. Hill has played beautiful golf all through the tournament and Virginia gave notice yesterday that she is not to be taken any way but seriously.

Now for some of the highlights of yesterday's play.

And that's that.

MRS. HILL VS. MISS ORCUTT

For one of the "big three" of America's ranking women golfers, Maureen started off in wobbly fashion and found herself 4 down at the seventh hole. Mrs. Hill plays golf every minute of a match, and unless her opponent does the same, it's just a case of to bad.

Not long enough to reach the 500-yard first green, Mrs. Hill seemed to make up for that deficiency by chipping dead and then holing a putt for a birdie 4. Maureen's extreme distance did her no good yesterday, when a great brassie found a trap guarding the green and she took two putts to be down in 5. Maureen sliced her drive on two and pulled it on three to lose both holes as Mrs. Hill split the center of the fairway from tee to green. Mrs. Hill sliced on the short fourth into deep rough, but was on in two for a half when Maureen three putted.

Miss Orcutt halved the fifth hole, but had to drop a twelve-foot putt after being trapped to halve six. After this effort she seemed to brace up, but nillify everything by three putting seven to go 4 down. Eight was halved in birdie 5's, and Mrs. Hill dropped an eight-foot putt on nine to be 5 up. Maureen was also on with a spoon, but took a pair of putts.

MAUREEN RECOVERS

After halving ten and eleven with a par and birdie, respectively, Maureen came to life to win three consecutive holes, when Mrs. Hill's game threatened to crack wide open. It is an unusual day when the Kansas City woman takes three 6's in a row, but she did yesterday. On the 350-yard twelfth she drove into the rough, pulled a spoon into deeper rough, played a spade into a trap and was on the green in four for her 6. A fine drive on the 430-yard thirteenth was followed by a pulled brassie. Obviously rattled, Mrs. Hill missed a spade altogether and was again on in 4. She played the long fourteenth well, but her par could not match Maureen's birdie 5, who drove a trap, took a 4 iron out, pulled her third into another trap, and then exploded stiff to the pin for one putt.

Both got 3's at the short fifteenth, and Mrs. Hill ended the suspense by laying a spoon on the sixteenth and got down in two putts for a birdie 4. It marked Mrs. Hill's first victory over Maureen in three meetings.

The cards:

Par (Out)	554	354	463—39	
Mrs. Hill	455	454	452—38	
Miss Orcutt	566	454	554—43	
Par (In)	544	563	555—42—81	
Mrs. Hill	536	663	4	
Miss Orcutt	53	553	6	

MISS VAN WIE vs. MRS. GREEN

Virginia was just too hot to handle yesterday, and Mrs. Green undoubtedly felt a let-down after her great golf of the day before. The Chicago girl started the day by driving a trap, clicked off a No. 2 iron 190 yards down the fairway and pitched ten inches from the pin for a conceded birdie 4.

Miss Van Wie won the first four holes in a row, and added the ninth for good measure. Eight pars and a birdie 5 at eight gave Virginia a 38 going out, while Mrs. Green was way off form with a 44.

Coming in, Virginia won three of the first four holes with two birdies and an eagle and a par, while Mrs. Green won the 225-yard eleventh when she drove a trap, but exploded six feet from the flag and holed the putt for a birdie 3.

The match ended on the thirteenth. Virginia laid a spoon fifteen feet from the pin and Mrs. Green conceded the putt and match.

THE CARDS

Miss Van Wie....	454	354	553—38
Mrs. Green	665	454	554—44

In—

Miss Van Wie....	443	3
Mrs. Green	634	5

MISS HICKS VS. MRS. PRESSLER

Mrs. Pressler drew first blood on the 450-yard second hole by canning a ten-foot putt for a birdie 4 after Helen had gotten herself out of trouble to halve the first hole.

The gallery was given an inkling of the outcome on the 350-yard third hole. Mrs. Pressler's drive was only a few feet short of Billy's and she played a safe shot that drifted into the green twenty-five feet from the pin. But the short way is the safe way for Helen, and she played a magnificent iron over traps and trouble that struck and held six feet from the flag. We would venture to say that not three women in the tournament could duplicate that shot. Mrs. Pressler putted eighteen feet past the pin and almost holed out coming back, but the effort was futile, as Helen banged her putt in for a birdie.

SQUARES MATCH

Four and five were halved, but Mrs. Pressler faltered on six and seven to go two down. She missed her mashie shot on the 350-yard sixth and laid a chip three feet from the pin and then missed the putt. Again on seven Leona was on nicely in two, but three-putted, a three-footer sliding by the cup to give Helen the hole.

The eighth has already been described.

Billy hooked her tee shot into a trap on nine, was on in two and failed to hole a six-footer. Mrs. Pressler took the hole with a 3.

Helen three-putted ten, but from there on played air-tight golf. She laid a great brassie six feet from the pin on eleven and was conceded the hole when Mrs. Pressler found trouble in a bunker. Both were trapped on twelve, but Helen approached stiff, while Leona missed from ten feet away to be two down. They halved every hole from there in to end the match on seventeen.

Out:

Miss Hicks	553	354	454—38
Mrs. Pressler	545	355	545—39

In:

Miss Hicks	534	553	55
Mrs. Pressler	545	553	55

MISS WATTLES VS. MISS COLLETT

The young Buffalo golfer gave Miss Collett her first stiff match of the tournament and was only 1 down at the turn. Both were out in 39.

Miss Wattles three-putted the first hole to be 1 down, but evened the count with a birdie four at the fifth hole, where she laid a pitch shot stiff. Six was halved, and Peggy went into the lead at seven, when Glenna required 5 to get down.

This situation did not prevail for long, however, as Glenna got an eagle four at eight to nose out Peggy's birdie 5, and then won nine with a par to be one up again.

Ten was halved with birdies and eleven with pars. Two pars at twelve and thirteen won for the defending champion, when Peggy had a poor drive on the former and was stymied on the latter.

Peggy proved herself a battler, however, by getting a birdie at fourteen for a win.

The 140-yard fifteenth furnished the climax, however, when both laid tee shots stiff. Glenna stepped up to hole a ten-foot putt for a birdie 2, and Peggy followed her into the cup from eight feet to get a half.

They halved sixteen in birdie 4's, Miss Collett's third stopping on the rim of the cup for an eagle, and Glenna had a 4 conceded her at seventeen, when Peggy was in a trap in 2, exploded short, and then rushed over to congratulate her conqueror.

The cards:

Out—

Miss Collett	554	364	543—39
Miss Wattles	654	344	454—39

In—

Miss Collett	444	562	45
Miss Wattles	445	652	45

Mixed foursomes were played over the north course yesterday afternoon, and two veterans, Mrs. Dorothy Campbell Hurd and Norman Macbeth, scored a winning 74. Miss Edith Quier and Charles Seaver had a 78. There were twenty-five foursomes entered.

WOMEN FREE AT FIREMEN CLASH

Smoke-eaters Invite Family to Gridiron Game

COACH BILL BLEWETT

Fire Department officials believe in bringing the entire family out for their football games. In accordance with this policy an announcement was made yesterday by E. O. Barnett, athletic director, that women and children would be admitted free to next Monday night's game with the Santa Barbara American Legion at Wrigley Field.

The Firemen have one of the finest teams on the Coast, Bill Blewett, their coach points out, and he would like to have the fans of Los Angeles back them up in their activities.

"We beat the West Coast Army team as easily as Stanford did," Blewett said yesterday. "I am sure if the fans in Los Angeles get behind us we will put forth some of the finest brand of club football ever seen here."

One week from Monday night the Firemen play Oneonta Academy. On November 2 they face the Submarine Base and on Armistice Day they play the Arizona State College eleven.

The big game this year on the Firemen's schedule takes place at the Coliseum Christmas Day when they tangle with North Dakota University, one of the strongest teams in the Middle West.

ROOSEVELT BABES TRIM FRANKLIN, 18-0

Coach "Coney" Galindo's Roosevelt Roughrider lightweight eleven swept to an 18-0 victory over the Franklin babes yesterday afternoon on the Roosevelt gridiron. Slotnikow, Wild and Parr tallied for Roosevelt. This was the first victory for the Roughriders in the new league as last week's struggle with Jefferson was indefinitely postponed because of rain.

UNION OIL TEAM IN ICE HOCKEY VICTORY

The Union Oil pucksters chalked up a 4-to-1 victory over the Gilmore Lions in the opening game of the Southern California Ice Hockey League played at the Winter Garden rink last night. Bill Vaughn proved to be the outstanding player of the evening by his great goal tending. Vaughn stopped something like thirty-three shots, many of which appeared to be almost certain goals, without letting one through until the last quarter when Chappel managed to squeeze in a goal. Brown and Bradow carried the brunt of the Oilers, offense, scoring twice each.

Manual Arts and Fremont Clash in Feature Prep Grid Game Today

TOILER ELEVEN PICKED TO DOWN PATHFINDERS

Coach Dirckx's Outfit Out to Win From Artisans; Jefferson Choice Over Hollywood

BY IRVING ECKHOFF

Just another victory for Jim Blewett's Manual Arts Toilers. That's how everyone is doping the Toiler-Fremont struggle today on the Pathfinders' gridiron.

JIM BLEWETT

Right now it looks like a great year for the Artisans. With L. A. High out of the way, there doesn't seem to be an eleven in the circuit really capable of turning back the Toilers. Next week Blewett's charges take on the "dark horse" Lincoln Tigers and then comes the week of bye. The last three games are with Hollywood, Fairfax and Garfield, none of which is considered to be a very serious threat.

While today's tussle should result in a Manual Arts triumph, Coach George Dirckx's Pathfinders will give the powerful invaders a run for their money. Fremont's line will weigh just as much as the Toilers' vaunted forward wall, and the Pathfinder backs are just as speedy as Blewett's ball packers.

The difference, however, lies in the fact that Manual's forwards played together last year and have better co-ordination than the Fremont linesmen.

While Keith Lee, Tom Walsh, Gerald Spindel and Bodenhoeffer of the Pathfinder backfield form a pretty fair backfield, the Manual combination of Bill Howard, Herb Faegan, Gordie Easton and Tent has the edge.

If Walt Clark, Fremont's speedy half, was in shape for the contest, the Pathfinders would be near even terms with Manual, but Clark's injured shoulder will keep him on the bench. He may see some action, however.

The best of the other five league games listed finds Harry Edelson's Jefferson Democrats at Hollywood. While Vic Kelley's Redshirts beat Poly last week, 6-0, the general consensus of opinion is that Poly lost a tough game. The Democrats are favored to win today's struggle, with "Doll" Nelson and Laurie Oliver scheduled to star in the Jefferson backfield.

The L.A. High Romans travel to Fairfax to take on the Colonials and should return victorious.

An upset is not very likely. If the Romans get going as they should they figure to win by at least three touchdowns. However, the Manual Arts game last week took quite a bit out of the Pioneers and Hugh Welch's Colonials might make the most of a possible golden opportunity.

Three other games are scheduled. Belmont and Poly meeting on the Hilltopper field with the Mechanics given a slight edge. Injuries have lowered the Mechanics' stock considerably and Sid Witherow's charging Hilltoppers may hand the Poly outfit another defeat.

Franklin and Roosevelt collide on the Rough Riders' gridiron in an even-steven battle, while the Garfield Bulldogs and the Lincoln Tigers tangle on the Poly field. Jim Tunney's Tigers should take the Bulldogs into camp. Last week Coach Belford's charges upset Fremont by holding them to a 12-6 tally, and may keep Lincoln's score down as well.

Four out-of-town prep leagues also start warfare today, with the Bay League circuit drawing the most interest. The other three are the Foothill, the Citrus Belt and the Tri-County loops.

URBAN MAKES GRID DEBUT TODAY

Another contender in a projected circuit of military school football teams takes the field today when Urban, which recently occupied its new $200,000 home and campus on Beverly Boulevard, makes its debut on its home grounds against the Redondo Military Academy eleven.

Urban cadets are experiencing a new thrill with the official advent of the team, the first sponsored by the pioneer school in its twenty-seven years of existence. Capt. Harold Blanchard is the coach and has expended herculean energy in welding together a team that can plunge and hold on occasion and boot or pass the ball with celerity and accuracy. He comes to the West Los Angeles school from the San Diego Army and Navy Academy, where he was athletic director for two years.

BELMONT CONTINUES VICTORIOUS WAY

Coach Clarence Eber's Belmont lightweight gridders scored a 15-to-0 victory over a week Mechanic aggregation in a league tilt on the winners' gridiron yesterday. Ello, stellar Hilltop halfback, accounted for two of the tallies and proved a demon on offense. A center rush accounted for an extra point. A blocked Poly punt was recovered by the latter over their own goal line for a safety. The ball was continually within the shadow of the Mechanic goal and the uneven tussle ended with the ball on the Poly 1-foot line.

With only one minute left to play, Pierro flipped a 25-yard pass for a touchdown to Woody McGowan to give Coaches Cooper's and Swedos's Garfield lightweights a 6-to-0 victory over the Lincoln Tigers yesterday on the Bulldogs' field. The win was Garfield's first in league competition this year, and was marked by the outstanding play of McGowan, Perry and Capt. Kelly for the home team.

FREMONT LIGHTWEIGHTS BEAT TOILERS

The Fremont High School lightweight football eleven scored a victory for the old Minor City League yesterday afternoon when it defeated the Manual Arts High lightweights on the Toilers' gridiron by the score of 6 to 0. Zaro, Pathfinder halfback, scored for Fremont in the first quarter on a pass from Stein.

to view the encounter at Hadley Field.

Coach Lee Eisan's La Verne Leopards, after their great showing against Caltech last week, are expected to give the Santa Barbara State Roadrunners a stiff battle. The game is scheduled for Santa Barbara. After a bad start against L.A.J.C., the Leopards hit their stride last week, losing to Caltech, 27-13, after putting up a great exhibition.

TROUBLE AHEAD

It looks like a bad evening for the Redlands Bulldogs. Coaches Jess Mortensen and Jesse Hill bring their Riverside Jaysee squad to Redlands tonight for a practice tilt with Lee Trine's outfit. Redlands, hampered by injuries, has lost two games so far. Fresno State beat the Bulldogs, 31-26, while Santa Barbara State nosed them out last week, 7-6.

Tomorrow night the Pomona Sagehens and the Caltech Engineers collide at Claremont in a regulation conference tussle. The Sagehens are favored to down the Pasadena outfit, despite the fact that Fox Stanton claims to have a powerful aerial attack this season.

GAELS, BRUINS COLLIDE

St. Mary's Favored to Drub U.C.L.A. in Game Under Coliseum Lights Tonight

(Continued from Eleventh Page)

are in the order of their importance: Frederick Francis Stennett, more often called "Mack." Frank McNally and Toby Hunt, two tackles, and Harry Ebding, an end.

In addition to these stars the brightest of which incidentally is Stennett, the Gaels have a 100 per cent triple-threat backfield behind a front wall that rates with the best on the Coast. That, of course, means in the nation, too. For instance Woody Peebles, the center, is said to be better than Capt. Seghetti of last year's team and Hunt and McNally are rated by some of the Gael fans as better than the outstanding star of last season, George Ackerman.

Stennett is the man whom the fans no doubt will watch a good deal tonight but while they are giving him the once-over they should not overlook little Dick Boyle, the tiny mite of a quarterback who ran the Bruins ragged last year when St. Mary's defeated U.C.L.A. 24 to 0.

Wild Bill Fischer, the south o' Market raw-meater, and Mike Steponovitch, brother of Tony, former Trojan star, will hold down the guard berths tonight. Dick Sperbeck will be Ebding's mate at the wing position. In the backfield besides Stennett and Boyle will be Bud Toscani at right half and Bob Barrett at fullback. Stennett will hold down his regular post at left half.

GOOD COMBINATION

Bill Spaulding is starting a team which has proved his most successful combination to date. In the backfield he has Lenny Bergdahl at quarter, Bob Decker and Howie Roberts at halves, and Norm Duncan at fullback. The Bruins' two fastest ends, Wellendorf and Mulhaupt, will start, which means that Spaulding is going to try a passing attack on Madigan tonight.

The weak spots in the Bruin team have been the tackles and guards, Spaulding admits. He has also some difficulty in replacing "Patches" French at center. He is starting Goodstein at that post again. Homer Oliver also will get into the game later. McMillan and Willoughby will be tried as tackles, and Gordon Jones and John Duncan as guards. Jones is the lad who ran sixty yards for a touchdown against Pomona on an intercepted pass.

"Bunker Bill" is sure he will have a good line when his green fellows have had enough experience, but he frankly admits he doesn't expect too much from the boys at this stage of the game.

The Gaels are not likely to run up a very big score on the Bruins even if they can, as Madigan does not go in much for lopsided victories. But you can bet they will go after the Bruins strong from the start, especially after losing that game to the big brother of the local club.

The kickoff is slated for 8 p.m.

BELL BABES BEAT WASHINGTON, 19-6

With Burt scoring three touchdowns, Bell High's lightweights walloped the Washington babes, 19-6, yesterday afternoon at Bell. Vickey tallied the lone General touchdown.

SANTA BARBARA GRID CREW FACES LA VERNE

SANTA BARBARA, Oct. 16.—Fresh from a victory over Redlands University, and on the make for a berth in the Southern California Conference, the Santa Barbara State College Roadrunners will tangle tomorrow night in Pershing Park here with the La Verne College Leopard eleven.

BURBANK CEES TRIUMPH

The Burbank High Class C gridiron machine triumphed yesterday on the home gridiron over the South Pasadena Cees by the score of 19 to 0. Griffin, Doub and Keith scored for the Burbank eleven, which was never threatened during the game.

Compton Faces Santa Ana J.C.

The two strongest teams in the Jaysee Conference will meet tomorrow when the Compton Tartars battle the Santa Ana Dons on the latter's field. Both teams came through their opening games successfully, the Tartars downing the Los Angeles Cubs, 6-0, and the Dons walloping the Long Beach Vikings, 19-0.

Both Santa Ana and Compton use the Jones system. Bill Cook coaches the Dons, while Earle Pine is the Tartar mentor. Cook has a 200-pound quarterback, Wayne Garlock, and a 225-pound fullback, Clarence Hapes, to do his ball carrying. Pine relies on "Porky" Smith for line plunges and Tom Yancey for end runs. Yancey, who is the star passer and punter on the Compton team, received a broken nose in last week's game and may not start against the Dons.

Los Angeles and Glendale, both of whom met defeat in their opening games, will clash on the Cubs' field. Coach Scheuttner's men were considered to be the class of the league until dumped by the Tartars last week. They should win from the Glendale Buccaneers, who dropped a 7-0 decision to the Fullerton Yellow Jackets.

Coach Baker's Pasadena Bulldogs open their conference schedule playing the Fullerton team on Yellow Jackets' gridiron. This game should be close with a slight edge given to the home team.

NORTH HOLLYWOOD B'S DEFEAT OWENSMOUTH

The North Hollywood High School lightweights scored a last-quarter decision over the Owensmouth High School Class B eleven yesterday afternoon on the latters' field, winning by the score of 13 to 6. Brean, North Hollywood fullback, scored both touchdowns in the final period, Burgess converting one of them. Owensmouth scored in the second quarter on a pass from McKelvey to Knapp.

The line-ups:

MOTHER DAUGHTER'S CLASSMATE

College Levels Difference In Age

Miss Aurelia May Sellards and Mother, Mrs. D. F. Sellards

NEARLY two score years separate Mrs. D. F. Sellards and her daughter, Aurelia May, yet both are students in the same class at the California Christian College and are expected to graduate with their degrees next June. The 59-year-old mother has turned again to the classroom as a student after twenty years as a teacher.

Mrs. Sellards was formerly principal of a Spanish-American school at Carlsbad, N.-M., and held the post for six years until she came to Los Angeles to enroll in the college with her daughter. Miss Sellards is a graduate of the Belmont High School.

The mother is enrolled in the school as a student of education, seeking qualification to teach in the schools of California and her daughter is taking the courses of religious education.

Both are earning their own way through their college terms; the mother by coaching of other students and the daughter through her work as an assistant in the science laboratory of the school.

of talk and propaganda suddenly became something clear and definite—frank and honest. The convention suddenly ceased to be an oratorical society and became a conference of business men intent on doing something.

Mr. East, who is chief engineer of the Automobile Club of Southern California, said in part:

"The club desires to lay before the builders of this great highway the book of its experience. California has made many costly errors in road building; has wasted fortunes. It will be the problem of the builders of the Mexican part of the International Pacific Highway to avoid these errors.

EARLY EXPERIENCES

"At the inception of highway work in this State we were told that we should build expensive, permanent, hard-surfaced roads and we confidently set about to complete such a system of highways. It is needless to say that in this we failed but as a result of this failure we now know that the only permanent road is the road that serves no useful purpose. We were told that the automobile must have a so-called hard surface pavement to travel on and we tried to build such pavements. Again we fell far short of accomplishing our purpose but today we know that the owner of an automobile does not care in the least what type of surface he drives upon so long as it is reasonably smooth and that the road will lead him to his destination in reasonable comfort and with a reasonable expenditure of time. Today we know that he is far more interested in the design of the road, alignment, width, gradient and smoothness of surface than he is in whether the road is paved with this type or that.

"We were told that tourist travel would not come to California until we had a paved road or roads across this continent and we faithfully tried to provide such roads. At the end of twelve years we had extended our paved road system to within 160 miles of our eastern border. Beyond our eastern border the nearest paved road on a transcontinental highway was at the Mississippi River. Yet the tide of tourist travel had set in many years before this time and was increasing year by year in spite of the fact that our short-sighted road policy had prevented any improvement whatsoever on the major portion of our transcontinental routes. There is not today a single paved road spanning this continent. Four-fifths of the rural roads of the United States are surfaced with gravel or other low cost type surfacing."

MEXICAN PROBLEM

Speaking of road signs erected by the club, he said these signs guided 537,000 machines to California in 1929, these machines carrying 1,526,000 people. Had California waited for paved roads, we would be an isolated struggling community.

As to the cost of the Mexican part of the highway, he said it was impossible to make an estimate. He added, however, that the Mexican roads would not be as hard to build as were the roads of California. With the single exception of the barrancas, there is no tough construction problem on the West Coast of Mexico. He expressed the belief that in no section in the whole United States could a system of highways be constructed as easily as in this part of Mexico . . . this because of soil, drainage, etc.

The distance to be traversed by the highway from Nogales to Mexico City is 1559 miles. The probable cost of the first stage improvement is 24,543,500 pesos. He recommended that the highway be financed by direct appropriation from current revenues. The United States has found that road financing by bonds is false economy.

GOV. GOMEZ PRAISED

Gov. Gomez's report was avowedly inspired by the East report. The Governor's remarks showed the result of an enlightened, thoughtful examination of definite facts. It was a working plan preliminary to real action.

At the conclusion of the debate that followed, President Harry Bauer of the Automobile Club rose and said:

"I want to congratulate Gov. Gomez on what he has just done. This is one of the finest things ever done by the Mexican government or any other government. It reflects credit on Gov. Gomez and upon his country. It will be remembered with gratitude by his children's children and by their children."

ASSESSMENTS CONFIRMED

The City Council yesterday confirmed the assessments for the construction of the Jefferson-street storm drain, Section 5, and for the widening of Motor avenue from Manning street to a point 600 feet south.

New Trial of ex-Constable Under Way

Harry Amend, former Inglewood constable, went to trial before Superior Judge Fricke yesterday charged with willfully permitting prisoners to escape from his custody.

The charge arose from an investigation, after which District Attorney's detectives charged that Amend had accepted bail from numerous prisoners granting them their liberty and then failed to prosecute them or to account to the county for the bail money.

Several attempts to prosecute Amend on charges of misappropriating public money failed. Two of the cases were dismissed and in another the jury failed to reach a verdict. It was then decided to charge Amend with permitting prisoners to escape.

The chief witness called yesterday by Ugene Blalock, deputy District Attorney, was Fred A. Spurgeon, Inglewood police sergeant, who identified certain police records.

German Officers Due Tomorrow

Lieut.-Gen. Von Blomberg and Col. Kuehlent—al, officers of the German army, will arrive in Los Angeles tomorrow morning over the Santa Fe en route to San Francisco to observe the United States Army maneuvers. They are accompanied by Lieut.-Col Walter Kruegar, United States Army.

During their stay in Los Angeles the officers will be guests of Col. Halsey E. Yates, U.S.A., and Maj. Clinton Wunder, executive secretary of the Academy of Motion Picture Arts and Sciences and a member of the Organized Reserves. They will visit the Universal, First National and Metro-Goldwyn-Mayer motion picture studios.

BODY OF ACTOR DUE TODAY FROM EAST

The body of Roscoe Conklin Emerson, vaudeville comedian, a former Los Angeles boy and a son of Mr. and Mrs. Charles F. Emerson of Ocean Park, will arrive here today from Tennessee, where he met death Monday in an automobile accident. Funeral services will be conducted at the Wee Kirk O' the Heather, Forest Lawn Memorial Park, at a time not definitely decided as yet. Mr. Emerson was 35 years of age and had been starring on the Orpheum Circuit for seven years. He was a member of the Masonic Lodge, the Actors' Equity Association and the National Vaudeville Association. The funeral servioes will be under the auspices of the Masons.

MEXICO TO AID POLICE ON CRIMES

Visiting Official Here to Work Out Co-operative System With Americans

EUSEBIO IZQUIERDO

While police organizations in Southern California may be considered equal to the finest in the United States, Mexico is fast developing a police system which will be surpassed by none, declares Eusebio Izguierdo, commandante of investigators in the Federal District of Mexico, who is here on a visit.

Izguierdo made a special trip to Los Angeles at the invitation of Edward Aires, homicide investigator of the Sheriff's office, who recently returned from a month's stay in Mexico City as the guest of Col. C. Talamantes, chief of the Federal investigators. The Mexican official spent yesterday conferring with Sheriff Traeger and Undersheriff Dewar, with Aires as his interpreter.

The day when a fugitive from justice who fled into Mexico was regarded as lost by American police officials has disappeared, Izguierdo said. It is for the purpose of bringing about a greater co-operation in matters of apprehending criminals that his trip was authorized by Gen. Jose M. Palencia, Chief of Police of Mexico City, he said. The Mexican official stated that he also hoped to effect an exchange of pictures, finger prints and other crime data between the United States and Mexico.

Izguierdo last night was greeted by a number of his countrymen serving as local peace officers, including the veteran deputy Sheriff, Joe Sepulveda. Tomorrow he will visit Hollywood motion-picture studios. He is scheduled to leave for St. Louis to make a study of the police department there on next Monday or Tuesday and will then return to Mexico City.

Hayden Talbot, Author, Named in Divorce Suit

Hayden Talbot, author, was sued for divorce by his wife Esther in a complaint filed yesterday by Attorney W. E. Lady.

Desertion and abandonment are the only grounds for action asserted. The couple were married in London September 13, 1922, and separated in October, 1927. Mrs. Talbot, who says she has been living on the charity of friends recently, declares her husband is capable of earning $500 a week. She asks $500 a month alimony.

INSURANCE SOCIETY ELECTS OFFICIALS

Harry G. Bobey has been elected president of the Fire Insurance Exchange of Los Angeles for the ensuing year, succeeding Eugene Battles, it was announced yesterday following the annual meeting. Other officers elected include Egbert Van Alen, vice-president; Fred H. Bagley, secretary; I. O. Levy, treasurer, and governors, G. A. Rule, H. L. Martin, E. H. Morrison, H. M. McKnight, V. C. Bogy, and W. H. Menn in addition to Mr. Battles. Announcement was also made of the selection of Los Angeles for the 1931 convention of the National Association of Insurance Agents.

TWO STATES TO PICNIC

The State societies of Illinois and Kentucky will join forces tomorrow in their annual picnic reunion at Sycamore Grove Park. The program, beginning at 1:30 p.m., will include brief addresses, an oratorical contest between fathers and sons, music by Bob Ziegler's orchestra and community singing led by Franklin Foster.

CHRISTIAN SCIENCE LECTURE

A free lecture on Christian Science will be delivered tonight at 8 p.m. in Ninth Church of Christ, Scientist, 433 South Normandie avenue, by Charles E. Jarvis, C.S., of Los Angeles, member of the Board of Lectureship of The Mother Church, The First Church of Christ, Scientist, Boston.

HEALTH LAWS CODIFIED

Assistant City Attorney Neal yesterday presented before the City Council an ordinance codifying all health ordinances. There is no new matter in the measure. It was referred to the Health and Sanitation Committee.

INDIA QUESTION DISCUSSED

Speakers at City Club Point Out Vast Problem Involved in Revolution

A world crisis hangs upon the outcome of India's struggle to throw off British rule, it was pointed out by speakers who discussed "The Present Economic and Political Situation in British India" last night at the City Club.

The principal speakers were Dr. D. S. Saund, a native of India, and Prof. Edward Leo Harvey, member of the faculty of the California Institute of Technology, who recently returned from the British service in India.

Although himself a native of England and a captain in the British army, Prof. Harvey agreed with the Hindu speaker that India is an oppressed country. However, he said, the situation in India "is no worse than what we have meted out to our brothers and sisters in so-called Christian war."

If England loses in the controversy, he asked, who is to pay the bill? How about her war debts? The responsibility, he asserted, is too big for any one country to bear alone. World chaos would be the result, he declared.

Speaking from the standpoint of his mother country, Dr. Saund cited that for 200 years India has labored for the prosperity of other lands. From one of the world's richest countries, in natural resources, he said, she has been reduced to the poorest until, in sheer desperation, her people have resolved to revolt.

"India," he said, "seeks exactly the same thing today as the American colonies sought in 1776. That is, freedom from tyrannical rule. Is her attitude of defiance justified? Yes! Her cup of humiliation is full. She has been bled white and her masses are united to end British dominion. British rule is unnatural, immoral and unjust. India is taxed 2000 per cent and when Hahatma Gandhi boiled a pail of ocean water to produce a pinch of salt, that act was the signal for his followers to revolt. India's ultimatum, issued to England in 1928, demanding freedom by the end of 1929, was ignored and the situation in India today is the result. Gandhi may be in a cell today, but he is far from being an extinct volcano."

Joseph Choate of the District Attorney's office, recently returned from India, also gave a brief talk, illustrated with motion pictures.

HOUSE FRAUD CHARGES FAIL

Woman Escapes Prosecution When Evidence of Asserted Bad Checks Proves Insufficient

By a "Times" Staff Correspondent

PASADENA, Oct. 16.—Despite charges of the police that she issued worthless checks to purchase and furnish two San Marino homes valued at $76,00: while her own bank account totaled $5, Mrs. Blanche Elizabeth Howard, 30 years of age, asserted former wife of a wealthy Waterloo (Iowa) physician, was freed by Judge Morton following her preliminary hearing in the local justice court today.

Insufficient evidence, said Dep. Dist.-Atty. McClure, made it inadvisable to press the check charge and Judge Morton granted his motion to dismiss the case.

BUILDER TESTIFIES

W. H. Norwood, builder, who filed the complaint, testified that Mrs. Howard gave him a $2000 check as first payment on his $56,000 residence. Mrs. Howard admitted she did not pay the balance, but sent a letter stating she was ill and could not complete the transaction and demanded return of the check.

Mr. Norwood, it was stated, refused to return the check and deposited it in the bank, which later returned it marked "account closed"

Detectives testified that the defendant told them that she was the former wife of an Iowa physician who had promised to deposit $80,000 to her credit in a Waterloo bank.

FURNITURE RECOVERED

The arresting officers also charged, at the time Mrs. Howard was taken into custody, that she purchased a second home from G. A. Eddie, located at 1260 Roanoke Road, San Marino, with a worthless $1000 check. They assert further that the defendant later induced Eddie to accept her note in lieu of the check, which she recovered, and that in view of that fact it is improbable that any check charge can be made against her in this instance.

A furniture concern, according to police, delivered $12,000 worth of furniture for the Eddie mansion and when her $2000 check "bounded back" the concern recovered the furniture.

VENICE MAN ACCUSED IN DELINQUENCY CASE

M. B. Masters, Venice business man, is accused of contributing to the delinquency of 15-year-old Clifford Summers, of 5552 Lewis avenue, Long Beach, in a complaint issued yesterday by Dep. Dist.-Atty. Warner. It is charged that Masters was arrested on Whittier Boulevard on the 5th inst. for speeding and that the Summers boy was found in his automobile in an intoxicated condition.

Asserted False Love Note Wins Divorce Decree

Wayne Loel, geologist, yesterday divorced Mrs. Gladys Loel after complaining that his wife circulated a love letter which another woman was supposed to have written to him. Loel testified that he never had received the letter, and that he believed his wife originated it to annoy him. Superior Judge Craig granted him a decree.

The letter was addressed to "Darling" and concluded with "love and kisses, Cora."

Loel asserted that his wife has a violent temper, and that she objected to his engaging as a consulting geologist, insisting on his seeking a salaried position. The geologist also accused Mrs. Loel of circulating false reports about him and his girl secretary. The Loels were married twelve years before separating.

Dr. John Gillies, Retired Pastor, Taken by Death

Dr. John Gillies, retired minister of the Missouri conference of the Methodist Episcopal Church and a resident of Los Angeles for the past sixteen years, died yesterday in the Methodist Hospital after a lingering illness. He was almost 89 years of age.

Born in Glasgow, Scotland, October 24, 1841, Dr. Gillies migrated to Canada when he was 10, settling in Missouri in 1866 and coming to Los Angeles upon his retirement in 1914. He lived at 1190 West Thirty-sixth street. He leaves one son, Dr. James Lewis Gillies, superintendent of the Los Angles district, Methodist Episcopal Church, and one daughter, Mrs. S. L. McCrory, El Centro.

Funeral arrangements will be announced tomorrow.

Friends and Kin Benefit by Will of P. J. Watson

The will of Patrick John Watson, who died September 30, last, at the age of 62, bequeathing an estate of several hundred thousand dollars, was filed for probate yesterday.

Harriet A. Lowry, a friend, was left $100,000 in bonds, and 100 shares in the Watson Estate Company. Rachel Lowrey Barry, friend, was left $75,000 in bonds and 100 shares.

Nephews and grand nieces were bequeathed 100 shares, as follows: Gladys and Helen Watson, Dorothy and Dolores Brown and Robert, Jean and Virginia Limacher. The widow, Mary E. Watson, 303 North June street, was named residuary legatee. The will was dated January 19, 1925.

Chester Morris Father of Girl

Chester Morris, former New York stage actor who has been engaged for two years in talking pictures, became a proud father yesterday. A daughter was born to Mrs. Morris, formerly a stage actress, at the Cedars of Lebanon Hospital at 1:30 p.m. yesterday. Dr. M. P. Topping reported mother and child are doing nicely. The couple have a son, Brooks, 2½ years of age. Morris is a United Artists player.

"MISSING" BOY TAKES SNOOZE UNDER BUSH

Kenneth Eugene Wilde, 6 years of age, grew weary of play yesterday and went to sleep behind a bush in the backyard of his home, 7362 Clinton avenue. His father, O. F. Wilde, alarmed by his failure to appear for dinner, always an important event for Kenneth, asked police to search for him, and his "disappearence" was broadcast over the radio. At 8 p.m. Kenneth finished his snooze, and refreshed, came into the house.

HUSBAND WOULD NOT TALK, WIFE CHARGES

Conversations with her husband were relayed through their daughter, it was asserted yesterday by Mrs. Elizabeth Medine in obtaining a divorce from Frank J. Medine. The wife testified her husband refused to speak to her for sixteen months. Superior Judge Bishop granted her a divorce on grounds of mental cruelty. The Medines married December 26, 1907, and separated last July, the wife said.

BABY GOLF FINANCIAL DATA AIRED

Judge Gates Dismisses Action for Injunction on Seventh-street Course

The rise and decline of miniature golf course profits is graphically illustrated in the injunction and accounting suit of Frank Kerwin against Pierce Van Doren and Gladys Bradley, dismissed by Superior Judge Gates yesterday.

Kerwin claimed a partnership in the Mayfair golf course, 1132 West Seventh street. He asserted that when the course was opened last July, its takings were $140 a day for two weeks, then $100 a day for three weeks, and after that $40 to $50 a day until about August 25, when receipts fell off to $25 a day. Just prior to September 24, on which date the course was closed, it was being operated at a loss of $10 a day, according to a deposition.

The quarrel between the plaintiff and defendant in the case resulted in violence, it was asserted, on August 25, when defendants ejected plaintiff from the course and attempted to get a warrant for his arrest.

Millionaire's Spouse Sues for Divorce

Lew Brown, whose fortune is estimated at $1,000,000, yesterday was sued for divorce by his wife, Sylvia, who asks $5000 a month alimony, and custody of two children, 9 and 4 years of age.

Besides staying away from home, Brown "consorted with other women," according to the complaint. The couple were married December 3, 1919, and separated August 16, last.

CHILDREN WILL DANCE AT LEGION BENEFIT

Dancers of the L. Fitzmaurice Kelley Academy in Highland Park will stage a revue at Franklin High School tonight for the benefit of American Legion Post No. 206. More than 100 children will take part. Two features will be the Golden State Kiddies, who are professionals, and a baby class of twenty 4-year-old boys and girls who do acrobatic, tap, buck-and-wing and ballet steps. The fund is to be used toward building a memorial hall for the ex-soldiers.

POLITICAL ADVERTISEMENT

WHY THE POWER BONDS SHOULD BE DEFEATED

BECAUSE the $13,300,000.00 power bond issue to be voted on November 4th has absolutely NOTHING to do with the bringing of water from the Boulder Dam. The ordinance passed by the City Council does not provide anything for power transmission purposes from Boulder Dam. Engineers estimate that it will be TEN YEARS OR MORE before the Boulder Dam is completed.

BECAUSE the official report for the year ending June 30, 1930, shows that the Bureau of Power and Light has on hand $3,000,000.00 of unsold bonds, and in addition $4,238,027.11 in cash. This $7,238,027.11 should be used before the taxpayers are asked to vote more bonds.

BECAUSE the same report shows that the Bureau of Power and Light has received $3,720,050.61 from taxes paid by the people—THEREFORE POWER BONDS DO INCREASE TAXES.

BECAUSE taxes and assessments in Los Angeles are high enough and we must conserve our bonding capacity for the development of water, for schools, police and fire department requirements, sewers and other things that are real necessities.

BECAUSE THE CITY OF LOS ANGELES HAS PLENTY OF POWER TO TAKE CARE OF ITS GROWTH FOR MANY YEARS TO COME.

BECAUSE next year you will be asked to vote from $200,000,000.00 to $250,000,000.00 in bonds for the Boulder Dam aqueduct. *THIS IS THE BOND ISSUE THAT IS BEING WATCHED BY CONGRESS AND OTHER AUTHORITIES AT WASHINGTON AND HAS NOTHING TO DO WITH THE PRESENT PROPOSED BOND ISSUE.*

MUST SELL $30,000 1st Trust Deed on a leasehold. Income $750 per month. Property located 60 feet south of Hollywood Boulevard on west side of Cahuenga. 125-ft. frontage by 110 ft. 50-year lease, dated March 17, 1917. Rental on lease $75 per month for 25 years and $80 per month for 25 years. Legal description: Lots 16 and 17, block 14 of Hollywood. This lease was sold in 1924 to Bernard Rosenthal, downtown Realtor. A 1st Trust Deed against the leasehold was taken back as part payment in this deal. Payments on this Trust Deed are $7500 per year and interest at 5%, interest payable semi-annually. In 1925 Mr. Rosenthal sold his lease to Mr. P. E. Keeler for $112,000, for which there was an owner's beneficiary policy written by the Title Insurance Trust Co. There is now a balance of $30,000 on which $7500 is due with interest January 2nd, 1931, reducing Trust Deed to $22,500. Trust Deed has 3 years and 2 months to run. Willing to discount at 3% and pay cash difference to 8% interest. This note has never been offered for sale.

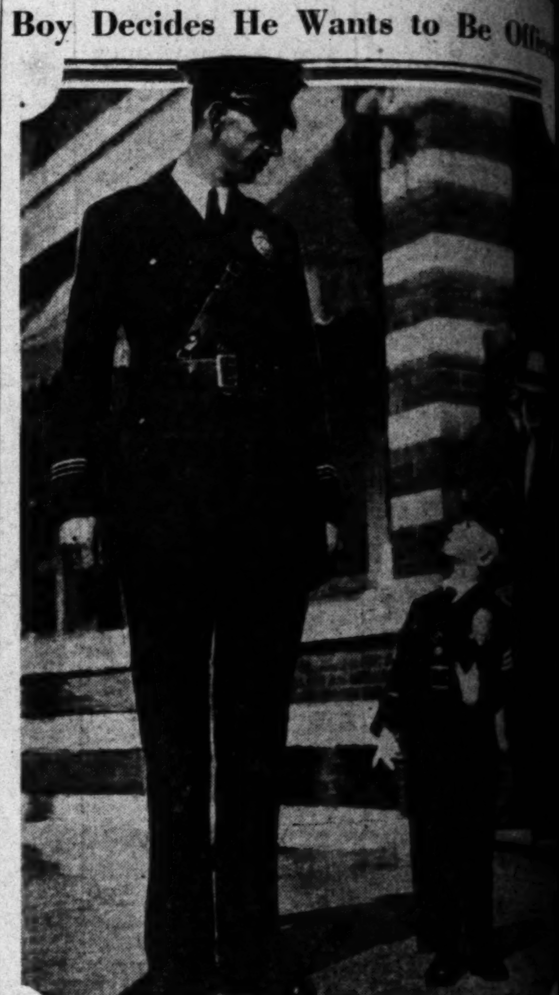
POLICE MASCOT HAS HIGH AI

Boy Decides He Wants to Be Offi



Jack Wonders How Long It'll Take to Grow Up
Frank S. Jaynes, tallest officer on police force, 81 inches high, and Horrall, mascot of University Division, 4 years of age and 36 high.

A "CHIP off the old block," Jack Horrall, 4-year-old son of Police Sergeant Horrall, helped the Police Commission and Chief Steckel inspect the rank and file of University Police Division yesterday.

Jack, mascot at University station, was togged out in a real sergeant's uniform just like his dad's, even to a cap pistol hanging in a from his miniature Sam belt. When the going got fast for his small legs Chief picked him up and from the arms Jack went the rounds. now Jack is sure he wants to be policeman when he grows up.

The semiannual inspection of police department ended

MARQUIS TALKS ABOUT DIVORCE

(Continued from First Page)

of Richard Bennett, the actor. He was asked about this, too.

"I am not divorced," he laughed. "You must remember Miss Swanson is still my wife and I am her husband."

"In event of a divorce?" he was asked.

MIGHT WED AGAIN

"Wouldn't it be splendid if we did know the future," he responded. "How can I tell? Miss Bennett and I are very good friends, but such a question, one of marriage to her, is most too ridiculous to answer.

"Perhaps I may be married again if there is a divorce. I am told one must wait a year. Who can tell about what is going to happen? At the present time I am too busy with my new production plans to think of anything else."

And thus closed the interview as the Marquis left his offices at the R.-K.-O. studio to keep an important appointment.

Miss Swanson has left her divorce in the hands of Attorney Milton Cohen. Cohen declared yesterday he and Miss Swanson had discussed the filing of a complaint, but that no decision had been reached between them when it shall be filed or on what grounds.

"There is no question Miss Swanson will eventually institute proceedings," he said.

"But it is not for me to say when or what charges she will lodge to ask for marital freedom."

Persons intimately acquainted with Miss Swanson believe the complaint will be filed some time next week. It was learned on good authority no community property will be involved in event she institutes proceedings. Cohen asserted reports of the immediate filing of the divorce were entirely premature and he seemed disturbed that such reports had gotten out.

Miss Swanson, too, was perturbed yesterday about the reports of filing of a divorce.

NOTHING TO SAY

"I have nothing whatever she declared. "I have statement—that we have You must see my attorney."

Miss Swanson added and the Marquis have good friends since their Her announcement of a came several months after his return from Swanson and the Marquis married in Paris in January, and they have spent much of time apart, because of the quis' business in because immigration caused him to return at riods.

On his return this time quis went to a Beverly Hills to reside instead of to Miss son's home. A short time their separation was nounced. Since his return he Miss Bennett have been gether frequently and Saturday night they attended cial function together at which Swanson was also present er table with a group of
